THE HERITAGE PLUS 53" TRIPLE BANK

More Rugged Features

Serious storage, solid value. That's the Snap-on® Heritage Series. And what better place to start than the big 53" wide Heritage Plus Triple Bank – over 19,000 total cubic inches. Every inch extra-tough – from the rugged double-wall construction to the smooth, ball-bearing slides, to the heavy-duty monoprene casters.

For an economical alternative, Snap-on offers the Heritage Standard series with straight blade locks, polymer trim, alternate ball bearing drawer slides and polypropylene casters. Authentic Snap-on quality designed to match your needs.

MADE THE ONLY WAY WE KNOW HOW. WITH A TOTAL COMMITMENT TO QUALITY.

Any Size, Any Configuration – The Measure of Quality.

Quality has a name – Snap-on®. It's your assurance that every drawer, every part, every weld, every design and manufacturing process is pure quality.

Heritage Cases feature double wall construction with full-height welded inner wall and "z" stiffeners to keep the box square and true over a lifetime of use and abuse. Rolled edges for strength and safety. Weld nuts used for caster and handle attachment.

Heritage Drawers feature ball-bearing drawer slides for smooth, sure movement, under the heaviest loads. Patented Lock 'n Roll retainers keep drawers from drifting open. Load rated to 120 lbs. on Heritage Plus and 100 lbs. on Heritage Standard. Drawer pulls are 50% deeper than other brands for better leverage. Rolled edges for strength and safety. Tear drop shaped drawer hems provide safe edges and keep drawers from sagging inward when bearing weight. Slides can be added to increase load capacity. Drawers can be rearranged to match your needs.

The Incredible Snap-on Paint Platform featuring nine-step pre-paint process finished with electronically applied powder-coat paint job, applied both inside the box and out. Lasting protection against chemicals, corrosion and scratches.

High-Security Tubular Interchangeable Locks on Heritage Plus keep your tools and your investment safe and sound. Easy to change, difficult to pick. Straight blade locks on Heritage Standard.

Heavy-Duty Casters on Heritage Plus – with shock-absorbing monprene wheels – for superior load-bearing capacity and smooth transport over bumpy shop floors. Polypropylene casters on Heritage Standard.

Lifetime Warranty – because we make these boxes better, we back them better – with lifetime warranty on both materials and workmanship.

All Heritage Plus Series Units are available in 4 standard Colors.

PLATFORM FOR GROWTH

Our idea of making a box last is much more than quality components and workmanship.

It's planning for change, growth and expansion and really listening to what your needs are. That's where total value comes in, real lasting protection for your investment. And no one does it like Snap-on®.

Want to add more load capacity to your box? There's a system for that. Drawers feature easy-to-remove slides. You can double up the ball bearings and increase your capacity to 200 to 250 pounds per drawer. Added weight, added value, so you can keep growing your tool inventory.

And, of course, there's a whole range of modules and accessories that can be added. See accessory page for details.

ADD ACCESSORIES. ADD CAPACITY. ADD VALUE.

The Totally Flexible Tool Storage System.

Your needs change. Your Heritage box changes, too. Top performance today and well down the road. That's lasting value.

Add drawer capacity – up to 250 pounds in the Heritage Plus, quickly and easily.

Add modules – an entire system of productive, fully integrated components including top chests, risers, overhead cabinets, end cabs and drawer sections. Everything you need to get more productive and stay more productive.

Add work surfaces – both hardwood and tough 16-gauge stainless steel.

Add accessories – a whole system of dividers, mats, trays, liners, clips and rails to make your job easier and more productive.

Standard answers – the Snap-on® Heritage Standard Series is a fully-featured, highly flexible alternative for a range of applications and needs.

More than a tool box. An entire system, based on maximum productivity and flexibility. And lasting value.

Personalize With Accessories

Accessories help you get organized and work more efficiently. Keep your tools within easy reach and make everything easy to find when you need it. Ask your Snap-on dealer for more information.

Hardwood Work Surfaces

Strong, durable non-marring Northern hard maple butcher-block top allows roll cab to double as full length workbench.

Stainless Steel Work Surfaces

High grade 16 gauge 304 stainless steel with raised front lip to keep parts from rolling off workbench. Top is 17/8" thick.

Snap-on Credit

Financing That Fits Your Needs Today. And Tomorrow.

Your Snap-on representative will work with you to fit the right payment to your situation – with refinancing, trade-ins and upgrades based on your requirements. And as your requirements grow, consider the long term benefit of resale value.
