**Welcome**

Journalism matters.  
It's more than a T-shirt slogan. (Although we encourage you to buy our Press Club T-shirts.)

And the evidence is right before your eyes right now: the program for our 39th annual All Ohio Excellence in Journalism Awards, with dozens of examples of award-winning journalism that matters, done by journalists who care.

Again this year, we had a record number of entries, with more than 900, from around the state. The entries are judged by Press Club members from across the nation. This year, that includes journalists from New Orleans,

Western Pennsylvania, Los Angeles, Idaho, Milwaukee, San Francisco, San Diego, Syracuse and Arizona. We do this to remove any hint of favoritism and to reinforce that the judging of our awards is completely independent of our club.

Excellence in Journalism award-winners, in that great Northeast Ohio tradition, have earned it.

Journalism also isn't free. We thank FirstEnergy Corp. for being the Press Club's corporate sponsor. We also thank the Cleveland Browns for sponsoring our awards reception, PR Newswire for its supporting sponsorship and the House of Blues for again playing host.

Tonight, while you're celebrating your awards at our event, I hope you'll join me in thanking Lee Moran, Press Club board member and chair of

the Excellence in Journalism awards committee, as well as our ace staffers Lynn Bracic and Debi Weslek.

Finally, congratulations to all our winners and entrants. Your hard work makes a difference. Your dedication is inspiring. And damn right your journalism matters.

**Second Place**

The Height of Danger

**Carrie Blackmore Smith**

The Cincinnati Enquirer

*A well-documented look at accidents and deaths of people who drop from/jump from a popular peak in a park. Well-written, the story also is told through the photos of the site. This piece should serve as a wake-up call to people thinking of visiting the park.*

**Third Place**

Trials jurors express reservations after verdict in rape case

**Brad Dicken**

The Chronicle-Telegram

*This story demonstrates good reporting. The reporter got three jurors to speak on the record regarding their doubts about a verdict they were part of reaching. The story packs a lot of information into one story, including the background of the case. Well-written and the reporter deserves credit for initiative in getting the story.*

**GENERAL NEWS: MULTIPLE STORIES- SAME TOPIC****First Place**

Ohio Politics Beat

**Julie Carr Smyth**

Associated Press

*It's hard to stand out in political coverage, but this package of stories includes a profile of John Kasich that shows a side unseen in most mainstream reporting; an interesting look at how memory of a colorful state politician ( U.S. Rep. James A. Traficant) was impacting the presidential race; and some nice digging on Kasich's travel expenses. I felt like the reporter was thinking outside the box and consistently showed initiative.*

**Second Place**

Cincinnati Zoo Gorilla (Harambe):

**Dan Sewell, John Seewer, Andrew Welsh Huggins, Julie Carr Smyth**

Associated Press

*I felt like this series made a solid effort at accountability reporting, asking what was the zoo's responsibility, what was the parent's responsibility and what could have been done differently. I also appreciated that the stories weren't all long narratives. The package included a Q&A. Sometimes readers need that type of break.*

**Third Place**

Homeless woman gets home, still keep her dog, Cow

**Alexandra Mester**

The Blade (Toledo)

*I liked this series because it was unexpected. I've read plenty of stories about homelessness over the years, but I've never read about how having a pet both provides safety and makes it harder to get services. It would be easy to dismiss this as just a dog story, but the reporter went deeper and took the subject's plight seriously. As with my **first place** choice, it shows unconventional, enterprising thinking, which I'd like to see more often in news coverage these days.*

**Teresa Dixon Murray, John Caniglia, Jo Ellen Corrigan**

The Plain Dealer

*Nobody's really looking out for cell phone users (that is, just about everyone), so it's good to see a news organization try to fill that gap and expose problems that could have easily remained hidden.*

**INVESTIGATIVE****First Place**

Metropolitan Sewer District

**Dan Horn, Sharon Coolidge**

The Cincinnati Enquirer

*What a civic mess...literally and figuratively! The Enquirer's relentless digging (no pun intended) uncovered the out-of- control sewer system management, which was heavy on*

spending and low on accountability. Impressive reporting resulted in a public service to taxpayers and citizens that hopefully prodded the city to investigate and get the system back under control.

### Second Place

Reaching for recovery: 2-part series examining two years of drug overdose calls in Lucas County, Ohio

#### Lauren Lindstrom

The Blade (Toledo)

The opioid epidemic is not only claiming lives but straining the resources of those trying to save them. This investigative work lays out the story in a way that should wake up the community and lead to more solutions to treat this epidemic.

### Third Place

Fighting Verizon data charges

#### Teresa Dixon Murray, John Caniglia, Jo Ellen Corrigan

The Plain Dealer

Great lead and examples of average people at war with Verizon. Story is well documented and brings home how such hug billing jumps – and why they occur – can affect anyone. This is a topic that deserves such in-depth journalistic attention.

## BUSINESS

### First Place

The Rise of Christian Tourism

#### James Pilcher

Being Andy Dalton

#### Jim Owczarski

The Cincinnati Enquirer

The reporting and sourcing are outstanding, and the detailed writing keeps you engaged from first graph to last. The anecdotes mined from Dalton's past acquaintances breathe extra life into the narrative. A prime example of what you can produce with commitments of time, effort, space and talent.

### Second Place

Love of Baseball Began with Keeping Score

#### Lawrence Pantages

Medina County Gazette

## BEST SECTION

### First Place

Medina County Gazette Sports

#### Staff

Medina County Gazette

The Gazette has excellent, overall coverage of sports that its readers are interested in – from professionals to high school athletes. The in-depth coverage of local high school athletics is particularly impressive. Well done.

### Second Place

The Chronicle-Telegram Sports

#### Staff

The Chronicle-Telegram

Coverage of professional sports is well done. The mission statement says that "local is the priority" at The Chronicle-Telegram. Of the sections submitted, most are focused on professional athletes/teams (likely because of their success this past year) – which seems inconsistent with the paper's stated mission. The major exception to this, of course, is The Blitz. Here, high school football is the focus and is comprehensive in its coverage.

Great job writing and reporting. Among

the highlights: The final moments in the cockpit before the Akron plane crash, the report on autopsies, the fired officers.

There was great local reporting in the post-election Community, and I enjoyed the illustrations of the basketball players in the May 1st edition.

#### COMMUNITY / LOCAL COVERAGE

##### First Place

Columbus music community wrestles with allegations of sexual assault in the local scene

##### Andy Downing

Columbus Alive

Story explores a topic that has not been prominent. The reporter effectively takes the broad view, exploring not only instances of sexual harassment or rape in the Columbus Music scene and the one in general, but how reports of it can affect the bookings of musicians who may not have been convicted of anything. A sticky and thought provoking topic explored well.

##### Second Place
