RIFLES AND PISTOLS

T15

The revolutionary T15 magazine fed paintball marker is the first of its kind offering a true .68 caliber 1 to 1 AR platform. The T15 features a rugged lightweight aluminum body that will withstand the harshest conditions while maintaining optimum durability.

FEATURES

- + 2 Piece Cast Aluminum Construction
- + Aluminum Quad Rail Handguard
- + 13ci Tank/Stock Combo
- + 2 Pin Quick Disassemble
- + Functional Charging Handle
- + 19/20 Continuous Fed First Strike Magazines
- + Magazine and Hopper Feed

T9.1

FSR SNIPER

The FSR Sniper utilizes the T9.1 modular rifle platform. With a 4x32 dual illumination scope with range estimator, multiple rail attachments and optional air and ammunition feed, the FSR sniper maximizes versatility in both form and function.

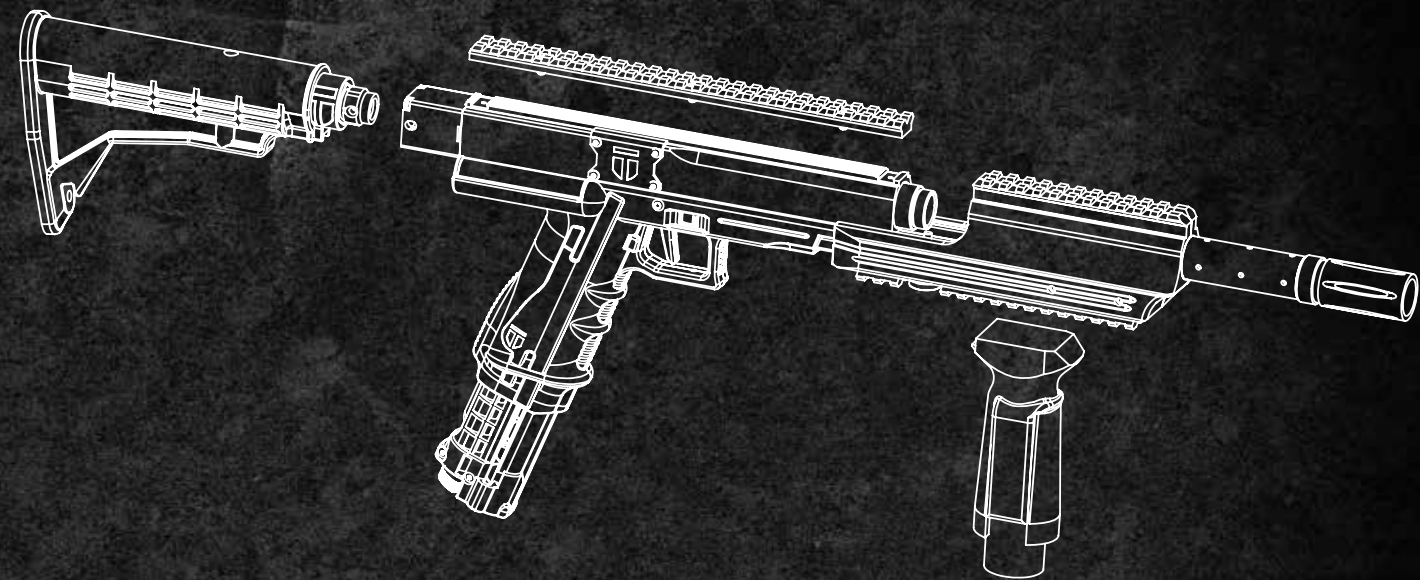

FEATURES

- + 4x32 Dual Illumination Scope With Range Estimator
- + 5-position Folding Foregrip
- + Low-profile Folding Bipod
- + FSR Adjustable Riser
- + FSR Rifled Barrel
- + 13 Cu. In./3000 PSI Air Stock
- + Mock Silencer
- + Tactical Flashlight Kit
- + Adjustable Laser Sight

FIRST STRIKE
— EQUIPPED —

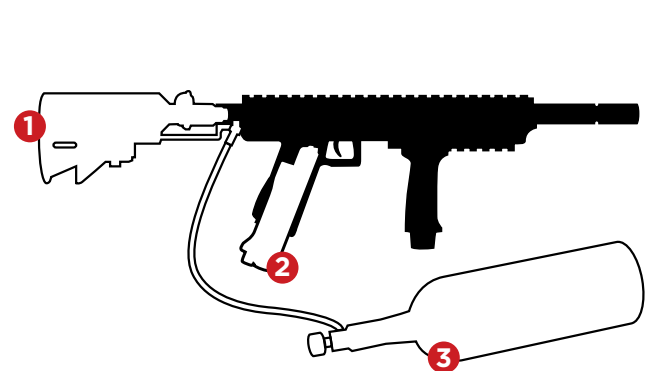

T9.1

MODULAR RIFLE SYSTEM

The T9.1 is the most modular and customizable paintball marker available. Designed for maximum compatibility, the body and shroud rail systems allow mounting of virtually any accessory. Out of the box, each of the T9.1 models can function as a full size rifle, compact rifle, or tactical pistol. With dual feed technology, the T9.1 series comes equipped to use First Strike® paintballs in the patented magazine, or standard paintballs through the magazine or traditional hopper.

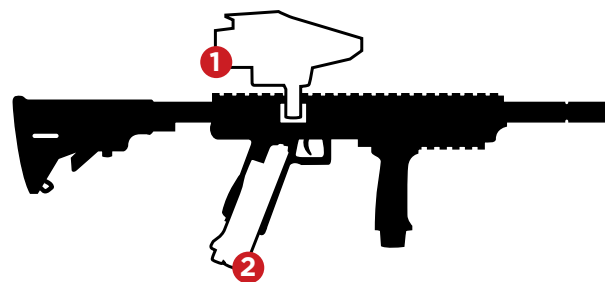

DESIGNED FOR MAXIMUM COMPATIBILITY

MULTIPLE AIR SOURCE

Each T9.1 can utilize 3 types of air sources, extending your game play, allowing for more modifications, and increasing functionality.

1. HPA Stock, Functions As a Stock With a Tank
2. Magazine Holds 12 Gram CO² Cartridge
3. Remote Air Line Connects To Any Tank

DUAL FEED SYSTEM

Players can choose to use our patented magazines or a standard hopper. The dual feed allows players to quickly switch between "hopper mode" and "magazine mode" during play for optimum versatility.

1. A Standard Hopper
2. Magazine And Standard Hopper

ELITE FS

- + First Strike Equipped
- + 4X32 Dual Illumination Scope With Range Estimator
- + 5-Position Folding Foregrip
- + Adjustable Laser Sight
- + Tactical Flashlight
- + Low-profile Folding Bipod
- + Tri-rail Riser With 4 Adjustable Side Rails
- + Collapsible Stock
- + Mock Silencer

FIRST STRIKE®

T4.1

The NEW T4.1 series paintball marker is a dedicated paintball rifle platform equipped to use our patented 10 or 14 round magazines or a standard hopper. The T4.1 features an integrated 13 Cu. In./3000 PSI tank/stock combo or you have the option of using 12 gram CO2 in the magazine to maintain the most compact profile available. Our integrated regulator and fixed air chamber provide low pressure operation and superior blow forward efficiency. The T4.1 paintball rifle features the LAPCO .683 FSR Rifled Barrel and is designed and Made in the USA!

FEATURES

- + First Strike Equipped
- + LAPCO .683 FSR Rifled Barrel
- + 13 Cu. In./3000 PSI Tank/Stock Combo
- + Dual Illuminated Open Dot Sight
- + Tri-rail Riser Mount With 4 Side Rails
- + Functional Charging Handle—Engages Dual Feed System
- + Billet Machined Upper and Lightweight Polymer Lower
- + Monolithic Rail Platform
- + Includes Two 10 or 14 Round Magazines
- + Packaged in Hard Side Rifle Case
- + Hopper Adapter

T8.1

The T8.1 offers the latest in technology. The patented magazine houses air and projectiles providing the fastest reloads possible. An internal regulator and fixed volume air chamber provide low operating pressure and superior accuracy.

FEATURES

- + 1-Piece Aluminum Upper Receiver
- + Dual Rubber Detents
- + Side Dovetailed Iron Sights
- + Optional Remote Air Adapter
- + Low-profile Tool-less CO₂ Quick Puncture

Black

Black & Silver

Optional Remote Air Adapter

FASTEST RELOADS, SUPERIOR ACCURACY

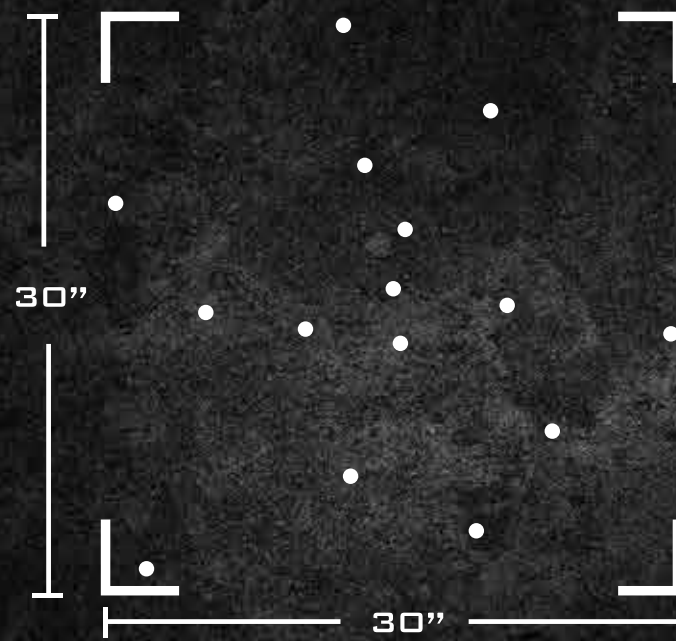

PLAYERS PACK

- + T8.1 Pistol
- + T8.1 Pistol Holster
- + 2 Magazines
- + 1 Magazine Pouch

FIRST STRIKE®

STANDARD PAINTBALL

25X MORE ACCURATE

FIRST STRIKE

Test conducted at an indoor range @ 100 ft.

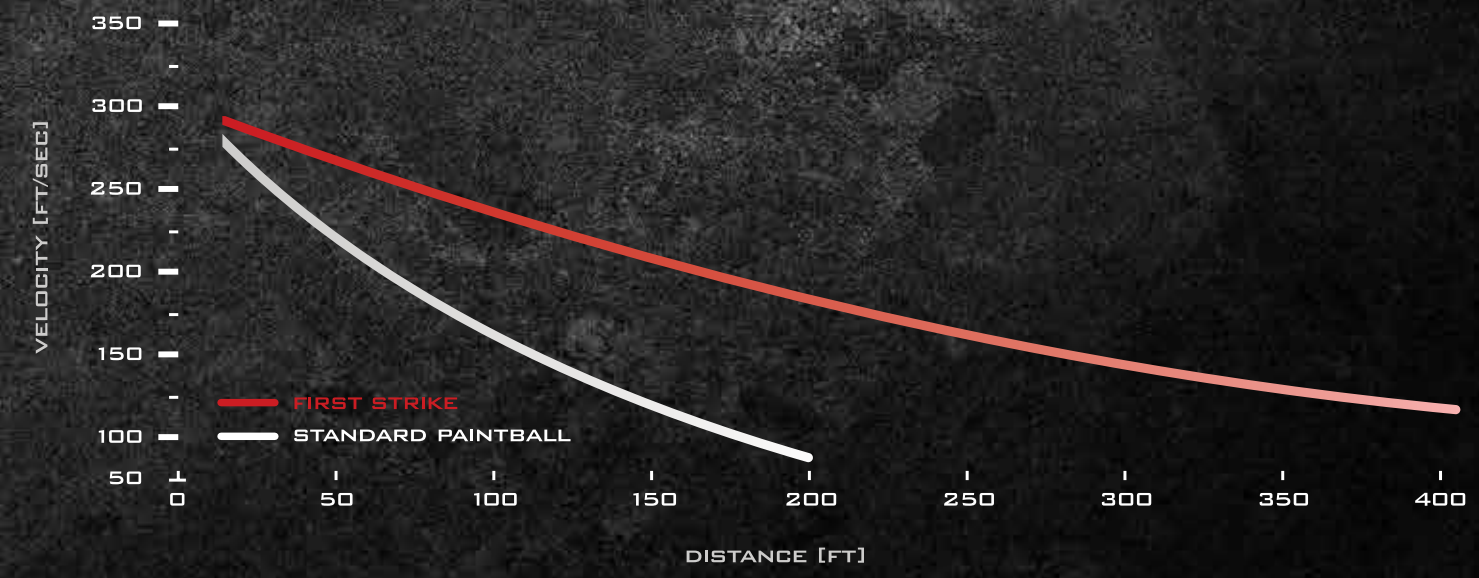

FIRST STRIKE® TECHNOLOGY

Utilizing a combination of aerodynamic shape and fin stabilization technology, First Strike projectiles maintain their velocity longer. The result is 50% greater range and unrivaled accuracy. Finally players have an alternative to accuracy by volume or backspin gimmicks that simply change trajectory. Become one of the first true paintball snipers with First Strike. First Strike conversion kits are available for all original T8 and T9 Tiberius Arms® markers. All current Tiberius Arms markers come equipped to fire First Strike and traditional paintballs.

- + Fin Stabilized
- + .68 Caliber
- + Brittle Polystyrene Shell
- + Ultra-thick Fill
- + Available In White Or Blue (*field only*) Fill

The Guerrilla Air P3 is the first 3000psi adjustable output regulator allowing the user to go from 275psi to 1100psi. Measuring just .75 inches from tank to ASA, the P3 regulator provides the most compact profile available. The P3 features a rotating brass thread collar that enables you to select the position of the gauge and fill nipple to customize your set up.

The Guerrilla Air G3 is the flagship 4500 psi regulator developed and designed by the engineering team at Tiberius Arms. Measuring just .75 inches from tank to ASA, the G3 regulator provides the most compact profile available. The G3 features a rotating brass thread collar that enables you to select the position of the gauge and fill nipple to customize your set up.

FEATURES

360 Rotation

Multi-position brass thread collar enables custom set-up without sacrificing reliability, convenience, or adding length.

Pro Fill Nipple

Hardened Pro Fill Nipple featuring an exclusive conical strut that increases life of the fill nipple oring and reduces maintenance.

Pro Burst Disks

Exclusive flush brass Pro Burst Disks with quad vent technology offer regulator safety without sacrificing low profile design.

Low Profile Design

Lowest profile regulator on the market measuring just .75 inches from tank to ASA.

Low Fade Technology (LFT)

Exclusive low Fade Technology (LFT) provides consistent output at any tank pressure.

Adjustable Output

Included shim kit, or optional pressure kits allow the G3 to meet the optimum pressure demands of any marker.

Rapid Recharge

Our re-designed piston provides maximum recharge to ensure consistent performance at even the highest rates of fire.

Brass Threads

In addition to rotating 360 the brass collar eliminates the excess wear and galling common with aluminum threads.

OPTICS

1. 4X32 DOT SCOPE

Built in range estimator with a duplex reticle that can be lighted red for day or green for night and black when turned off. It features a universal rail mount design.

2. 1X3 RED DOT SCOPE

Designed to provide red reference dot without magnification. It features a universal rail mount design.

3. DUAL ILLUMINATION OPEN DOT SIGHT

The open dot sight allows you to aim at your target while looking at the rest of the field. It features a universal rail mount design.

UPGRADES

1. FSR RIFLED BARREL

Specifically designed for use with First Strike rounds, the FSR Rifled Barrel will give you the ultimate sniper edge.

2. FSR ADJUSTABLE RISER

Adjusts a total of 9 degrees to compensate for ball drop. Allows for universal rail mount on top and both sides.

3. 13 CU. IN./3000 PSI TANK STOCK

Featuring a built in high pressure air tank, the tank stock is a must have for those looking to take their game to the next level.

RAIL MOUNT

1. EXO™ TACTICAL FLASHLIGHT

The NEW EXO Tactical Flashlight features a 290 lumen CREE LED bulb, rechargeable lithium ion battery, strobe and constant on function, breakaway wrist strap, and tactical rail mount.

2. TRI-RAIL RISER

The Tiberius Arms Tri-rail Riser is a unique scope mounting system that maximizes usable space.

3. LOWER RAIL MOUNT

Adds additional space for mounted accessories.

4. TACTICAL LASER

Ultra lightweight design and remote pressure switch.

5. UNIVERSAL BIPOD

The lightweight durable Tiberius Arms Universal Bipod mounts to any standard TAC rail and features quick adjust extensions for when you're in the field.

6. CARRY HANDLE

Top rail mounted durable carry handle.
