Ranked among the country's top hospitals for cancer care.

ASCO QOPI[®] Certification Program

Houston Methodist Oncology Partners is a QOPI[®] Certified Practice. The QOPI[®] Certification serves as a designation from the QOPI[®] Certification Program, LLC, a wholly owned subsidiary of the Association for Clinical Oncology, and an affiliate of the American Society of Clinical Oncology, for hematology-oncology practices that meet defined quality and safety standards. The QOPI Certification Program provides a three-year certification to high performing practices and requires ongoing participation in data abstraction, as defined by the Program throughout the 3-year term. To learn how an oncology practice achieves QOPI[®] Certification, visit qopi.asco.org/certification.
