

DMC 2006

AD JOURNAL

DAUGHTERS OF MIRIAM CENTER / THE GALLEN INSTITUTE

Dear Friends,

We are happy to present the 2006 Ad Journal. In your hands is proof that we are a community that understands, values and supports this 85 year-young continuum of care senior facility.

The 2006 Ad Journal has raised \$327,500, which represents a 150% increase since 2001, the year we embarked on our restructuring.

Daughters of Miriam Center/The Gallen Institute distinguishes itself by seeking and achieving accreditation from the Joint Commission on Accreditation of Healthcare Organizations. We proudly note that we are the only Jewish long-term care facility in the entire State of New Jersey to meet the Commission's high standards of care, far exceeding government guidelines. DMC achieves such excellence because of its people. From the nurses, staff and administration, to the Board of Trustees and volunteers, the Center is filled with people who create a community of caring, dignity and respect, following Jewish traditions and values. Our parents and grandparents who live here depend on us, and we, the donors, have every reason to be proud of our support.

In 2006, we began renovation work on the west wing of the second floor. We are now nearing completion, with an anticipated opening in July. Naming opportunities still exist for this new wing as well as the third and fourth floors which offer very meaningful opportunities for special donors or families. We are available to discuss these and other possibilities with you at any time, and invite you to come to visit and see the changes taking place at the Center.

We, the Board of Trustees, will continue to work hard to ensure that this facility will always be here to serve our Jewish community, providing these very necessary services for our seniors and fulfilling our responsibility and obligation to future generations.

Let us all be proud that our gifts are making a difference.
Thank you.

Avi Safer
Ad Journal Chairman
