Model 12.1347CH.BWRW
with Dual-Color LED Modules

MADE IN USA

SHO-OFF® Light Bars
12 Series

- Exceptionally bright 3W LEDs with reflectors provide highly visible light even in daytime.
- Four standard lengths: 27", 37", 47" and 57". Available in custom lengths up to 97".
- Flash patterns vary with light bar length. Optional take-down lights and built-in signal stick upon request. Alley lights and stop-tail-turn function are available for an additional charge.
- Includes mounting kit and 15' cable. / 12V Standard / Made in the U.S.A. / 2 Year Warranty

Models with Dual-Color LED Modules
### 12.1327CH / 12.1337CH / 12.1347CH / 12.1357CH

- Individual SHO-OFF® reflector modules have six 3W LEDs in alternating colors that enable a single light bar to function in a variety of ways.
- Light bars can have as many as five different colors.

LED Scene Lighters
10.8500 Series

- Vertical mounting brackets enable these LED scene lights to illuminate large areas.
- IP67 rated for moisture and dust resistance.
- Available with in-line, water-resistant, push-button switch(es) or use a remote 12V - 24V switch (sold separately).
- Swivel-mount models are compatible with Unity® mounting brackets. Pipe-mount models attach to existing vehicle mounts or to a portable tripod (sold separately).
- 12V - 24V / 1 Year Warranty

Single LED Scene Lighter
Model 10.8571

- One 72W light head placed in choice of pipe-mount or swivel-mount U-bracket.
- 24 LEDs / 4200 LM / 4A Max
- Overall dimensions: 8" H x 3½" D x 14½" L .

Model shown: 10.8571SW.0SV

Double LED Scene Lighter
Model 10.8572

- Two 72W light heads stacked within your choice of (1) pipe-mount or (1) swivel-mount U-bracket.
- 48 LEDs / 8400 LM / 8A Max
- Overall dimensions: 11" H x 3½" D x 14½" L.
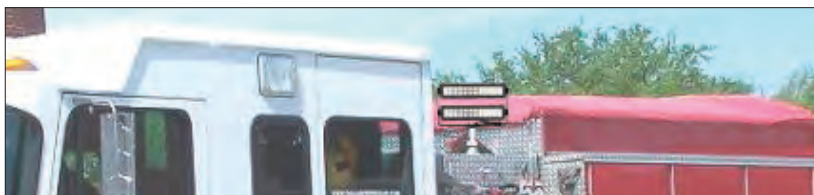

Model shown: 10.8572SW.00P

Pivoting LED Scene Lighter
Model 10.8574

- Two 72W light heads in individual U-brackets joined by a pivot mechanism.
- 48 LEDs / 8400 LM / 8A Max
- Overall dimensions: 11¾" H x 3½" D x 14½" L.

Model shown: 10.8574SW.00P with optional Tripod Light Stand and AC-DC Power Supply.
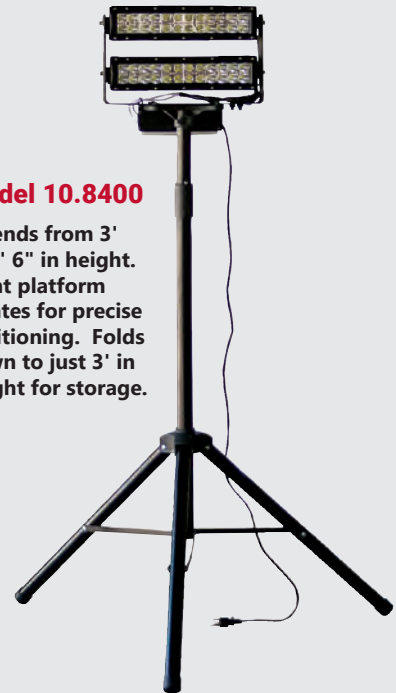

Optional Accessories

AC-DC LED Power Supply

Model 10.8575

Waterproof power supply converts 120V AC from a wall plug to 12V DC. 1-3/4" H x 2-3/4" D x 7-3/4" L

Tripod Light Stand

Model 10.8400

Extends from 3' to 5' 6" in height. Light platform rotates for precise positioning. Folds down to just 3' in height for storage.

SHO-ME®

Low-Profile LED Scene Lights
10.4000 Series

- Super slim housings fit in tight spaces.
- 5W white LEDs light up the darkest night.
- A combination of flood and spot lenses ensure wide and far-reaching light.
- Includes cable and mounting hardware.
- 12V - 24V / 1 Year Warranty

SHO-ME®

Rechargeable Lights
09 Series

MADE IN USA

- Recyclable 6V, 4.5A/H sealed lead-acid battery.
- Non-conductive housing has adjustable base.
- Weather-proof toggle switches.
- Choice of DC plug-in, DC hardwire or AC charger.
- Measures 5⅛" Diameter x 9" Long.
- Made in the U.S.A.

Visit www.able2products.com to view charging centers.

Available in three colors.

Includes choice of charger.

Model 09.201LED **Spot / Flood LED Light**
- One 5W LED projects a narrow 3° spot beam for up to eight hours per charge.
- An outer ring of 20 LEDs creates a wide-angle flood light for up to 50 hours per charge.

Model 09.34LED **Flood LED Light**
- Metallized reflective chambers intensify the light generated by 34 high-intensity LEDs.
- Capable of 25+ hours of continuous run time on a fully-charged battery.

Model 09.AB70 **Halogen Spot Light**
- 25,000 CP GE® halogen spot bulb.

Model 09.AB71 **Halogen Flood Light**
- 550 CP GE® halogen flood bulb

Model 09.AB72 **Emergency Halogen Spot**
Model 09.AB73 **Emergency Halogen Flood**
Model 09.EM201LED **Emergency Spot / Flood LED**
Model 09.EM34LED **Emergency Flood LED**
- Same features as standard LED and halogen models with the added benefit of "Emergency ON" circuitry.
- When the power to the charger is interrupted, the mounted light automatically turns on to provide safety lighting.
- Designed for indoor locations.

Emergency Scene Light
16.0550.4007

- PAR 46 incandescent spot / flood light pivots 170° vertically and 360° horizontally.
- Chrome-plated brass body has a housing-mounted switch and 12' pigtail wiring.
- Housing measures 9½" H x 6½" W x 6" D.
- 100W / 200,000 CP Spot / 50,000 CP Flood
- 12V / 7.7A Max / Made in the U.S.A. / 1 Year Warranty

LED Spot / Flood Work Light
12.17201

- PAR 36 LED spot / flood bulb has (1) center 5W LED for a 3° spot beam and (20) outer LEDs for a flood beam.
- Rubber housing has an adjustable bracket.
- Standard pigtail wiring. (Remote switch sold separately.)
- Magnet base, switch and adapter plug available for an extra charge.
- Measures 6" H x 4¾" W x 4" D (including bracket)
- 12V / 0.5A Max / Made in the U.S.A. / 2 Year Warranty

Golight® Remote Control Spot Light
Model 16.7900

- Two-speed, remote-controlled, portable halogen searchlight.
- Motorized 370° horizontal rotation and 135° vertical tilt.
- Programmable, wireless remote control with 100' range.
- Selectable fast and slow rotation speeds.
- Mounts temporarily with a mechanical suction cup or permanently with a gasket and removable shoe base.
- 15' power cord with adapter plug for 12V DC.
- 5.5A Max / 400,000 CP / 65W
- Measures 8" H x 7" D x 7" L / 1 Year Warranty

Hi-Intensity Lights
06 Series

- 12V PAR 46 bulbs in black ABS plastic housings.
- Convenient thumb-operated power switch.
- Tiled handle provides a comfortable grip.
- Standard 10' straight cord with an adapter plug.
- Optional mounting clip sold separately.
- Housing measures 10½" H x 4½" D x 6" L.
- 1 Year Warranty

Incandescent Spot Lights

Model 12.0932.WW0

Model 12.0918

Model 12.0930

- Face of light slants downward at a 60° angle.
- Uniquely suited for illuminating service areas or the perimeter of school buses, emergency, utility and recreational vehicles.
- Projects a widespread 6500K cool white light.
- IP68 rated to resist water and withstand dust and dirt.
- Includes a mounting kit, gasket and 14" insulated wire.
- Models 12.0918 and 12.920.WW0 - 18W / 1.4A Max 1500 lumens / 1-7/8" H x 2-18" D x 9" L
- Models 12.0930 and 12.932.WW0 - 30W / 2.7A Max 2780 lumens / 1-7/8" H x 2-18" D x 12-1/4" L
- 10 - 30 Volt / 1 Year Warranty

MADE IN USA

Portable Spot Lights
08 Series

- 12V PAR 36 spot, spot / flood or flashing spot lights.
- Rust and impact resistant ABS plastic housings.
- Optional snap-on lenses are available in amber, blue, green and red. Sold separately. (Compatible with all models except Model 08.201LED.)
- Housing-mounted switches.
- Models with magnetic or magnetic swivel bases have (1) 90 lb-pull magnet.
- Standard 12' straight cord with an adapter plug.
- Housing measures 4¾" Diameter x 5⅛" D.
- Made in the U.S.A. / 1 Year Warranty

Model 08.0335.008 with Magnetic Base

Model 08.0355

Lenses sold separately.

Model 08.0327 with Magnetic Base

Halogen or Incandescent Spot Lights

- Steady beam has range of up to one mile.
- Standard slide switch. (Optional momentary switch.)
- Handheld, magnetic or magnetic swivel base.

Incandescent
Model 08.0335 2.3A / 35,000 CP / 30W

MADE IN USA

Model 05.5540
Backlit legends
(1) three-position progressive slide switch which has
    (3) 40A relays & (3) 30A (Type 2) auto re-set circuit breakers
(4) individually fused 20A switches for auxiliary functions

Undercover Switch Boxes & Sirens with Mini Controllers
31 Series

- All 31 Series models include a remote mini controller for discrete operation of lights, sirens or accessories.
- LED lights illuminate each tactile switch and highlight the selected function for night use.
- Plug-in connectors simplify installation.
- Mini Controller measures 1⅞" H x ½" D x 3⅛" L - approximately the length and height of a credit card.
- 12V / Made in the U.S.A. / 1 Year Warranty

Actual Size of Mini Controller

Undercover Switch Boxes with Mini Controllers
Each Relay Box has (4) 15A outputs and measures 2⅜" H x 5⅜" D x 4⅜" L.

Model 31.4040
- Four-output undercover switch box includes:
  (1) remote controller
  (1) relay box with all necessary wiring

Model 31.8040
- Eight-output undercover switch box includes:
  (1) remote controller
  (1) master relay box with wiring
  (1) slave relay box with wiring

Undercover Siren-Switch Box with Mini Controller
Model 31.2515.4040

- The Mini Controller operates four 15A outputs and four digitally-enhanced siren sounds.
- Powers one 100W speaker. (Sold separately.)
- Relay Switch Box & Siren Amplifier measure 2⅜" H x 5⅜" D x 4⅜" L each. / 10A Average - 15A Max

Eight-Function Undercover Siren with Mini Controller
Model 31.2515

- Mini Controller operates 8 sounds: Wail, Yelp, Warble, Whoop, Air Horn, Hi-Lo, Phaser and Intersection Mode.
- Powers one 100W speaker. (Sold separately.)
- Amplifier measures 2⅜" H x 5⅜" D x 4⅜" L.
- 10A Average - 15A Max

www.able2products.com

Siren & Switch Box Combo
Model 30.2400

12 Operational Modes

Warble	Whoop	Hi-Lo	Air Horn	Wail
Yelp	Phaser	PA	Standby	Tap
Intersection Mode			Radio Re-Broadcast

Combines siren and switch controls in one streamlined housing.

- Provides 12 amplifier modes (including the unique intersection mode) PLUS control of up to seven auxiliary functions from one convenient location.
- The hard-wired, noise-cancelling PA microphone has a momentary push-to-talk button on one side; variable volume control, mic clip and a tangle-resistant 4' coiled cord.
- A three-position progressive slide switch and four push-button on/off switches operate seven auxiliary functions. Each slide switch position and pushbutton switch is rated at 10A. The total for all switches cannot exceed 30A.
- Illuminated faceplate improves nighttime visibility.
- LED lights indicate status of auxiliary function.
- Powers one 100W RMS speaker. (Sold separately.)
- Solid-state electrical components and durable parts provide years of dependable service.
- Bracket, wiring and plug-in connectors included.
- Measures 3" H x 6½" D x 6" L.
- 12V / Made in the U.S.A. / 1 Year Warranty

Full-Feature and Full-Feature Plus Dash-Mount Sirens
Models 30.2100 / 30.2200

- Be ready for emergencies with these multi-function sirens featuring distinctive Intersection Mode.
- Both models come with a hard-wired, noise-cancelling PA microphone with a momentary push-to-talk button on one side. Variable volume control, mic clip and tangle-resistant 4' coiled cord simplify operation.
- Illuminated faceplates improve visibility in the dark.
- Engineered to withstand high-voltage spikes.
- Tap and Air Horn are horn-ring adaptable.
- Powers one 100W RMS speaker. (Sold separately.)
- Bail bracket, wiring and plug-in connectors included.
- Dimensions: 2¼" H x 6½" D x 6" L.
- 12V / 10A Average
- Made in the U.S.A. / 1 Year Warranty

SHO-ME®

1-800-641-4098

100W Dash-Mount Sirens
30 Series

- Solid-state electronics are engineered to withstand high-voltage spikes and reverse polarity.
- Powers (1) 100W RMS speaker. (Sold separately.)
- Bail bracket and wiring included.
- 121 dB at 10 ft (with Model 30.0210 speaker.)
- 12V / 10A Avg / Made in the U.S.A. / 1 Yr Warranty

MADE IN USA Three-Function Dash-Mount Sirens
Models 30.3106 / 30.3109

Streamlined design has LED mode indicator lights, (1) three-position rocker switch that controls Wail and Yelp tones, and (1) momentary rocker switch that controls Phaser sound (Model 30.3106) or Air Horn sound (Model 30.3109). Dimensions: 1⅜" H x 6" D x 6" L.

MADE IN USA Warble / Whoop Dash-Mount Siren
Model 30.2330

Compact unit has (2) lighted rocker switches - one for power and one for Warble / Whoop tones. Dimensions: 1⅜" H x 6" D x 6" L.

MADE IN USA Dash-Mount Amplifier
Model 30.2108

Features Air Horn, PA and Radio Rebroadcast. Horn ring adaptable. Hardwired, noise-cancelling PA microphone has variable volume control. Illuminated faceplate. Size: 2¼" H x 6½" D x 6" L.

MADE IN USA Four-Function Siren
Model 30.3104

Features LED mode indicator lights, (2) momentary switches for Air Horn and Phaser plus (2) on/off switches for Wail and Yelp functions. Dimensions: 1⅜" H x 6" D x 6" L.

MADE IN USA Back-Up Alarms
Models 13.0030 / 13.0040

- Keep work zones safe.
- Solid-state electronics.
- Spike and polarity protected.
- High-impact, corrosion-proof housings.
- Steam-cleanable.
- 12V - 24V / 2 Year Warranty
- Made in the U.S.A.

Back-Up Switch
Model 13.0134
Alarm activates when vehicle is in reverse. (Sold separately.)

Multi-Purpose Alarm
Model 13.0030
Self-Adjusting
87 to 112 dB / 1.0A
3⅛" H x 4" D x 5" L

Economy Alarm
Model 13.0040
Conforms to SAE J994 Type C
97 dB / 0.2A
2⅝" H x 1⅝" D x 4" L

100W RMS Speakers
30 Series

- Manufactured to withstand heavy use.
- Use with any 100W siren. (Sold separately.)
- Aluminum housings have a baked enamel finish.
- Standard bracket permits full axis orientation.

- Field-serviceable driver, voice coil, bell and tip.
- Impedance: 11 ohms at 1 Khz
- Frequency: 375 - 8000 Hz / 120 dB - 10' on axis.
- 12V / 1 Year Warranty

Standard-Profile Speaker
Model 30.0210

- Designed to fit most traditional light bars.
- Comes with Model 30.0212 plastic bell.
- Overall dimensions: 5¼" H x 6" D x 8" L.

Concealed Scoop Speaker
Model 30.0215P

- For concealed installation in front of or behind the radiator, in a light bar, near the fender or under the hood.
- Comes with Model 30.0217P plastic scoop.
- Overall dimensions: 4½" H x 4¼" D x 10⅜" L.
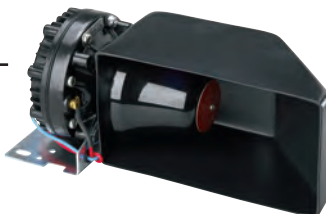

Round Bell Speaker
Model 30.0219.BLK

- Compact size makes this speaker ideal for use on motorcycles.
- Comes with Model 30.0251 aluminum bell.
- Overall dimensions: 6" Diameter x 5½" D.

100W Undercover Sirens
30 Series

- Dependable, solid-state electrical components.
- Compact controls free up space inside vehicle.
- Powers (1) 100W RMS speaker. (Sold separately.)
- 121 dB at 10 ft (with Model 30.0210 speaker.)
- Includes wire assembly and switch panel.
- Amplifiers measure 2⅜" H x 5⅜" D x 4⅜" L.

• 12V / 10A Average / Made in the U.S.A. / 1 Year Warranty

Three-Function Undercover Sirens
Models 30.2106 / 30.2109

Amplifier comes with a remote switch panel that has:
- (1) center-off rocker switch for Wail and Yelp tones
- (1) momentary rocker switch for either Phaser (Model 30.2106) or Air Horn (Model 30.2109 - shown)

Switch measures: 2" H x 1¾" D x 2" L.

Four-Function Undercover Siren
Model 30.2104

Amplifier comes with a remote switch panel that has:
- (1) center-off rocker switch for Wail and Yelp tones
- (1) center-off momentary switch for Phaser and Air Horn

Switch measures: 2" H x 1¾" D x 2" L.

Warble / Whoop Undercover Siren
Model 30.2220

Amplifier comes with a remote switch panel that has:
- (1) center-off rocker switch for Warble and Whoop tones

Switch measures: 1¾" H x 2½" D x 2¼" L.

Compact 100W Speakers

100W Slim Speaker
Model 30.0200

- Rugged, rust-resistant, cast aluminum housing has three sound channels that provide a clear tone with a long-distance spread.
- Works with any 100W siren. (Sold separately.)
- Field-replaceable voice coil.
- Impedance: 11 ohms at 1 Khz.
- Frequency range: 375 - 5000 Hz
- Fully assembled with a standard bail bracket.
- Measures 7½" H x 3" D x 7¾" L with bracket.

Sound Burst Speaker
Model 30.0300

- Rounded corners create a small profile that fits in tight spaces and concealed installations.
- Constructed of heavy-duty nylon composite.
- Multiple sound channels provide a clear tone.
- Works with any 100W siren. (Sold separately.)
- Impedance: 11 ohms at 1 Khz.
- Fully assembled with a removable "L" bracket.
- Measures 7½" H x 3½" D x 6½" L with bracket.

Triple Outlet Box
Model 14.0553

MADE IN USA

- Operate as many as three items at once.
- Sturdy fully-enclosed plastic box has chrome accents.
- Attached plastic plugs keep out dirt and moisture.
- 15 Amp automatic re-set circuit breaker.
- Includes 3' wire for installation in vehicle or boat.
- Measures 1⅝" H x 3¼" D x 6" L.
- 12V / 15A Total
- Made in the U.S.A. / 1 Year Warranty

Multi-Port Accessory Box
Model 14.0434

MADE IN USA

- Accommodate up to seven accessories with this space-saving multi-port accessory center.
- Includes (4) 5VDC USB ports with each pair of ports rated at 2.4A total. Individual ports can handle 1.2A each or one port of each pair can handle up to 2.4A total.
- Three 12VDC outlets provide a total of 15A for accessories like spotlights and air compressors.

CAUTION - DO NOT USE FOR CIGARETTE LIGHTER

- A 15A automatic re-set circuit breaker provides overload protection.
- Box measures 2" H x 3¼" D x 6" L.
- Made in the U.S.A. / 1 Year Warranty

Model 14.0370

Electronic Gun Locks

Securely transport weapons and prevent theft. Remote momentary switch enables instant access.
Designed to protect gun finish. Bolts to existing gun rack.
12 Volt / Direct Wire / 1 Year Warranty
Standard Electronic Gun Lock
Model 07.0710

- Accommodates Remington 870 shotguns.
- Manually unlocks with any standard handcuff key (not included).
- Includes momentary switch and hardware.
- Exterior measures 3¼" H x 3" W x 3" L. Interior measures 2¼" H x 1¼" W max.
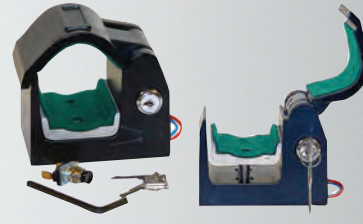

Adjustable Electronic Gun Lock
Model 07.7002

- Adjustment plate customizes interior for a variety of weapons including an AR-15.
- Key override permits access if power fails.
- With momentary switch, 2 keys & hardware.
- Exterior measures 4¼" H x 3" W x 4⅜" L. Interior measures 2 - 2¾" H x 2½" W max.

Multi-Purpose Gun Lock
Model 07.7015

- Bracket top latches in ⅛" increments to enclose different weapons.
- Key override permits access if power fails.
- Includes momentary switch, two keys and hardware.
- Exterior measures 6" H x 3" W x 3" L.

Timers

Improve safety, protect critical equipment and prevent dead batteries.
12 Volt / Made in the U.S.A. / 1 Year Warranty

Gun Lock Timer
Model 25.4802

- Enables access to weapon with one hand.
- The remote momentary switch holds the gun lock open for 8 seconds before it is automatically re-locked.
- Includes momentary switch and "L" bracket.
- Compatible with SHO-ME® gun locks. (Sold separately.)
- 1½" H x 1¼" D x 3" L / Direct Wire

Adjustable Accessory Timer
Model 25.3500

- Accessories turn on four seconds after vehicle has been started and remain on for a pre-determined amount of time after ignition is turned off.
- Adjustable from 2 minutes to 33 hours.
- Flush mounts with screws.
- 1½" H x ⅝" D x 4" L / Direct Wire

Multi-Purpose Flashers

Reliable, solid-state flashers work with incandescent, halogen and LED lights.
Waterproof, epoxy-sealed electronics provide protection against moisture, vibration and shock.
Headlight flashers have an override to prevent high-beam headlights from flashing.
12 Volt / 4A per side / Made in the U.S.A. / 1 Year Warranty

Random Pattern Flashers

Six flash patterns:
  Double Alternating, Quad Alternating,
  Quad Simultaneous, 90 FPM Simultaneous,
  90 FPM Wig Wag and 120 FPM Wig Wag.
3¾" H x ⅞" D x 3¼" W

Model 03.W3125
Headlight Flasher
Compatible with some
daytime running lights.
Requires a separate
power switch.
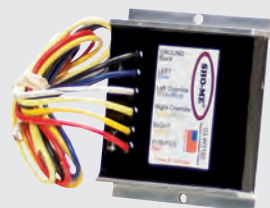

Model 03.W3126
Headlight Flasher
An additional low-current
control wire enables
operation from an
existing low-current switch.

Sequential Flasher

Specify alternating or random.

Model 03.W3010
Multi-Light Flasher
Controls up to 8 lightheads.
(Not for use with headlights.)
Three patterns: right to left,
left to right and center out.
(Specify random mode or
alternating mode at purchase.)
6" H x ⅞" D x 3¾" W

Alternating Flashers

Custom flash rates available.

Model 03.W125
Headlight Flasher
Compatible with some day-
time running lights. Requires
a separate power switch.
3¾" H x ⅞" D x 3¼" W
90 FPM per side

Model 03.W126
Headlight Flasher
An additional low-current
control wire enables the
operation from an existing
low-current switch.
3¾" H x ⅞" D x 3¼" W / 90 FPM per side

Model 03.W129
**Dual Speed
Headlight Flasher**
Choose 80 or 220 FPM per
side during installation.
3¾" H x ⅞" D x 3¾" W

Model 03.W132
**Grille Light or
Deck Light Flasher**
Designed for use with grille
lights OR deck lights.
3¾" H x ⅞" D x 3¼" W / 90 FPM per side

Bi-Directional Headlight Flasher
Model 03.W140

- Electro-mechanical flasher is designed for positive-switching and
  ground-switching vehicles with halogen or incandescent headlights.
- Choose one of four flash patterns.
- LEDs indicate flash pattern. High-beam override. Optional nighttime cut-off.
- 12V / 4A per side average / Made in the U.S.A. / 1 Year Warranty

LED Switches

Reliable, space-saving controls with single or multiple outputs for LED lights.
12 Volt / Made in the U.S.A. / 1 Year Warranty

LED Single Switch

Model 10.0895
- (1) 20A lighted rocker switch
- Mounts under dash with screws.
- 1⅝" H x ⅝" D x 1⅜" L

LED Double Switches

- 2 outputs / 20A max total
  (1) 20A POWER rocker switch
  (1) 15A momentary MODE switch
- Mounts under dash with screws.
- 2" H x 1¾" D x 2" L

Model 11.1002
- (+) lighted POWER switch
- (+) momentary MODE switch

Model 11.1002GSM
- (+) lighted POWER switch
- (-) momentary MODE switch

LED Rotary Switch / Flashers

- 6 or 8 outputs / 5A max total
- Rotary switch controls 15 patterns.
- Flash pattern indicator lights.
- Surface mounts with screws.
- 2" H x ½" D x 4" L

Model 11.1025.006
- Six (-) outputs.
- 1A per output / 5A max total

Model 11.1025.008
- Eight (-) outputs.
- 1A per output / 5A max total

MADE IN USA

LED Micro Switch
Model 11.1012

Use this compact switch to control a flasher or a light with a built-in flasher.

- 2 outputs / 3A max total
  (1) 3A (-) output POWER switch
  (1) 3A (+) output momentary MODE switch
- An LED light indicates when switch is powered.
- Durable tactile switches.
- Mounts with double-stick tape (included).
- 1½" H x ½" D x 2½" L

MADE IN USA

LED Micro Switch with Built-In Flasher
Model 11.1032

Switch & flasher combined in one compact housing.

- 2 outputs / 2A max total
  (1) 2A (+) output POWER switch
  (1) 2A (+) output momentary MODE switch
- Seven strobe-style flash patterns.
- LED lights indicate selected flash pattern.
- Mounts with double-stick tape (included).
- 1½" H x ½" D x 2½" L

MADE IN USA
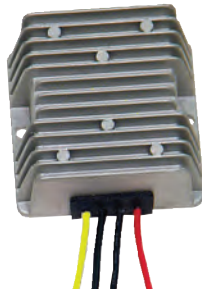

24V DC - 12V DC Converter
Model 05.2412.020

- 20A converter transforms 24V DC to 12V DC.
- Greater than 90% power conversion efficiency.
- Die-cast aluminum housing - epoxy-sealed.
- 100% waterproof. Fused.
- 1⅛" H x 2⅞" D x 2⅞" L / 20A Max / 1 Year Warranty

Ignition Override
Model 05.0915

MADE IN USA

- Keeps lights, radios, accessories and HVAC operating even after the vehicle ignition is turned off, the ignition key is removed and the doors are locked. Handles up to five circuits.
- After the ignition key is removed, the steering wheel and gear shift are automatically locked for safety.
- Activates with a push-button switch; then easily disengages with a simple tap of the brake pedal.
- Developed for crime scenes, canines and weather.
- MUST be installed by a qualified automotive technician who is familiar with the ignition and electrical systems of the vehicle in which the Ignition Override is to be installed
- Optional wiring kit available - sold separately.
- 12V / 1½" H x 2¾" W x 6½" L
- Made in the U.S.A. / 1 Year Warranty
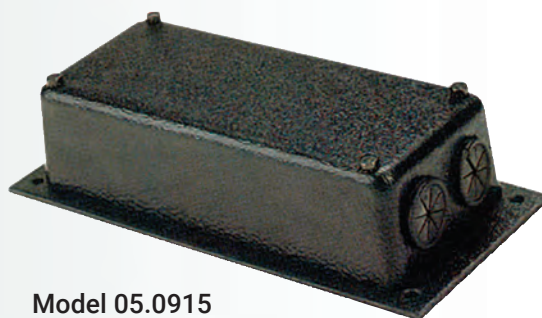

Model 05.0915

Optional Wiring Kit - Model 05.0917

Includes pushbutton switch, 50A automatic re-set circuit breaker, tie straps, splices, screws, ring terminals and wiring.
