

# 02 TACOMA

PreRunner Xtracab V6 shown in Impulse Red Pearl with available Color-Keyed SR5 Package and TRD Off-Road Package

DON'T THINK TACOMA'S TOUGH? WE'LL SETTLE THIS OUTDOORS.

You better know what you're getting into. The 202 Tacoma is one of the most unbreakable compact trucks this side of the Rockies. Other side, too. Built on a strapping ladder-frame chassis with one-piece frame rails, Tacoma's punch is delivered courtesy of a formidable lineup of engines, including a 2.7-liter double overhead cam 4-cylinder engine (the strongest in its class) and a powerful double overhead cam sequential multi-port fuel-injected V6. Tacoma's got plenty of moves too: Regular Cab, Xtracab, Double Cab, 4x2, 4x4, S-Runner—anytime anywhere. Think you've got what it takes? Tacoma's ready when you are. Count on it.
