Whether you are contemplating a complete interior refit, or simply need a few hours of accessorizing to update your interior, you can expect innovative ideas, first-class products, and excellent service.

Like no other, we pair our concept of 'Stop, Dock & Shop' with the full range of marine services essential to creating elegantly functional yacht interiors.

Creating fabulous interiors on time, and on budget as promised is our specialty. Our dockside showroom and manufacturing facility are conveniently located under 'one roof' making the IK experience the most convenient and cost effective solution for your project.

We invite you to browse the latest products and designs in our 10,000 square foot showroom. You will discover an extensive collection of the finest artists and manufacturers of furniture, lighting, fabric and accessories. We hope you enjoy.

Zak Kadosh,  
*President*

IK Yacht Design has partnered with Cantalupi USA. Cantalupi USA remains the benchmark for lighting control systems in the marine industry for over 10 years. We wanted to add another level to our showroom, offering our clients innovative ideas to take them into the 21st century.

Cantalupi USA has been supplying elite American Yacht Builders with superior lighting products. Cantalupi USA understands the client's needs and have developed a whole new approach to lighting design including the new LED technology.

The main advantages of using LED lighting are: longer lifetime up to 50,000 hours, high brightening efficiency, low power consumption, color source availability and increased reliability, since products based on LED technology do not suffer vibration.

This showcase features the entire LED, RGB, Halogen, Underwater lights, and Sconces. IK Yacht Design will engineer, layout and spec the lighting for boat owners free of charge. We will be able to bring a display to you and demonstrate how the lights will brighten your yacht.

## SMART SPACE SAVING SOLUTIONS

ROUND TABLE WITH 3 FOLDING LEAVES STORE IN BASE  
SM32K#121 W 47-57" H 29"

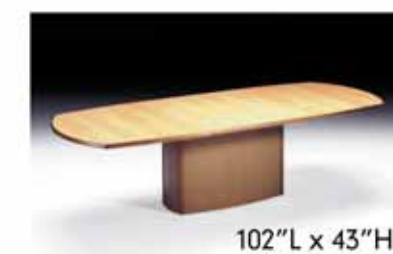

Just by turning the tabletop, the expansion leaves split into three folding up providing room to store in center of table. When light pressure is applied, they unfold from the base and create additional seating.

# Chris Barela

Aspiration for nature is the driving force behind Barela's art. Innovative designs of magical, life-like bronze sea life and game fish makes Chris truly one of the world's best patina artists. His vibrant use of color is mastered in the delicate art of patina.

# WYLAND

Marine life artist, Wyland, changed the way people think about the environment when he started painting life-size whales on the sides of buildings in the 1980s. Wyland always thought big and he never stopped. Through his unique marine life paintings, sculptures, and photography, Wyland has inspired a generation about the importance of marine life conservation. His life – like his art – can find him anywhere around the world, at any time, on a mission of conservation.

**DALE EVERS**

An artist's love of all things natural, pushing the envelope of creativity driven by inspiration. Spending much of his time with a camera, above water and below; he gathers data to trigger ideas that manifest themselves into Glass, Bronze and Steel objects de' arte. Dale's signature designs are authentic, fresh and bold.

## Guy Harvey

Passion for the beauty and wonder of the underwater world, Dr. Guy Harvey pioneered a technique of diving and photographing of free-swimming billfish. His personal observations made during these diving expeditions enabled him to capture the realistic detail in his paintings and contributes to the popularity of his work. Guy dedicates much of his time, talent and resources to programs that protect our oceans, fish population and reef system environments.

## Tripp Harrison

Reflecting a quality of peacefulness, Tripp developed a style that conveyed a kind of serenity that would become his signature in artwork. His extraordinary observation of lush tropical foliage and the brightly colored houses dotting the landscapes of the Bahamas demonstrates his creative ability to capture the beauty and the romance of nature with an analytical eye and sensitive imagination.

# Kent Ullberg

World renowned sculptor, completed hundreds of works on a small scale, Kent is perhaps best known for the monumental works executed for museums and municipalities from Stockholm, Sweden, to Cape Town, S. Africa. Ullberg's

installations are the largest wildlife bronze compositions ever done. He received the Rungius Medal, for having made significant contributions to the interpretation and conservation of wildlife and it's habitat.
