DECICATION

TO ALL THOSE WHO WANT TO
IMPROVE THEIR LIFE

"How does one become a butterfly, "she asked pensively,
"You must want to fly,
so much that you are willing to give up being a caterpillar."

~Trina Paulus

“The Butterfly gathers strength as it leaves the known cocoon.
Spreading its wings flying into the unknown.
Allowing its beauty to shine as it spreads its wings in glory.”

~Lorin Rose

Introduction

This book came to be as I listened to my clients tell me all about their problems and what wasn't working in their life. It seemed to me, as if it was Divine inspiration, when an affirmation popped out of my mouth to assist my clients in turning their life around.

I love hearing my clients say, "Wow! That was great." "What was that again?" "Can you say it again?" What was hard for me was remembering what I said. Funny thing about Divine guidance. It really touches your heart, when you hear it.

These affirmations have been divinely channeled to me. As you read these affirmations allow the words to sink in and feel them.

There is no right way or wrong way to read this book. Start at the beginning and read the book from cover to cover or ask for guidance. What I do is close my eyes and while holding the book in my hands. I flip through the pages, back and forth a few times. I quietly ask Spirit the question, "What do I need to know today?" Then open the book. Whatever page you open is exactly what you need to know. It is the right message for you, today.

Enjoy

In love and light,

Jolen Philbrook
