Chief Executive Officer
Covenant Health*

Luke Johnson
*Executive Vice President
Physician Enterprise/
Ambulatory Services*

We are proud to present our 2017-2018 Employed Physician Directory, which includes the physicians of Covenant Medical Group, Thompson Oncology Group, Fort Sanders Women's Specialists, and the Fort Sanders Perinatal Center. Together, these physician practices comprise the fastest growing division of Covenant Health and represent more than 20 medical specialties.

While our physicians train at some of the most highly ranked medical schools and fellowship programs in the country, they choose to affiliate with Covenant Health, bringing their world-class expertise to care for the more than one million patients and families we serve each year. Our physicians are vital partners in the overall success of Covenant Health, working with us to fulfill our mission of improving the quality of life through better health in the communities we serve.

As the region's top performing healthcare network, our physicians, together with our employees and volunteers, are unified by one covenant: to put our patients first in everything we do, to strive for excellence in everything we do, and to make Covenant Health the first and best choice in our region. We are confident in our physicians' abilities to provide quality care to you and your family, and hope you will find this directory useful. If you have questions about one of our physicians, please contact our Covenant Health Physician Referral Service at (865) 541-4500 or visit our website at www.covenanthealth.com/findaphysician.

Table of Contents

This directory is a listing of all physicians employed by Covenant Health or whose practices are managed by Covenant Medical Group (current as of September 2017).

Physicians by Specialty

Cardiology	1
Cardiologists focus on the prevention, diagnosis, and treatment of heart disease.	
Cardiovascular Surgery	10
Cardiovascular surgeons provide surgical treatment of the heart, esophagus, blood vessels, and conditions affecting the lungs.	
Endocrinology	12
Endocrinologists diagnose and treat disorders related to hormone producing glands.	
Gastroenterology	12
Gastroenterologists diagnose and treat disorders of the digestive system.	
General Surgery	14
Surgeons provide treatment of diseases, injuries, and deformities through surgical removal and repair.	
Infectious Disease	18
Infectious disease physicians diagnose and treat any disease caused by growth of pathogenic microorganisms in the body.	
Neurohospitalists	18
Neurohospitalists provide inpatient neurological care.	

Neurology	20
Neurologists diagnose and treat diseases of the brain, spinal cord, and nervous system.	
Neurosurgery	21
Neurosurgeons provide surgical treatment of the brain, spinal cord, and nervous system.	
Obstetrics and Gynecology	23
OBGYN physicians focus on women’s health needs before, during, and after pregnancy. They also provide medical and surgical treatment of the female reproductive and urinary systems.	
Oncology and Hematology	26
Oncologists and hematologists treat abnormal cell or tissue growth, such as cancer and abnormalities in the blood.	
Orthopedic Surgery	30
Orthopedic surgeons treat injuries of the skeletal system, joints, and muscles through surgical repair.	
Perinatology	32
Perinatologists provide high-risk pregnancy care for women with multiples, pregnancy complications, history of birth defects, diabetes, hypertension, or 35 years old and older.	
Physical Medicine and Rehabilitation	33
Physical medicine and rehabilitation physicians specialize in restoring functionality to injuries of the muscles, bones, ligaments, and nervous system.	
Primary Care	34
Primary care physicians specialize in internal medicine or family medicine, and diagnose and treat acute illnesses and chronic health conditions.	

Table of Contents *(continued)*

Psychiatry 52
Psychiatrists diagnose and treat mental illnesses.

Pulmonology 56
Pulmonologists diagnose and treat lung diseases.

Reproductive Medicine 57
Reproductive medicine physicians diagnose and treat men and women with reproductive issues to improve chances for pregnancy.

Rheumatology 57
Rheumatologists diagnose and treat diseases of the joints, muscles, and bone.

Sleep Medicine 58
Sleep medicine physicians diagnose and treat sleep disorders.

Urology 59
Urologists diagnose and treat diseases and disorders of the urinary tract in men, women, and children.

Vein Treatment 60
Vein specialists cosmetically treat varicose, spider, and face veins, and venous ulcers.
