THE **BEST** WAY TO PRACTICE:
GUITARVIEW
VIRTUAL SONG PLAYER

The revolutionary GuitarView "virtual" guitar system makes learning and practicing songs quick, easy and fun. Featuring high-quality, digital audio playback, GuitarView is fully customizable for a truly interactive learning experience!

GUITARVIEW lets you:

slow down/speed up the audio playback without changing the pitch!

display note names, finger numbers, or scale degrees

set the start and stop point for any section of the song

loop any part of the song— great for practicing!
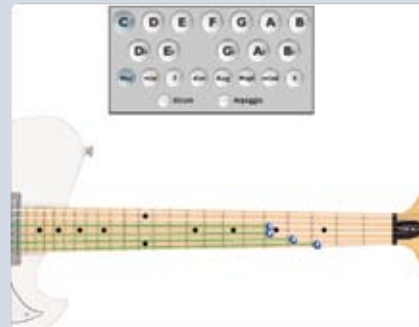

view the fretboard in normal or Mirror Mode

THE **BEST** TOOLS:
CHORDXPRESS LE ~PLUS~
FULLY INTERACTIVE TUNER

SongXpress® features two invaluable tools to take your playing to the next level:

ChordXpress LE includes 96 of the most common and useful chords. Presented in the GuitarView "virtual" fretboard format, ChordXpress LE displays note names, finger numbers, or scale degrees. Listen to each chord strummed or as a note-by-note arpeggio!

SongXpress® also includes a fully interactive guitar tuner. Simply plug a microphone (not included) into your computer, play your guitar, and the SongXpress® guitar tuner will indicate whether your guitar is in tune. Normally a feature found in expensive stand-alone guitar tuners, this is a great bonus to an already packed program!
