## Location:

Once you come into the small community of Hagansport, there will be the intersection of FM 71 & Hwy 37. You may start parking at any location (Community Center, County Barn, houses: if it doesn't block anyone in)...

If pasture gates are open, you may park in there. The horse sale is one block east of Hwy 37 on left. There is a pasture to the right in which trucks and trailers may park. Please do not block the gas pumps. This may sound a little country, but it's not that bad.

Just make yourself at home. This is just a down home and family atmosphere. If you need anything or have any questions, we will be glad to help you.

## **About Our Catalog & Sales**

*We would like to thank everyone who has helped and encouraged us to put this catalog and sale together. Over the years of our consignment sales, we have had consignors that return and understand our rules and deadlines. We would like to inform the new buyers and sellers of those rules and deadlines for future reference.*

*First and foremost, our sale dates are ALWAYS the first full weekend in MAY & OCTOBER.*

*Second, our horse consignment deadline for the catalog is a month prior to the sale date or until we reach the limit on the number of head.*

*Thirdly, we have a consignment limit of 100 head in our fall and 125 head in our spring sale.*

*Please remember that if these spaces are filled before the deadline, then no more consignments will be accepted. We start taking new consignments following each sale. Consignment fees are \$100 per horse for the regular session OR \$150 for the special session and due when consigned. There is no pass out fee and an 8% commission fee will be deducted if the horse is sold.*

*For those who choose to be after the catalog, their horses will be sold on a first come, first served basis. We start giving numbers at 7a.m. Sunday morning. You may bring your paperwork (coggins and/or registration) and reserve early numbers and bring your horse(s) later in the day. No pens will be guaranteed for non-cataloged horses until later on in the sale. There is a \$15 pass out fee and an 8% commission fee deducted if sold, but no consignment fee.*

*Please, no uncontrollable stallions.*

*Our next Annual Spring Horse Sale is scheduled for May 7th. Therefore, our catalog deadline is April 7th with a limit of 125 head.*

*Spots will fill fast, so be sure to mail, email (srsaddlery@yahoo.com), fax (903) 632-5458, text (903) 439-9013 or bring a copy of registration papers, footnotes, along with the consignor's name, address, and phone numbers to our office as soon as possible.*

*ALL Cataloged horses MUST be brought through the ring at their appropriate time to be auctioned. We have advertised this horse to be offered for auction in this catalog which is mailed out to prospective buyers who have traveled and are waiting for this horse to sell.*

*NON-cataloged horses may be bought and sold without going through the ring as long as the transaction is made through our office.*

## **Attention Sellers:**

*Thank you for coming and participating in the sale this year. Without you it would not be possible. We are looking for ways to improve our sale and have included a few helpful guidelines that we have learned from past sales that should help things run smoothly this year.*

*Please make note of the following:*

*\*\*\*\*Stanley's Horse Sale is licensed and bonded by Packers and Stockyards, completely functioning under Packers and Stockyard's rules and regulations.*

*\*\*\*\*All sellers attend the sale at their own risk. SRS Auction Services, Stanley's Equipment and Horse Sales, Sulphur River Saddlery, Inc., or Hagansport General shall not be liable for accidents to people, property or horses.*

*\*\*\*\*You are responsible for your horse, its safety and getting it in the correct number order. We will help as much as we can, but we do need some cooperation on your part. If you, the seller, want to leave and go home, be sure and tell someone in the office of your intentions and your reserve so that we can make arrangements to have your horse brought through the ring and sold for you in your absence. If arrangements are not made, your horse could be sold at the end of the sale, once located, and for any amount.*

*\*\*\*\*If you decide to pull your horse early for what ever reason before or the day of the sale, then you are required to pay the catalog fee or pass out fee, your papers will be held for one week and then mailed to you. This applies only if you pull your horse early.*

*\*\*\*\*If you can't lead or ride your horse in the ring, we have people that will for a fee. You must make arrangements, if needed, before sale time!*

*\*\*\*\*Checks WILL NOT be given or mailed until at least Wednesday following the sale. We have been staying up late every night getting things ready. Our books will not close until late Sunday night, and we would like to have an opportunity to look over everything sold and write checks without any errors. Please, please, give us these few days so that my wife & help don't leave for over working them!!*

*\*\*\*\*We will help you in every way possible. If you need anything or don't understand something, please ask and we will be happy to accommodate you. We want to sell your horse in an orderly fashion. Your help and understanding would be greatly appreciated!*

We got this mare out of Kansas 5 yrs ago to raise colts. We've gotten 4 really nice fillies out of her, two by our stud that goes back to Ace High Cowboy (Don Anderson stud) and two by Joe Jack Prince (Wesley Mahon /Jason Hostetler stud). We laid her off this year so she is open. Her 4yo is being hauled all over the country to trail rides, ropings, and working cattle. Her 2yo just sold to Puerto Rico. Both other colts are coming along nice. She's a great mother. Just in the sale because we are horse poor.

This is one of the best mares we have ever raised. She is the first foal out of our mare Quejanaisadoll, that we also bred and raised. We've never had a horse that comes when called out of the pasture, loves to be rode from day one, wants to stop naturally, collected naturally, light, responsive and will ride out down the road on her 10th ride. She would watch the flag in the arena and did not jump when we moved it the first time just curious. This will be an exceptional mare for someone. Her full brother sells next.

# **HORSES OF COLOR HIP #70–#86**

We are proud to announce our annual  
Fall Horses of Color session.

Every spring we have a session limited to geldings only, so in the fall we have a Horses of Color session open to anything that has color.

Everyone loves color and this session showcases these particular horses.

Consignors pay extra and request to be in this session. The Horses of Color are grouped in their own special stalling area with video capabilities.

They are sold in succession and highlighted here.

The high seller in this session today will receive a custom made saddle from Sulphur River Saddlery as a token of appreciation for bringing a great horse with color to the sale.

We hope buyers appreciate this good group of horses brought to you and take advantage of the opportunity to purchase what can be hard to find.

## ***Guidelines***

---

*Over the years, we've discovered the need to set a few guidelines to help clarify who receives the custom made saddle from Sulphur River Saddlery.*

### **TIE**

If the highest horses sell for the same amount, then each consignor will split \$1,000 cash with an option of buying the trophy saddle for \$1,000.

If all top selling consignors wish to buy the saddle, additional trophy saddles will be made for \$1,000.

### **ANNOUNCEMENT**

The highest selling horse and winner will be announced **15 minutes** after the last horse in the session is sold.

### **BOUGHT AFTER SESSION**

If a buyer decides to buy (or a seller decides to sell) a horse that was a PO during the session and if this amount becomes the highest, then it will be considered the high seller as long as it is bought or decided

**BEFORE** the announcement has been made.

### **DISCLAIMER**

The saddle will not be given to the winner until checks are given. If we feel or discover the saddle was won in a dishonest manner, then the saddle will be given to the second highest seller.

**#70 SHINE**

### ***NON-CATALOG HORSES***

Now we begin the non-catalog horse sale.

There are still many good horses in this group. Many sellers have missed the catalog deadline and will sell next. We know these sellers have some quality horses.

At the end of the sale we will run a large group of loose horses of all shapes and sizes.

There will be some horses and sellers that we (Stanley's Horse Sales) do not know anything about, unlike the ones in the catalog.

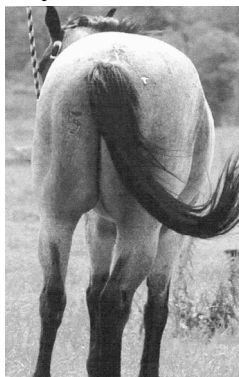

Therefore, there are no guarantees on these horses or their papers/paperwork, etc.

We will call to your attention anything we might see inside the ring. This is the first time we (Stanley's Horse Sales) have seen these horses and their papers. Unfortunately, we are unable to view the horses and their papers prior to the sale ring, so be sure to examine all horses before purchasing them.

Stick around.....for there is still a large assortment of horses.

Sometimes, the best is yet to come!
