Charlotte Baer Memorial Award

The Charlotte Baer Memorial Award is presented annually to a volunteer clinical professor of the School of Medicine in recognition of distinguished service. This award is named in honor of Dr. Charlotte Baer, who was a practicing internist in San Francisco and a volunteer clinical professor for almost 30 years.

Dr. Baer was an outstanding clinician with exceptional humanistic qualities who served as a role model and teacher to hundreds of our students and residents. See biography on Dr. Charlotte Baer.

Maxine Papadakis Awards for Faculty Professionalism and Respect

The Maxine Papadakis Awards for Faculty Professionalism and Respect advance UCSF values in medical education. These awards recognize faculty who are exemplars in treating students and all others in the clinical environment with professionalism, courtesy and respect.

Dr. Papadakis is Professor Emeritus who retired in 2016 as Associate Dean for Students at UCSF School of Medicine. It was Dr. Papadakis' work that led to the "respect" questions on the student evaluations of faculty.

We celebrate the faculty teachers in the core clinical rotations who are honored with these awards, as they significantly impact the clinical learning climate for our students.

Henry J. Kaiser Awards for Excellence in Teaching

The Henry J. Kaiser Awards for Excellence in Teaching were established in 1969 with funds provided by the Henry J. Kaiser Family Foundation. They bestow significant academic distinction, as well as a small monetary award for the recipients. Faculty members who teach medical students or residents are eligible for nomination, and only medical students and residents can make nominations. This year we celebrate the recipients of the Kaiser awards in 4 categories, including the award recipient from Fresno Medical Education Program.

Pathways Mentor of the Year Award – Acknowledgement

The Pathways Mentor of the Year Award was presented to the winner earlier this year, during the 2019 Spring Inquiry Symposium. This award honors the mentor's commitment and dedication to nurture leaders, innovators, advocates, and researchers at UCSF.

A strong mentor is the key to a successful and satisfying legacy experience. The Candidate for the Pathways Mentor of the Year Award was nominated by their mentees, and the winner is selected by the Pathways to Inquiry Board of Directors.

Teach for UCSF Certificate Program – Acknowledgement

Teach for UCSF is a program of the Center for Faculty Educators that creates defined educational paths based on specific sets of free workshops, ranging from 16 to 39 hours of instruction per certificate, plus individual assessments during each workshop. Individuals develop focused teaching skills in any of seven tracks.

The program is popular with faculty, residents, fellows, and volunteer professors at UCSF and at affiliated institutions. We have over 850 enrollees. For more information, see: <http://tiny.ucsf.edu/T4UCSF>

Special Recognition for 2019 Doctoral Graduates

In 2010, UCSF joined in collaboration with University Medical Center Utrecht (UMC Utrecht) to offer the Doctoral Program in Health Professions Education. This international collaboration made possible a rigorous program for scholarly advancement for medical education researchers. Successful candidates graduate with a PhD in Health Professions Education from UMC Utrecht. Well regarded medical education researchers from both institutions serve as mentors. To date we have had seven PhD graduates with almost 50 research products, either published or submitted, created in less than a decade.

Reproductive Sciences

Special Recognition for Michelle L. Li, MD

This is a special recognition for Dr. Michelle Li, outgoing Chair of the Volunteer Clinical Professors (VCP) Advisory Board. She was Chair of the Board from 2016 to 2019. Dr. Michelle Li is a volunteer assistant clinical professor in Surgery, teaching our residents. Dr. Li was a trailblazer in her role as Chair of the Board, and brought forward initiatives that benefit our VCP. She will continue to serve as a member of the Board.

We thank Dr. Michelle Li for her extraordinary dedication to our learners, and continued contributions to the School of Medicine at UCSF.
