RIFFLE GRAPHITE BLANKS—KETTLE CREEK SERIES

1. QUALITY 2. QUALITY 3. QUALITY

KETTLE CREEK ROD™ GRAPHITE---FLY ROD BLANKS

NEW “BLENDED GRAPHITE BG33™”

25 YEAR LIMITED WARRANTY

My Kettle Creek™ blanks are made from the very latest “blended graphite technology” and high tech materials we actually use various grades of graphite incorporated in each blank to achieve the tapers to our exacting specifications—designed by fisherman and tested by fisherman.

I classify these new blanks “fast action tapers” but they are not so stiff that they will not bend, blanks flex to make a very quick action tip. These are a fly casters dream fast but with some tip action, that makes for superb fly presentation and ever so easy to lay out an excellent cast. These blanks are priced at a very affordable price.

FINE QUALITY SINCE—1972

NEW “LIGHT ACTION”---- LIGHT WEIGHT-----NEW COLORS

RIFFLE™ XXL-GLASS™ FIBERGLASS-- FLY ROD BLANKS

THE ---“VERY BEST TAPERS”--- YOU WILL FIND--NONE BETTER

100% E-GLASS FIBERGLASS

“NEW FOR 2016” -----“TRADITIONAL SOFT ACTION BLANKS”—MEDIUM OLIVE COLOR

Our new Riffle™ XXL-GLASS™ fly rod blanks possess that beautiful “bamboo action”, the ever forgiving action that lets you feel the rod flex to the butt section that can’t be duplicated by graphite—plus the light weight rods possess these special features: a lovely full action, responsiveness, balance, durability, beautifully finished, and lightness you can’t imagine, most are as light or lighter than graphite.

My new Riffle™ XXL-GLASS™ blanks are made from 100% E-GLASS fiber glass material that is very light-very strong-a lovely “gloss bamboo tan” finish, “non-glare dark bamboo tan” finish, gloss natural bamboo”, new gloss olive, “gloss KC brown” finish. You will find casting our new Riffle™ XXL-GLASS™ rods a pleasure- easy smooth casting, very delicate presentation, very light in your hand and when you catch a trout you can feel the rod flex right to the butt-what a lovely feeling.

Once you have had one of my new RIFFLE™ XXL-GLASS™ rods in your hand- you will agree there isn’t a finer rod made for those beautiful streams and lovely trout-simply a pleasure to fish and own-try one of the finest glass fly rods made and you will just love the action.

RIFFLE™ FLY ROD BLANKS—FINE QUALITY SINCE 1972

MOUNTAIN TROUT™ -----GRAPHITE FLY ROD BLANKS

NEW "BLENDED GRAPHITE BG33™" -----25 YEAR LIMITED WARRANTY

Our new "MOUNTAIN TROUT™" graphite fly rod blanks are made from the newest in high technology and high tech materials, we actually use various grades of graphite incorporated in each blank to achieve the tapers to our exacting specifications. These tapers are quick-responsive-easy to cast and control-light in weight-durable and super high quality.

You will find all tapers designed by and tested by fisherman. I would describe most of these tapers as medium fast, that have quick power to cast flies easily and still have that ever so important presentation. All models are lightweight and simply said, "a very pleasurable and casting experience-quality at prices that very affordable-can't miss with these blanks.

MADE IN THE U.S.A FINE QUALITY SINCE 1972----- MADE IN THE U.S.A

RIFFLE™ IMPREG-CANE™-----TONKIN CANE FLY ROD Blanks

“BASICALLY A LIFETIME MAINTENANCE FREE FLY ROD™”

My RIFFLE™ “IMPREG-CANE™ Tonkin-Cane fly rod blanks are impregnated for “BASICALLY A LIFETIME MAINTENANCE FREE ROD FLY ROD™”. My new “hi-tech” method of impregnating fly rods does not alter their lovely action and adds less weight to the rod than varnishing a rod does, yes my “IMPREG-CANE™” fly rods are lighter than varnished rods. The “advantages to an impregnated rod are”, they are moisture resistant to water, won’t crack, peel, chip like varnished rods, nice non-glare, and don’t forget “Basically a lifetime maintenance free fly rod™”.

There will never be a substitute for the natural aesthetic beauty of cane, the smooth casting ability, unexcelled fly presentation and the ever forgiving fly presentation of cane. Many of the fisherman today have not fished with a “quality cane rod”, unfortunately, and do not know the wonderful pleasurable joy of fishing, owning and admiring a beautiful handcrafted “Tonkin-Cane” fly rod.

My RIFFLE™ “IMPREG-CANE™” rods perform brilliantly and each rod is designed with one of your special needs in mind. My rods are made from the very best Tonkin-Cane available, excellent quality and meets our “high quality standards”, with unexcelled highly skilled craftsmen. This one is “AFFORDABLE” to everyone.

“FOR MORE INFORMATION SEE IMPREG-CANE™ FLY RODS”

RIFFLE™ IMPREG-CANE™ IMPREGNATED FLY ROD ADVANTAGES:

- + IMPREGNATED RODS ARE LIGHTER THAN VARNISHED RODS
- + IMPREGNATED RODS ARE MOISTURE RESISTANT TO WATER
- + IMPREGNATED RODS WON'T CRACK, CHIP, OR PEEL
- + IMPREGNATED RODS NEVER NEED REFINISHING
- + IMPREGNATED RODS HAVE A VERY NICE NON-GLARE FINISH
- + “BASICALLY A LIFETIME MANITENANCE FREE FLY ROD™”

KETTLE CREEK TACKLE SHOP™

“RIFFLE™” CLASSIC—CLICK—PAW STYLE REELS

VERY LIGHT WEIGHT—3oz., 3.4oz., 3.7 oz.

The new “Riffle™” Click-paw fly reels are extremely light in weight and are a classic standard arbor reel. These new reels are designed to be light weight to match the new very light rods or the older traditional rods, superbly designed with excellent bar stock 6061 aluminum, strong, very conservatively, one of our best deals.

- *Very light weight to balance new and older rods
- *Hard anodized 6061 aluminum bar stock construction--superb quality
- *Click-paw drag system and palm drag
- *All stainless inner parts-strong, durable, tough
- *Easily converts to left or right hand wind
- *Classic styling and quick release counter balanced narrow spool
- *Very conservatively priced-Neoprene case included.

COLORS: BRIGHT OR GUNSMOKE GREY—“new “BRONZE COLOR” CP-1

Model	Capacity	Wt. Oz	DIA.	Price	BRONZE
CP-1	3,4,5 Lines-WF4+40—WF5+25YD.	3.0	2 ¾”	\$129.00	\$149.00
CP-2	5,6 Lines-WF5+80—WF6+60	3.4	3.0”	\$139.00	
CP-3	6, 7 Lines-DT6-60-WF7+60	3.7	3 ¼”	\$149.00	

New “Hardy Ultralite CC” Fly Reels

“Super Light—Ultra Large Arbor—Very Narrow Spool”

The new “Ultralite” CC range of fly reels is a reel perfectly sized and designed for light line applications, the range covers lines from the ultra light #1 and #2 weights through to the standard #5 river line weights, ensuring there is an offering for every light line enthusiast.

- *Lightweight to balance modern rods.
- *Adjustable drag-easy right to left hand wind.
- *Ultra large arbor and very narrow width spool.
- *6061 aluminum bar stock construction.
- *Quick release spool and comes in a neoprene case.

Model	Capacity	Wt. Oz.	DIA.	Price
CC-1000	WF3+20 yd.	3.59	3.74	\$169.00
CC-2000	WF4+25 yd.	3.63	3.93	\$179.00

KETTLE CREEK TACKLE SHOP™---OUR 3 “MOST IMPORTANT FEATURES”-----1. QUALITY—2. QUALITY—3.-- QUALITY

ADVANTAGES OF IMPREGNATED RODS

- + IMPREGNATED RODS ARE LIGHTER THAN VARNISHED RODS
- + IMPREGNATED RODS ARE MOISTURE RESISTANT TO WATER
- +IMPREGNATED RODS WON'T CRACK, CHIP OR PEEL
- + IMPREGNATED RODS NEVER NEED REFINISHING
- + IMPREGNATED RODS HAVE A NICE NON-GLARE FINISH

“BASICALLY A LIFETIME MAINTENANCE FREE FLY ROD™”

My RIFFLE™ “IMPREG-CANE™ Tonkin-Cane fly rod blanks are impregnated for “BASICALLY A LIFETIME MAINTENANCE FREE ROD FLY ROD™”. My new “hi-tech” method of impregnating fly rods does not alter their lovely action and adds less weight to the rod than varnishing a rod does, yes my “IMPREG-CANE™ “fly rods are lighter than varnished rods. The “advantages to an impregnated rod are”, they are moisture resistant to water, won’t crack, peel, chip like varnished rods, nice non-glare, and don’t forget “Basically a lifetime maintenance free fly rod™ “.

There will never be a substitute for the natural aesthetic beauty of cane, the smooth casting ability, unexcelled fly presentation and the ever forgiving fly presentation of cane. Many of the fisherman today have not fished with a “quality cane rod”, unfortunately, and do not know the wonderful pleasurable joy of fishing, owning and admiring a beautiful handcrafted “Tonkin-Cane” fly rod.

My RIFFLE™ “IMPREG-CANE™ “ rods perform brilliantly and each rod is designed with one of your special needs in mind. My rods are made from the very best Tonkin-Cane available, excellent quality and meets our “high quality standards”, with unexcelled highly skilled craftsmen. This one is “AFFORDABLE” to everyone.

KETTLE CREEK™ PILLAR REEL

A classic raised pillar reel in the Leonard style tradition, the quality is superb, meticulous detail, black side plates, non adjustable fixed drag, just like on the original reel, and a gorgeous finished reel. The reel is right or handed wind , nothing to change, very nice "S" style handle, add your line and you are ready to compliment your favorite fly rod. This is “real rod jewelry” to be passed down.

KETTLE CREEK TACKLE SHOP™ FLY RODS ARE----- “Made in the U.S.A”
MOUNTAIN TROUT™ GRAPHITE FLY RODS—U.S.A. MADE
NEW “BLENDED GRAPHITE BG33™”

Our new “MOUNTAIN TROUT™” graphite fly rods are made from the newest in high technology and high tech materials, we actually use various grades of graphite incorporated in each blank to achieve the tapers to our exacting specifications. These tapers are quick-responsive-easy to cast and control-light in weight-durable and super high quality.

You will find all tapers designed by and tested by fisherman. I would describe most of these tapers as medium fast, that have quick power to cast flies easily and still have that ever so important presentation. All models are lightweight and simply said, “a very pleasurable and casting experience—quality at prices that very affordable. Made in the U.S.A

KETTLE CREEK TACKLE SHOP™ ----- BAMBOO FLY RODS

RIFFLE® “IMPREG-CANE™” FLY RODS “BASICALLY A LIFETIME MAINTENANCE FREE FLY ROD™”

NEW FOR “2016”-----**MODERATE SWELLED BUTT** BAMBOO FLY RODS
7 ½’ #5 OR 7’ #4 (2 TIP)-----**LARGE SWELLED BUTT 3 PIECE BAMBOO FLY RODS**
NEW FOR “2016” “MADE IN THE U.S.A.” NEW FOR “2016”

MY RIFFLE™ “IMPREG-CANE™” rods are impregnated for “BASICALLY A LIFETIME MAINTENANCE FREE FLY ROD™”. My new “HIGH TECH” method of impregnating fly rods does not alter their lovely action and adds less weight to the rod than varnishing does, yes my impregnated rods are lighter than varnished rods.

My swelled butt rods are made by a noted, “PREMIER AMERICAN ROD MAKER, to my exclusive tapers. My new tapers, I would describe as “nice crisp medium action”. The natural aesthetic beauty of cane, the smooth casting ability, superb fly presentation and the ever forgiving action of cane, are available with my new swelled butt rods, each fly rod has the very highest quality components and super burl wood inserts available. I am sure you will find owning and fishing one of my “superb quality swelled butt cane rods” with my superb crisp tapers a pleasurable new fishing experience.

MY RIFFLE™ SWELLED BUTT “IMPREG-CANE™” rods perform brilliantly and each rod is designed with one of your special needs in mind. My rods are made from the best TONKIN-CANE available, excellent American quality and meets my “highest quality standards”, with unexcelled American highly skilled craftsmen. This one is “AFFORDABLE” TO EVERYONE.

NEW ---FIBERGLASS SPIGOT FERRULE FLY RODS ----- 5 MODELS

I am offering 5 new models of spigot fly rods for “2016”, same excellent quality as our tip over butt rods and you will find these are some very nice actions and light in weight – 3 models in 2 piece and 2 models in 3 piece. These actions are different from my tip over butt models, maybe a little more forgiving and 2 piece models I would classify as “lovely soft action with a nice soft tip.

OUR THREE MOST IMPORTANT FEATURES-----1. QUALITY 2. QUALITY 3. QUALITY-----25 YEAR LIMITED WARRANTY

"2016" --"ASSET" TRADITIONAL MEDIUM ACTION (NOT MEDIUM FAST) FLY ROD

**"ALL NEW" -----2 PIECE TRADITIONAL ACTION—"FREESTONE/LIMESTONE TAPERS™"
EXTREMELY LIGHT—ACCURATE CASTS---SENSITIVE---PRESENTATION**

The 2 new Riffle™ "ASSET" fly rods are extremely light and a very well balanced fly rod. The spigot ferrule makes this rod very slim looking and adds to the lovely "traditional " medium action (not medium fast) these 2 new "ASSET" fly rods possess. The "traditional" medium action tapers, slim diameter and lightness of these 2 rods are made possible by the new "high modulus blended graphite" material that is used to make these rods. The new "FREESTONE/LIMESTONE TAPERS™" are not excessively stiff, nor are they excessively soft, but just a perfect " traditional medium action" taper, superb accurate casting and delicate enough to present a dry fly with ease. These 2 new tapers were designed for our crystal clear "FREESTONE" streams and our great "LIMESTONE" streams where presentation is at the utmost, along with pin point accuracy. My 2 new "ASSET" fly rods with the new " FREESTONE/LIMESTONE TAPERS™" are great fly rods, supplied with very high quality components, meticulous workmanship and these rods were designed by fly fisherman for fly fisherman that fish our FREESTONE and LIMESTONE streams. These 2 new "ASSET" rods will only enhance your next fishing trip --try one---our quality is superior---you will not be disappointed.

“PETE” MY 6 YEAR OLD POINTER

**NEW "2016" "HATCHING MAYFLY™" "NATURAL FUR BLENDS"
GUARD-HAIRS-REMOVED™---2X FINE OR 3X FINE DUBBING
 "FOR DRY FLIES---SPINNERS---EMERGERS"
" EXACT COLORS FOR THE MAJOR MAYFLY HATCHES™ "**

The ultimate in exact duplication of the most common mayflies found on trout waters today. This new "no guard hair" fur blend is unmatched by any other dubbing on the market for the exact coloration of mayflies. Many hours were spent gathering samples of mayflies and trying to blend that perfect mayfly color. After years of experimenting---I have arrived at what I feel is "the best hatching fur blend on the market", available from "KETTLE CREEK TACKLE SHOP™".

Only natural fur can give you that little extra "something" --to the body of the fly and fish seem to really like what they see. Follow the hatches use the new "no guard hair" fur blends and I am sure your success ratio will improve. If you have had trouble finding out what to use for a certain color mayfly---you no longer have to guess. These are true "trout catchers".

“HATCHING-MAYFLY™ ”-----VERY VERY FINE POLY BLENDS

“ EXACT COLORS FOR MAJOR THE MAYFLY HATCHES™ “

MY HIGH QUALITY DUBBING HAS BEEN MY SUPERIOR STANDARD FOR OVER “37 YEARS”

Kettle Creek’s very very fine poly blends is the ultimate in exact duplication of the most common mayflies found on trout waters. Over the past 37 years I have been constantly up dating the colors to be as precise as possible to the exact mayfly colors. My very very fine poly blends is unmatched by any other dubbing material on the market for the exact coloration of mayflies. Many hours were spent gathering samples of mayflies and trying to blend that perfect mayfly color for each insect. Finally after many years, I feel my dubbing ----“SUPERIOR HATCHING-MAYFLY™-----
VERY VERY FINE POLY BLENDS IS THE VERY BEST EVER MADE, TO CORRECTLY MATCH MOST MAJOR MAYFLY HATCHES.

Gone is trying and searching for just that right color to match that mayfly- my “HATCHING-MAYFLY™ POLY takes all the guess work out of the correct mayfly bodycolor. These colors are tried and proven fish catchers for over many years.

I have devoted a lot of time trying to get just the right color for each major hatch and once you have seen and used my “HATCHING-MAYFLY™ “, I am sure the results will be more than pleasing. Try some of my new colors or order the complete set and receive my pattern chart for tying duns and spinner patterns-----“HATCHING-MAYFLY™ “----- **VERY VERY FINE POLY BLENDS---the ultimate in mayfly and spinner body colors---an absolute must for every fly tier---you’ll love the results.**

“ HATCHING-NYMPH™ “ ANTRON / POLY NYMPH BLENDS

“ EXACT MAYFLY NYMPH COLOR BLENDS™ ”---for most important hatches

“ PROVEN EFFECTIVE FISH CATCHERS FOR OVER 36 YEARS”

Many thanks to Rich Meyers, who has since passed, for the study to help determine the most exact duplication of original nymph color ever devised. I have up-dated the nymph color blends over the years to give you the most accurate duplication of any nymph coloration you will ever find “ THESE ARE THE VERY BEST” , ONLY AVAILABLE FROM “KETTLE CREEK TACKLE SHOP™”.

My “HATCHING-NYMPH™” ANTRON / POLY BLEND is a special blend of the correct amount of antron dubbing, blended with the correct amount poly dubbing to produce that special lustre—sheen—bugginess and translucent affect that turns on the fish to your exact imitations of the most important mayfly nymphs.

Have you ever wondered and would have liked to have known the color of a certain nymph?? At last, with my “HATCHING-NYMPH™” poly / nymph blends you can correctly match the most important mayfly nymphs. My nymph blends tying instructions for all nymphs is available only with the purchase of my complete set of 17 nymph colors. THIS IS A MUST FOR EVERY FISHERMAN---YOU WILL LIKE THE RESULTS, TRY A SET.

“HATCHING--CADDIS™”-----ANTRON / POLY BLENDS

USE FOR CADDIS DRY FLIES OR PUPAE-----FOR MOST MAJOR CADDIS HATCHES

My “HATCHING--CADDIS™” ANTRON / ANTRON POLY BLENDS is a very unique blend of the right amount of poly and antron to produce some of the very unique caddis colors on the market today, these colors are as close as possible to the major caddis hatches. The mix of antron with poly gives the body a little flash of light which I feel makes it easier for fish to see, particularly when making pupae patterns. I have been making these blends for 26 years, these are proven to be very effective colors, only available from Kettle Creek Tackle Shop™. This a must have for all fly tiers, nice flashy, sparkly sheen you will be pleased with the results. TRY EM
