

A person wearing a grey jacket and blue jeans is walking through a grassy field, using a metal detector. The detector has a long grey shaft and a large black circular coil. The background shows trees with some autumn-colored leaves under a bright sky.

GROUND™  
EFX

2016

# THE PURSUIT

The Ground EFX™ family of metal detectors features the Stryker™ Series, Swarm™ Series, Storm™ and Cyclone™ Youth models that highlight advanced, yet simple-to-use technology. Ground EFX™ metal detectors lead you to more treasure and less junk. All units are adjustable to fit the comforts of any user and include submersible coils.

The Ground EFX™ family of digital metal detectors offers incredible signal strength, durability and the ability to let you know what is below the surface before digging. The elimination modes and discriminating metal

categories allows for more efficiency when locating targets. Both the Stryker™ Series and Swarm™ Series come standard with an easy to use backlit interface visible in any situation, HD audio tones, a headphone jack and other unique features. In addition, several models include GEO-X™ GPS Technology that permits saving and locating targets easily.

They are durable and designed to stand up to the rigors of operation. Unwanted items can be filtered through with simple controls. Easy-to-Tune and Easy-to-Use!

## SWARM™ SERIES MX400

DIGITAL METAL DETECTOR  
COLOR TOUCH SCREEN

- + Extremely durable polycarbonate construction
- + 5" color TFT Screen
- + New Touch Color Screen Technology with adjustable display
- + Includes instructional videos preloaded on the unit
- + GEO-X™ GPS Technology allows saving and locating up to 10 locations
- + 8 metal categories and adjustable discrimination (10-99)
- + 4 elimination modes: All-Metal, Coin, Jewelry and Custom
- + Over 150 different elimination possibilities
- + 4 individual adjustable HD audio tones with multiple tone choices.
- + Quick release extension rod design, adds up to 14"
- + Adjustable arm guard with strap
- + External 3.5mm headphone jack (headphones not included)
- + Can detect quarter sized coins up to 12" deep
- + 11" DD submersible coil
- + Right or left handed use
- + Built in LED flashlight
- + Trigger activated Pinpoint
- + Uses 6 AA-cell alkaline batteries (not included)

MODEL# MX400 · 6-16376-50454-9 · WEIGHT: 3.5 · INNER PACK: 1 · MASTER PACK: 2

## SWARM™ SERIES MX300

MODEL# MX300 · 6-16376-50455-6 · WEIGHT: 3.5 · INNER PACK: 1 · MASTER PACK: 2

## SWARM™ SERIES MX200E

DIGITAL METAL DETECTOR

- + Extremely durable polycarbonate construction
- + Large simple to use digital backlit interface
- + GEO-X™ GPS Technology allows saving and locating up to 10 locations
- + 8 metal categories and adjustable discrimination
- + 4 elimination modes: All-Metal, Coin, Jewelry and Custom
- + Over 60 different elimination possibilities
- + 4 individual adjustable HD audio tones
- + Signal strength and depth indicators in pin point mode
- + Quick release extension rod design, adds up to 14"
- + Adjustable arm guard with strap
- + External 3.5mm headphone jack (headphones not included)
- + Can detect quarter sized coins up to 10" deep
- + 10" submersible coil
- + Right or left handed use
- + Uses 6 AA-cell alkaline batteries (not included)

MODEL# MX200E · 6-16376-50456-3 · WEIGHT: 3.0 · INNER PACK: 1 · MASTER PACK: 2

## SWARM™ SERIES MX100E

DIGITAL METAL DETECTOR

- + Extremely durable polycarbonate construction
- + Large simple to use digital backlit interface
- + 8 metal categories and adjustable discrimination
- + 3 elimination modes: All-Metal, Coin and Jewelry
- + 4 individual adjustable HD audio tones
- + Signal strength and depth indicators in pin point mode
- + Quick release extension rod design, adds up to 14"
- + Adjustable arm guard with strap
- + External 3.5mm headphone jack (headphones not included)
- + Can detect quarter sized coins up to 10" deep
- + 10" submersible coil
- + Right or left handed use
- + Uses 6 AA-cell alkaline batteries (not included)

MODEL# MX100E · 6-16376-50457-0 · WEIGHT: 3.0 · INNER PACK: 1 · MASTER PACK: 2

## STORM™ SERIES MX60

DIGITAL METAL DETECTOR

- + Light weight, easy use frame
- + Large simple to use digital backlit interface
- + 8 metal categories and adjustable discrimination
- + 3 elimination modes: All-Metal, Coin and Jewelry
- + 4 individual adjustable HD audio tones
- + Signal strength and depth indicators in pinpoint mode
- + Quick release extension rod design, adds up to 14"
- + External 3.5mm headphone jack (headphones not included)
- + Can detect quarter sized coins up to 10" deep
- + 10" submersible coil
- + Right or left handed use
- + Uses 6 AA-cell alkaline batteries (not included)

MODEL# MX60 • 6-16376-50818-9 • WEIGHT: 3.0 • INNER PACK: 1 • MASTER PACK: 4

## STORM™ SERIES MX50

DIGITAL METAL DETECTOR

- + Light weight, easy use frame
- + Large simple to use digital backlit interface
- + 8 metal categories and adjustable discrimination
- + 3 elimination modes: All-Metal, Coin and Jewelry
- + 4 individual adjustable HD audio tones
- + Signal strength and depth indicators in pinpoint mode
- + Quick release extension rod design, adds up to 14"
- + Can detect quarter sized coins up to 8" deep
- + 8" submersible coil
- + Right or left handed use
- + Uses 6 AA-cell alkaline batteries (not included)

MODEL# MX50 • 6-16376-50714-4 • WEIGHT: 3.0 • INNER PACK: 1 • MASTER PACK: 4

# CYCLONE™ SERIES MC1

ANALOG METAL DETECTOR

- + Durable design built to withstand the rigors of child use
- + Simple Eliminator control can eliminate most unwanted items
- + Visual Target Indicator with battery OK test
- + Can detect coins up to 5" deep and larger metal up to 24"
- + 6.5" circular coil submersible coil
- + Volume level varies depending on signal strength
- + Unit adjustable from 26" to 36" total length
- + Uses 2- 9V Alkaline batteries (not included)

MODEL# MC1 • 6-16376-50135-7 • WEIGHT: 3.0 • INNER PACK: 1 • MASTER PACK: 4

## ACCESSORIES

### GROUND EFX™ BEAR TOOTH SHOVEL

- + T24 cutting teeth
- + Made from the finest strong carbon steel
- + Handle made from strong carbon steel & welded to blade
- + No-slip blade guard
- + Super comfortable Red rubber handle Special 4.5° bend
- + Computerized controlled angle grind on blade
- + Overall blade size/length is 7.5" - width is 2.25"
- + Overall maximum length is 12.3" with handle
- + Carry Sheath: Made from super strong Dura-Pro II
- + 60 mil ABS no-cut liner Velcro closing strap
- + Belt loop will accommodate up to a 3" wide belt

MODEL# MDRE • 6-16376-50408-2 • MASTER PACK: 8

### GROUND EFX™ MESH BAG

- + Main pocket is 8" x 11"
- + Inside pocket is 4" x 7" to conceal any valuables
- + Outside pocket is 6" x 6" with rust resistant zipper
- + Strong belt loop on the back of the bag
- + Material is heavy duty long lasting Dura Pro II Mesh

MODEL# MDMB • 6-16376-50404-4 • MASTER PACK: 8

### GROUND EFX™ SIFTER

- + Nonconductive and non-corrosive extra heavy duty Ground EFX sifter
- + Designed as the ultimate sand scoop
- + 5/8" holes designed to quickly pass sand through while keeping valuables as small as dimes and wedding bands inside the sifter
- + Half gallon capacity
- + Material is made from non-corrosive HD plastic (no rusting)

MODEL# MDTD • 6-16376-50407-5 • MASTER PACK: 8

### GROUND EFX™ BEAR TOOTH SHOVEL

- + 42 teeth (21 on each side of the blade)
- + Coated blade is 7.5" long x 3" wide
- + Red nonslip handle
- + Easy to use cutting the ground

MODEL# MDSS • 6-16376-50406-8 • MASTER PACK: 8
