JOHN COLTRANE  
PLAYS "COLTRANE  
CHANGES"

transcribed by

Masaya Yamaguchi

foreword by David Demsey

Artist Transcriptions

In the late 1950s, John Coltrane composed or arranged a series of tunes

that used chord progressions based upon a series of key center movements by thirds, rather than the usual fourths and fifths of standard progressions. Its sound is so aurally identifiable and has received so much attention from jazz musicians that it has become known as "Coltrane's Changes." This book presents an exploration of his changes by studying 13 of his arrangements. It includes complete solo transcriptions with performance notes for each. Titles include: Body and Soul • But Not for Me • Countdown • Fifth House • Giant Steps • and more.

**BILLY JOEL EASY CLASSICS**

*Easy Piano Solos*

arranged by  
*Phillip Keveren*

preface by *Billy Joel*

This unique collection includes easy piano arrangements of 17 of Billy Joel's best songs: Allentown •

Don't Ask Me Why • Honesty • It's Still Rock and Roll to Me • Leave a Tender Moment Alone • The Longest Time • Movin' Out (Anthony's Song) • My Life • Piano Man • Roberta • She's Got a Way • Uptown Girl • and more. "Many of my compositions actually started out as small piano pieces without words, quite obviously influenced by the classical music I heard growing up. Although I have long since reinvented the original arrangements into popular songs, I always hoped that someone would arrange a few of these pieces in a way that would reveal their pianistic essence. That person turned out to be Phillip Keveren." – *Billy Joel*

**BILLY JOEL – FANTASIES & DELUSIONS**

MUSIC FOR SOLO PIANO, OP. 1-10

*Fantasies & Delusions* is the next chapter in Billy Joel's life-long love affair with the piano. Before the world-renowned "Piano Man" ever

discovered rock 'n' roll, he grew up studying classical piano, already feeling the influences of Beethoven, Bach, Chopin, Schubert, Schumann and many others. Although he ran away with the seductress named Rock'n'Roll as a teenager, 30 years later he returns to where he began to pay tribute to the music that made him fall in love with music in the first place. This matching folio features all 12 pieces from the album.
