

Specialty Scales: A focused collection of scales with unique features to complement your basic assortment.

Body Analyzer Scales: Equipped with the most advanced and responsive technology, Taylor's body analyzer scales provide you with an array of functions and price points to address this growing segment. Body analyzer scales are great tools to assist your customers in achieving their health and wellness goals.

Digital Scales: From vivid LED digits to bright, easy to read blue backlit displays, tempered glass to durable metal platforms, Taylor's digital assortment offers a variety second to none. Using color, capacity and style to provide you with the ability to create your assortment to meet any of your customer's needs, Taylor scales accurately and tastefully address both fashion and function to grow your business.

Dial Scales: There is a reason "tradition" never goes out of style. The well-established spring and lever functionality combined with the timeless appearance of the analog dial is a long-standing favorite of many of your customers. The Taylor's dial assortment represents the best of this classic design from opening price point to professional with precision, durability and value.

Salter: For over 250 years the Salter brand name represents accuracy and reliability. Taylor's specialty Salter branded scales deliver on that promise.

Accuracy and Style – To Grow Your Business

Buying a new bathroom scale can be surprisingly confusing to your customers. This is not a “one size fits all category”. With so many types, styles and colors to choose from, Taylor will provide you with not only the right assortment but also the category knowledge and experience customized for your stores.
