<b>Mileage:</b>	59,010
<b>Drivetrain:</b>	Front Wheel Drive
<b>Economy:</b>	City 17 / Highway 27

2011 Saab 9-5 Turbo4 in beautiful condition and only 59,000 miles. One owner and always serviced through the local Saab (GM) Dealership this 9-5 has been exceptionally well kept. Its very clean inside and still smells like new! For all you Saab enthusiast this is the one to own! 2011 is the last year and arguably the best. The basis of the 2011 9-5 is GM's Epsilon platform that also underpins the Buick

Lacrosse. Compared with the previous-generation car, now in its 13th year, the latest 9-5 is dimensionally bigger than the Audi A6, Volvo S80, and BMW 5-series. The 2011 9-5 is a very competent luxury sedan that looks great, drives beautifully, and offers a lot of room for its passengers. The clean interior design is certainly different from the class norm, and the car is priced below its German rivals which makes it an excellent value. New priced around \$50,000 and now your chance to own it at a fraction of that cost. Overall the photos show it well. It does have some dings and dents from being out in the real world for the past roughly 8 years and 59,000 miles but overall is still sure to impress.
