PRODUCT GUIDE

ENGINEERED TO LAST BEAUTIFULLY

AZEK[®]
Building Products

AZEK[®]  **TimberTech**[®]

AZEK® Building Products

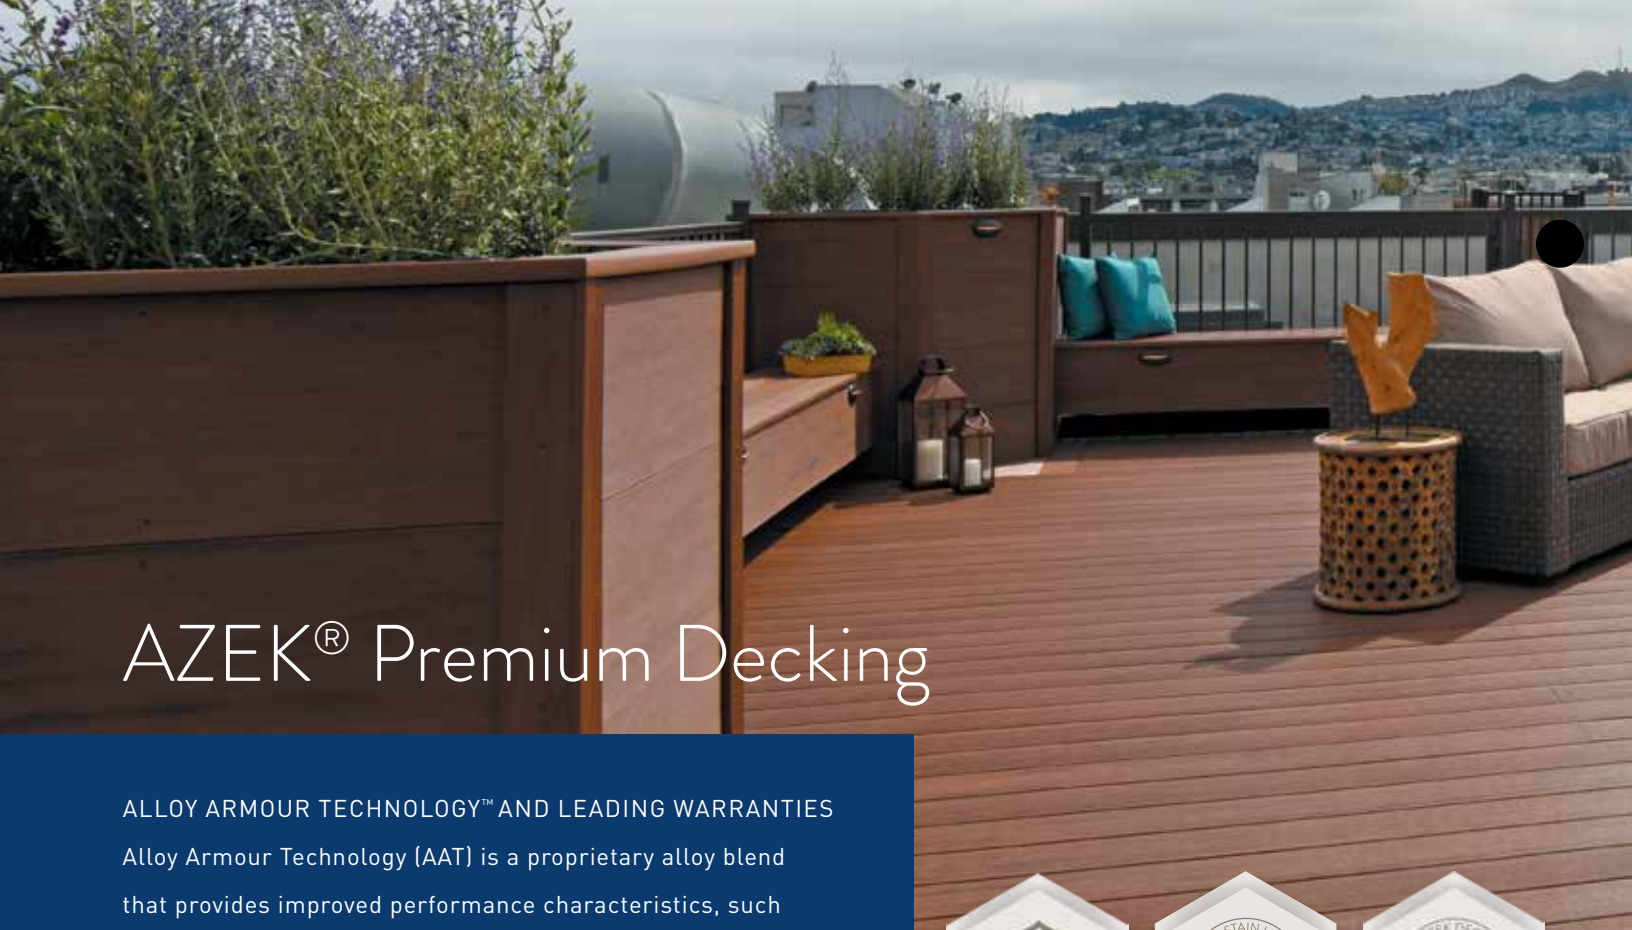

PREMIUM PRODUCTS MEANS LASTING PRODUCTS.

We believe in providing homeowners with the best building products on the market. Our capped polymer and PVC performance materials resist scratches, stains, mold, and mildew. We believe an investment in your home should last, so we back your deck with an industry-leading 30-year limited fade and stain and a limited lifetime warranty.

AZEK® Premium Decking

ALLOY ARMOUR TECHNOLOGY™ AND LEADING WARRANTIES

Alloy Armour Technology (AAT) is a proprietary alloy blend that provides improved performance characteristics, such as outstanding weather protection, UV protection, resistance to scratching, and improved colorfastness. We believe in our products and back your deck with an industry-leading 30-year limited fade and stain and a limited lifetime warranty. We promise protection from cracking, cupping, and more.

Vintage Collection®

With the AZEK® Deck Vintage Collection®, the sophistication of high-end hardwood flooring meets the resilient beauty of performance materials. Rich colors, dramatic streaking, and slight board-to-board variations give AZEK's Vintage Collection the timeless aesthetic of traditional wood with added durability.

The Vintage Collection was preferred 3 to 1 in consumer testing compared to other non-wood decking. The Vintage Collection has been tested to meet the criteria of a class "A" on the flame spread index.

Mahogany

Dark Hickory

Cypress®

Arbor Collection®

The AZEK® Deck Arbor Collection® resembles the elegant simplicity of exotic wood, with the scratch and stain resistance of highly engineered materials. With the widest range of warm, earthy tones, this collection's unique color variations within each board are designed to emulate the natural streaking of tropical hardwoods.

Brazilian Walnut

Mountain Redwood®

Morado®

Acacia®

Silver Oak®

Hazelwood®

Harvest Collection®

The Harvest Collection® marries a soft, calming palette with high-performance scratch and stain resistant materials to create an outdoor living space that is both classic and enduring. This collection's variety of easily complemented shades matches the most popular exterior colors, giving you a beautiful and balanced addition to your home that lasts.

TimberTech® Decking

WE KNOW TOUGH DECKS

TimberTech has the look and feel of traditional wood with the added strength of a composite material. It's tough enough to resist mold, mildew, stains, and scratches. The boards are engineered with recycled wood and are coated with a protective cap on all four sides and every groove. That means after a hard day's work, you'll spend more time enjoying your deck, and less time maintaining it. We back that strength with our limited 30-year fade & stain as well as our 25-year limited warranty that covers material defects, splinters, and damage from termites or rot.

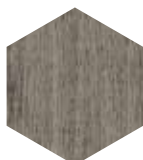

Legacy Collection

With unique color variations within each board, the Legacy Collection emulates the natural texture and integrity of authentic wood grain. Whether the chocolate and russet accents in Pecan, or the golden caramel grains running through Tigerwood, the colors in this collection capture the beauty of hand-scraped hardwood floors with a timeless and traditional aesthetic.

Tigerwood

Ashwood

Pecan

Mocha

Tropical Collection

Bring vacation vibes home with the TimberTech Tropical Collection. Multi-color streaking and exotic wood grains complement rich, saturated tones reminiscent of good whiskey and fine leather, inviting you to relax in your own personal paradise just outside your back door.

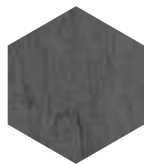

Antigua Gold®

Antique Palm®

Caribbean Redwood®

Amazon Mist™

Terrain Collection

The Terrain Collection's earthy, adaptable tones embody the spirit of the outdoors. Whether with Brown Oak's warm chestnut notes or the subdued stormy gray tones of Stone Ash, a Terrain Collection deck will enrich the natural beauty of your outdoor space.

Contemporary Rail

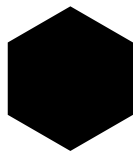

SLEEK AND STURDY

The Contemporary line of Rail products offers a variety of modern sleek lines and finishes paired with the quality and performance that comes from being an industry leader.

Evolutions Rail® Contemporary

For a more modern aesthetic complemented by a sleek, continuous top rail, Evolutions Rail Contemporary offers a linear, high-style look with low maintenance sensibility. Infill options include: Aluminum Balusters, Glass Channel Kit, Composite Balusters and CableRail by Feeney®

Classic Black

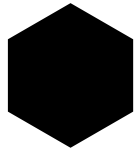

Traditional Walnut

Evolutions Rail® Builder

Achieve the dramatic look of Evolutions Rail at a value-conscious price point. Evolutions Rail Builder offers clean, flat lines with modern metal infills. Add a place to set drinks and incorporate color by topping your rail with deck boards. Infill options include: Metal Balusters and Glass Channel Kit

Classic Black

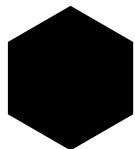

Traditional Walnut

Impression Rail™

Impression Rail is an aluminum railing system with a streamlined profile and features for an ultra quick, quality installation. Incorporate composite top rails and post sleeves for a more custom look. Infill options include: Impression Rail Rectangular Aluminum Balusters

DrySpace™

Ideal for second-story decks, DrySpace is an under-deck drainage system that collects and channels moisture from the spaces between planks. It is easily attached to new or existing deck joists, and comes in an off-white color that lightens and brightens the area under your deck with a crisp aesthetic.

DrySpace is made of solid extruded vinyl for maximum strength, durability, and weather resistance, and comes with a 25-year limited warranty.

AZEK® Pavers

BEAUTY AND BENEFITS THAT LAST

AZEK® Pavers are made of up to 95% post-consumer recycled materials, with the added strength of a composite and a natural appearance that resists scratches and stains. At one-third the weight and utilizing a patented grid system, AZEK Pavers install 3 times faster than concrete pavers. AZEK Pavers are available in three styles: Standard, Resurfacing, and Permeable.

Pavers

Install Standard Pavers to create a new patio or driveway. Use Resurfacing Pavers to cover an old concrete patio, walkway, flat roof, or deck for a dramatic, easy-to-achieve renovation. Choose Permeable Pavers, which, combined with an open-graded base, drastically reduce runoff rate and quantity. AZEK Pavers come with a 10-year limited warranty and a limited lifetime warranty against cracking in residential applications.

AZEK® Column Wrap

ADD DECORATIVE DETAILS WITH MOULDING

The 3-Plus-1 column wrap profile allows for easy one person installation, saving time and installation costs. Three connected panels and a fourth "locking" panel fit easily around a structural support with press fit seams and nicely finished corners. AZEK Column Wrap is available in the semi-matte traditional white finish.

Column Wrap & Moulding

AZEK Trim and AZEK Mouldings should be installed using the same good building principles used to install wood trim and mouldings and in accordance with the local building codes and the installation guidelines. AZEK Building Products accepts no liability or responsibility for the improper installation of this product.

AZEK Trim and AZEK Moulding may not be suitable for every application and it is the sole responsibility of the installer to be sure that AZEK Trim and Mouldings are fit for the intended use. Since all installations are unique, it is also the installer's responsibility to determine specific requirements in regards to each trim and moulding application.

AZEK Building Products recommends that all applications be reviewed by a licensed architect, engineer or local building official before installation. If you have any questions or need assistance, please call AZEK Customer Service at 877-ASK-AZEK (877-275-2935) or visit our website at AZEK.com.

AZEK® Moulding

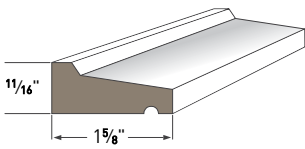

CREATE STUNNING DETAILS THAT LAST

Backed by AZEK's promise of high-quality and lasting performance, AZEK Moulding will retain a like-new appearance despite the tests of time and weather. Create decorative details using one of our moulding profiles or choose a combination of profiles to create a custom, elegant look.

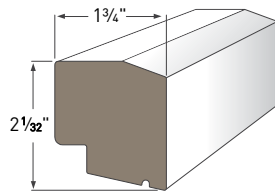

Detail and Sill/Drip Profiles

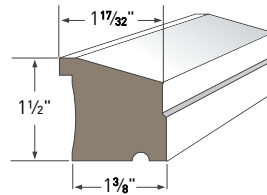

The AZEK® drip cap can be used as a water table or brick ledge for separation and watershed against two different materials. AZEK's sill profiles shed water and offer architectural detail.
