*MINIMUM ORDER OF 30 RUGBY BALLS

Chair Address

On behalf of the Sydney Junior Rugby Union (SJRU), I wish all Grand Finalists good luck for their matches in the culmination of a successful 2017. The SJRU has experienced some significant progress and initiatives during this season and is proud to be focussed on 'growing the game' for our true grassroots community, junior rugby in Sydney. We have developed a Strategic Plan for 2017-2020, with the input of our Board of Directors and the revision of district representatives. This highlights the plans for the future of our junior game and the challenges in our sport, met with positive and clear plans for future seasons. We have also launched our website at the beginning of the season, www.sjru.com.au, which will continue to be the central resource for all of our 60 Clubs and 12 Districts. Our Sydney wide Registration Day at the Sydney Sevens tournament, helped launch the seasons and registrations for our clubs and give the SJRU a presence at this international event.

We have, for the first time, appointed an SJRU Ambassador, Phil Waugh who played 124 Super Rugby matches for the Waratahs, and 79 test caps for the Wallabies. He, and our director of Partnerships, Owen Finnegan are Rugby greats, assisting where they can in fostering the growth and development of junior rugby and supporting the SJRU. We have many supporters and partners in this game, with Out and About Media and Marketing producing signage, a media wall and banners for us for both Registration Day and the State Championships. We also have Eratap Beach Resort and Genesis Proprietary Trading partnering with us for the State Championships, and we are very appreciative of the support these partners have shown to grassroots rugby union. Mazda and Spartan have also of course continued their partnering with us. We have a new Registration and Competition System in Rugby Link, with the intention of aligning nationally with this system. We are currently reviewing its adequacy and have plans for a rugby app, where intuitive registration, simplified and automated sign on and photo sheets, live scoring and results, season draws and fixtures and also the administration of the competition will be improved for the coming season.

With the discussion around Weight for Age, we initiated the inputting of Weight and Height data being mandatory for all registered players. We also took our own data at the State Championships, across every age group for the purposes of analysis of this group of players. This has returned some interesting results, around the 'outliers' for each age group and a debate around all considerations when moving a player up or down an age group. The ARU are also conducting a detailed study in the ACT with the U13 age group, considered the year of accelerated growth for adolescents, including GPS tracking, measuring speed, impact at the tackle contest, power, and subjective data such as skill and maturity of the player. These results will be used in line with the existing and revised National Safety and Participation Policy, as well as the SJRU State Championship data to address this issue.

Towards the end of the season, a 2018 Planning and Advisory Group was formed, with two representatives from each district asked to review and recommend key outcomes and amendments for an improved 2018 season. This collaborative approach, including representation across all clubs, has been productive in influencing change for future seasons. The current Board of Directors for the SJRU has been actively involved in their respective portfolios and growing the game. Our digital footprint with the launch of the SJRU Social Facebook Group, has enabled clubs to share information and initiatives, and communicate in an unprecedented way. We have a thriving sevens competition, and enabled new competitions and pathways for the girls, both key growth areas of the game.

Thank you to all the Board of Directors for their involvement and time commitment to our sport over this season. Thank you also to each of the 12 District Presidents, and each of the 60 Club Presidents, for the significant amount of time and energy and enthusiasm you provide to your communities. It is not unnoticed, it is appreciated and you are key to assisting us grow the game. The management of the competition and all the support behind the scenes to allow our almost 12,000 players to enjoy weekly rugby union right across Sydney is valued. To all the volunteers, the parents and the players that enjoy this great sport and have the associated passion for the game, thank you. Rugby Union has a great future, keep playing our sport and enjoying the combative and skilful game and believing in grassroots club rugby. We will continue to improve the delivery of the competition, making it safe, inclusive and fair for all participants. Thank you for your involvement and good luck to each team in the Grand Finals. Play Rugby.

Katrina Oxenham, Chairperson Sydney Junior Rugby Union
