MEZETHES:

(meze, mezze, maza, tapas)

The Mediterranean region is rich in history, diversity and influential in its culture and culinary traditions. This region begins with Greece, Italy, France, Spain, Tunisia, Libya, Egypt, Palestine, Israel, Lebanon, Syria, Cyprus, Turkey and Greece. Greece is the epicenter of this region forming the nucleus of a magnificent mosaic of experiences.

By whatever name you call it, "mezethes" are a vibrant fact of everyday life, they are not appetizers. Mezethes are an excuse to come together, to socialize, to commune, to bond, to relate and to celebrate life. It is a lifestyle, a practice that dates back to the ancient Greek philosophers who thought it was unwise to drink on an empty stomach. Hence, they established the "symposia" – literally meaning "food together with drinking." This is why in Greece there are no places that you simply drink. We eat, drink and converse for long hours until we solve all the problems of the world – we take our time over food.
