FOREWORD

This order is issued to provide the policy and instructions governing the wearing of the Sea Cadet uniform.

When cadets are required to be in uniform, they shall wear the applicable dress described in this order. When authorized to wear the uniform, cadets are governed by these policies and instructions, and Commanding Officers (COs) shall ensure that cadets under their command are dressed accordingly.

This order is effective upon receipt and supersedes all dress policy and rules previously issued as a manual, supplement order, or instruction.

Changes to dress policy, dress instructions, uniform or designs of the cadet uniform, uniform accessories, accoutrements or insignia shall only be made with the approval of the Director Cadets and Junior Canadian Rangers (D Cdts & JCR).

Whenever a new or modified item of dress is authorized and introduced, an amendment to these instructions shall be issued by D Cdts & JCR.

COs are responsible for ensuring that their cadets adhere to the standards described in these instructions. COs do not have the authority to modify the dress standards nor to impose different local standards.

Suggestions for revision shall be forwarded through the chain of command to D Cdts & JCR, Attention: National Sea Cadet Coordinator (D Cdts & JCR 4-3).

Sea Cadets taking part, among others, in summer training, international exchanges and at-sea deployment may also be issued with temporary kit for the duration of the activity. Provision of this kit shall be recorded on the appropriate form. Standard and temporary kit shall be returned when it no longer fits, is no longer required, the training, exchange or deployment is completed, the cadet leaves the organization, or is requested to do so, whichever is applicable.
- b. **Maintenance**-Cadets are responsible for care, cleaning and custody of all standard or temporary kit.

Unless prior authorization is given by D Cds & JCR, these items will not be provided / issued at public expense. Cadets are not required to purchase a piece of optional kit. The intent of this provision is to allow Sea Cadets to wear such items as cadet corps, team or course t-shirts, sports dress, etc. that promote a sense of camaraderie and esprit de corps while still maintaining the spirit of uniformity. This would also apply to accoutrements such as name tags, corps badges, and corps cap tallies.
- b. **Replacement**-Replacement of optional kit shall not be at public expense.
- c. **Authorized items list**-Authorized items of clothing, accoutrements and accessories for Sea Cadets are described in Annex B.

EARING OF THE UNIFORM

Cadets shall, unless otherwise directed by the CO or the OIC, wear the uniform when:

- a. proceeding to and returning from cadet corps, CSTC and any other location used for cadet training;
- b. taking part in local and summer training, or regionally or nationally directed activity; and
- c. attending ceremonies or functions at which the wearing of uniform is appropriate.

UNIFORMITY IN DRESS

Civilian clothes may be worn by cadets during cadet training activities when there is no suitable and approved uniform available and if authorized by the CO or OIC. Cadets wearing civilian clothes, in public, at the cadet corps or any other training location, shall present a neat, clean and well-groomed appearance. Visible civilian items of apparel shall not be worn by cadets with any uniform, except where specifically authorized in these instructions.

Personal appearance policy contained within these instructions will apply to cadets wearing civilian clothes in regards to deportment, hair, jewelry, tattoos and piercing. It is recommended that the CO or OIC emphasize the importance for cadets to dress in a manner that brings credit and upholds the reputation of the cadet corps, Sea Cadets and the CCO.

PERSONAL APPEARANCE

Intent

The standard of personal dress, appearance and grooming shall be such as to reflect credit on the individual and on the CCO. Their intent is to ensure a high standard of grooming consistent with that expected of cadets while also recognizing the standards of Canadian society.

Appearance and cleanliness

Cadets in uniform shall be well groomed with footwear cleaned and shone. Their uniform shall be clean and properly pressed at all times. In particular, buttons, fasteners and zippers shall be kept closed. Pockets shall not be bulged; items such as eyeglasses, sunglasses, glasses cases, pens, pencils, key-rings or paper shall not be visibly extended nor protrude from pockets or be suspended from belts or pockets.

Deportment

Chewing gum, slouching, sauntering, placing hands in pockets, smoking or eating while walking, walking hand in hand, and similar deportment which detracts from a proud and orderly appearance in the eyes of the public is unacceptable for cadets in uniform / on duty. The object of this guideline is to project an image of a disciplined and self-controlled group. Thus, as one example, physical displays of affection between uniformed cadets shall be avoided.

Hair

Hair on the head shall be neatly groomed and conservatively styled. The length, bulk and style of hair shall not preclude the proper wearing of headdress (bulk is the distance that the mass of hair extends from the skin, when groomed, as opposed to the length of hair). Headdress shall be able to be removed and when removed the hair shall maintain a neat and styled appearance. In particular, style and colour shall not be bizarre, exaggerated or have an unusual appearance (such as: multi-coloured highlighting / stripes or cuts that vary dramatically in length). Unusual colours such as green, bright red, orange, purple, etc. are not permitted.

Hair must be secured or styled back to reveal the face and any accessories used to secure or control hairstyles shall be as unobtrusive as possible. Hair ornaments shall not be worn, except for female cadets who may wear conservative barrettes that blend with the hair colour.

Hair – Male Cadets

Hair-Shall be taper-trimmed at the back, sides, and above the ears to blend with the hair-style; be no more than 15 cm (6 in.) in length and sufficiently short that, when the hair is groomed and headdress is removed, no hair shall touch the ears or fall below the top of the eyebrows; be no more than 4 cm (1-1/2 in.) in bulk at the top of the head, gradually decreasing to blend with the taper-trimmed sides and back; and be kept free from the neck to a distance of 2.5 cm (1 in.) above the shirt collar. Taper-trimmed square back styles and shaving of all the hair on the head are permitted.

Sideburns-Sideburns shall not extend below a line horizontally bisecting the ear, and shall be squared off horizontally at the bottom edge and taper-trimmed to conform to the overall hair style.

Beard & Moustaches-CO may authorize wearing of a beard or moustache. If a request is granted, the cadet will be given four weeks to grow a beard and moustache or moustache only, after which, if it is not grown in, he will be required to shave it off.

- a. **Moustaches.** When moustaches are worn alone, the unshaven portion of the face shall not extend outwards beyond the corners of the mouth. Moustaches shall be kept neatly trimmed; not be greater than 2 cm (3/4 in.) in bulk; not extend below the corners of the mouth.
- b. **Beard.** Where beards are authorized, they shall be worn with a moustache; kept neatly trimmed, especially on the lower neck and cheekbones; and not exceed 2.5 cm (1 in.) in bulk

Hair – Female Cadets.

The following additional details apply to female cadets: hair shall not extend below the lower edge of the service jacket collar. Exaggerated styles, including those with excessive fullness or extreme height, are not authorized. Braids, if worn, shall be styled conservatively and tied tightly secured at the end by a knot or a small unadorned fastener. A second small unadorned fastener may be used to secure the top of the braid. A single braid shall be worn in the centre of the back. Double braids shall be worn behind the shoulders. Hair shall be a maximum length when gathered behind the head and braided which does not extend below the top of the armpit. Multiple braids (cornrows) shall be directed toward the back of the head, pulled tight to the head and secured at the end by a knot or a small-unadorned fastener. A second small unadorned fastener may be used to secure the top of the braid. Multiple braids extending below the lower edge of the collar are to be gathered in a bun. With the permission of a CO, a reasonable period may be authorized in order to transition from short to long hairstyles, during which time hair may extend below the lower edge of the service jacket collar all the while maintaining a positive appearance, and subject to the cadet's safety.

Make-up

Female cadets are authorized to wear a minimal amount of make-up. When in uniform, make-up may be applied but only in a conservative fashion. This precludes the use of false eyelashes, heavy eyeliner, brightly coloured eye shadow or lipstick, coloured nail polish, and excessive facial make-up.

Jewellery

The only jewellery that may be worn in uniform shall be a wristwatch, a medical alert bracelet and a maximum of two rings which are not of a costume jewellery nature. Safety regulations shall always prevail, especially during training.

Female cadets-In addition, female cadets in uniform may wear a single pair of plain gold, silver stud, diamond, or pearl earrings in pierced ears. Above earrings, if worn, shall be in the centre of each earlobe, shall be spherical in shape and shall not exceed 0.6 cm (1/4 in.) in diameter. No other type of earring shall be worn, except for a gold or silver stud healing device of similar shape and size, which may be worn while ears are healing after piercing. Only a single earring or healing device, worn in the centre of each earlobe, may be worn at a time. When wearing civilian clothes only one pair of unobtrusive earrings may be worn.

Male cadets-Male cadets shall not wear earrings or ear-sleepers on the ears while in uniform or on duty in civilian clothes. When wearing civilian clothes off duty, jewellery and accessories will preserve a conservative, disciplined, professional appearance.

Tattoo and Body Piercing

Cadets shall not acquire any tattoos that are visible on the head, neck, chest or ears when an open collared shirt is worn. Additionally, cadets shall not acquire tattoos that could be deemed to be offensive (e.g., pornographic, blasphemous, racist or containing vulgar language or design) or otherwise reflect discredit on the CCO. Visible and non-visible body piercing adornments, with the exception of female cadet's earrings and ear sleepers described in sub-paragraph 33. a., shall not be worn by cadets either in uniform or on duty in civilian clothing. Covering the unauthorized piercing with an adhesive bandage is not acceptable.

Undergarments

Undergarments, including brassiere for female cadets, if required, shall be worn under all orders of dress and shall be of an appropriate colour so as not to be visible through uniform items of clothing.

The wearing of the issued black t-shirt under the Training Dress (Sea) / Naval Combat Dress (NCD) shirt (C4, C5 and C5A orders of dress) and under the field shirt (C4C order of dress) is mandatory.

Eyeglasses and Sunglasses

Eyeglasses and sunglasses shall be conservative in design and colour. Cadets who normally wear eyeglasses, may wear either conventionally framed prescription sunglasses or conservatively styled clip-on sunglasses when conditions and circumstances dictate. Other cadets may wear conservatively styled sunglasses, do not detract from the overall appearance of the uniform when conditions and circumstances dictate. Sunglasses shall not be worn on parade unless authorized by the CO in special circumstances

WEARING OF HEADDRESS

The wearing of headdress reflects a combination of the cultural etiquette of Canadian society, military custom and religious practices. As a guideline, the norms of formal etiquette should be followed.

Consecrated Buildings-All cadets shall observe the custom of the religious denomination concerned in regard to the wearing of headdress in a consecrated building, except that headdress shall be worn when on duty as a member of the vigil during the lying in state of a deceased dignitary or when depositing or receiving Colours. For Christian churches, headdress is removed at the entrance (less female cadets if that is the custom of the denomination concerned), and replaced at the exit. The advice of the officiating clergy will be sought and followed in each case.

Messes and Canteens-Cadets shall remove headdress upon entering messes and canteens. The same custom shall be applied upon entering public restaurants.

Public Buildings-Headdress shall not normally be removed in any public place, including elevators. However, cadets may observe the custom practiced by civilians in regard to the wearing of headdress in public buildings such as theatres and civil courts.

Public Transportation-Cadets travelling aboard public transportation may remove their headdress while in transit; however, headdress shall be replaced prior to exiting the public transportation.

Military and Privately Owned Vehicles.

Cadets travelling in uniform shall wear headdress while operating or travelling as a passenger in a military or privately owned vehicle except:

- a. if the roof of the vehicle is too low to permit headdress to be worn with comfort and safety,
- b. on extended trips, or
- c. by order of the senior officer present,

When headdress has been removed in accordance with the instructions above, it shall be replaced:

- a. When approaching and leaving a military establishment or cadet corps, or
- b. Immediately upon exiting the vehicle.

Parades-All cadets on parade shall remove their headdress, when so ordered, except for musicians, colour / flag bearers and their escorts, members of a guard and also cadets who are adherents of the Sikh religion, Jewish or female muslim cadets.

Honors and Awards

General

The wearing medals, ribbons and awards is a uniform matter governed by these Dress Instructions and CATO 13-16 and CATO 13-19. Medals with ribbons and awards are supplied by the agency awarding the medal. The replacement medal and ribbon policy is also detailed in CATO 13-16 and CATO 13-19.

Medals and Ribbons

The rules governing the wearing of medals from the Canadian Honor System (CHS) are very specific. Cadets medals awarded in accordance with CATO 13-16 are not part of the CHS and therefore may not be worn side by side with CHS medals.

The order of precedence for Cadet Medals is found at CATO 13-16.

Wearing of Medals

Medals shall only be worn on the jacket with C2 order of dress

CHS medals shall be suspended immediately above and centred on the left breast pocket of the jacket, immediately above and centred. Cadet medals shall be suspended immediately above and centered on the right breast pocket of the jacket.

When two or more medals are awarded, they shall be worn in order of precedence, without interval, with the highest priority medal closest to the center of the chest. Medals shall hang in one row so that they are fully visible. Should this not be possible because of the number being worn, medals show be overlapped horizontally, the one with the highest priority showing in full. Normally, five or more medals will require overlapping. The maximum width of the mounting is governed by the physique of the individual. The bar shall not project beyond the arm seam of the jacket

once the mounting is centered with the jacket pocket. The illustrated reference for placement of medals can be found in Annex F.

Wearing Ribbons

Ribbons may be worn on the jacket only in C3 order of dress.

CHS medal ribbons shall be centered immediately above the left breast pocket of the jacket. Cadet medal ribbons shall be centered immediately above the right breast pocket of the jacket. The illustrated reference for placement of ribbons can be found at Annex F.

When two or more ribbons are worn, they shall be worn in rows, without interval between the ribbons and rows. Three ribbons shall be worn per row. If a fourth medal is awarded, a second row of ribbons is required. If a seventh medal is awarded a third row of ribbons is required. Each new row shall be centered on the lower row. Ribbons shall be worn in order of precedence, from right to left of the wearer for CHS medals and from left to right of the wearer for Cadet Medals, with the highest priority ribbon closest to the center of the chest on the top row if more than one row is required. Where a single ribbon constitutes a row it shall be centered above a lower row. Standard arrangements of ribbons by rows are illustrated in Annex F.

Court Mounting

Medals and ribbons may court mounted as desired by the cadet. When mounted, the ribbons and medals shall be mounted on a panel, its size determined by the number of medals worn. The lower edge of the panel shall be in line with the center of the medals. Commencing from the lower edge, each ribbon shall run up the front of the panel to the top and back down to the medal. The medals shall then be stitched to the panel to prevent them from swinging. This method prevents the medals from clinking against each other. Under no circumstances are Cadet Medals and CHS medals to be court mounted together. The court mounting is to be done at no cost to the public.

Awards (Pins)

The following awards are authorized and worn in the following order of precedence:

- a. Cadet Certificate of Commendation (CATO 13-16)
