

2015 MASONITE STEEL & FIBERGLASS

exterior doors

Celebrating

NINETY YEARS OF INNOVATION

1 9 2 5 - 2 0 1 5

Since 1925, the Masonite name has been known worldwide for its commitment to product innovation, manufacturing excellence and customer service. These qualities and values are as true today as they were more than 90 years ago.

Masonite is constantly expanding its diverse line of interior and exterior doors to meet any design or budget. By combining the long-standing spirit of innovation with customer-focused product development, Masonite continues to be the brand that builders, remodelers and homeowners rely on in their quest to create homes of distinction.

Brands of Masonite's stature don't just happen. They come from years of dedication and a relentless commitment to improvement. That's why Masonite has one of the world's largest private research and development facilities in the door industry. Masonite owns hundreds of international patents, trademarks and applications.

Through a variety of strategic marketing initiatives, the Company is committed to growing the Masonite brand. Masonite believes that a strong brand will bring value to the products used in homes worldwide and increase the business of its customers. It is for these reasons that Masonite stands as one of the greatest brands within the building products industry.

Well known researcher and engineer, William H. Mason, changed the building materials industry forever by inventing the way wood is used to form more effective building materials.

Masonite goes public with common stock shares listed on the New York Stock Exchange.

Masonite enters the door business as a component supplier to the door industry.

April 6, 2005, Kohlberg Kravis Roberts & Co. acquires Masonite International Corporation.

1924

1925

1935

1960

1972

2001

2005

On September 1, 1925, the corporation was formed and named Mason Fibre Company.

The John M. Coates Technical Center was built in 1960 as the Company recognized the importance of separating Research & Development from mill operations to focus on new product and process innovation.

Masonite's largest customer and one of the world's leading door manufacturers, Premdor, Inc., acquires Masonite Corporation from International Paper Company.

Introducing a new & improved guide for

2015

We are continually at the forefront of **door design**, offering an unparalleled selection of entry doors, both **beautiful** and **durable**. Get inspired to build your perfect door with this new comprehensive product guide.

new design categories

Finding your perfect door is easy with these new distinct design categories.

new glass styles

Elevate the look of your entry door with these new glass options.

new flush-glazed doors

Change your viewpoint with VistaGrande™ —our new Flush-Glazed products.
