ARTICLE 2 – MEMBERSHIP

2.1 Voting Members

The voting members of the NFHS shall be state* high school athletic/activity associations. A state high school athletic/activity association may become a voting member of the NFHS provided:

* The word “state” as used herein includes the District of Columbia.

- (a) it files application with the Board of Directors of the NFHS which shall recommend action on the application to the National Council.
- (b) it submits a copy of its Constitution and Bylaws with the application.
- (c) it is the governing or coordinating body for interscholastic athletics recognized by the majority of high schools in the state.

- (e) its application is approved by the National Council of the NFHS by a two-thirds (2/3) favorable vote from those member delegates present and voting at the National Council meeting when the application is acted upon.

2.2 Affiliate Members

Affiliate membership, with right of participation in meetings and activities as determined from time to time by the Board of Directors, but without voting privileges or eligibility for elected or appointed offices or assignments, may be granted to organizations that meet any one of the following criteria:

14.1.5 Rules Review Committee

Each rules committee shall submit any recommended rules changes to a Rules Review Committee consisting of staff persons serving as rules interpreters. The Rules Review Committee shall review the proposed rule for substantive soundness, for budgetary impact on high schools and state associations, and for consistency with NFHS policy and publishing style. The Rules Review Committee shall forward its consent or other comments, in writing or electronically, to the Board of Directors.

14.2 Other Standing Committees

The Board of Directors may from time to time establish other standing committees to study, evaluate and propose responses to issues or areas of concern related to interscholastic athletics and performing arts activities.

ARTICLE 15 – SPECIAL COMMITTEES

15.1 Establishment and Purpose

The Board of Directors may from time to time establish special committees to study, evaluate and propose responses to issues or areas of concern related to interscholastic athletics and performing arts activities.

ARTICLE 16 – ANCILLARY PROFESSIONAL ORGANIZATIONS

16.1 Purpose and Authority

The Board of Directors may establish, from time to time, associations designed to serve the needs of professionals working in the areas of interscholastic athletics and performing arts activities. Such associations shall have the authority, subject to the ultimate control of the Board of Directors, to engage in such activities as they deem will advance the interests of interscholastic athletics and performing arts activities, and of their members.

16.2 Policies and Procedures

Each such organization shall establish membership criteria, a governance structure, a mission statement, a planning process, a budgetary procedure and a dues structure. Each such ancillary professional organization shall report to the Board of Directors not less often than annually (or at more frequent intervals if the Board shall so direct) and shall conduct its affairs under the ultimate authority of the Board.

ARTICLE 17 – ATHLETIC SANCTIONING

Each voting member shall sanction through the NFHS competition by a member school in any of the following contests:

1. **Co-sponsoring Sanction Requirement:** Any interstate competition involving two (2) or more schools which is co-sponsored by an organization outside the high school community (e.g., a university, a theme park, a shoe company), in addition to being sponsored by a member school, an approved school or a state association, shall require sanction of the NFHS office. At the request of a voting member and with the approval of the Board of Directors, the NFHS may undertake additional sanctioning responsibilities pertaining to events within such voting member's state.
2. **Non-bordering State Sanction Requirement:** Subject to subparagraph 1, no sanction is required from the NFHS office if all competing schools, regardless of the number of competing schools, are from states which border the host state. Each state association shall sanction through the NFHS office interstate competition by a member school involving either:
 - a. More than eight (8) schools, at least one (1) of which is from a state that does not border the host state; or
 - b. Five (5) or more states, at least one (1) of which does not border the host state.

If the voting member in the state in which an event is to be conducted is unwilling or unable to serve as the host state association for purposes of athletic sanctioning, but has no objection to a second voting member serving as the host state association, then such second state association may so serve. In such event, the host school for the event, with all the responsibilities thereby entailed, must be from the state of the second state association.

Competition involving border states, and all other configurations of interstate competition not requiring the sanction of the NFHS office, shall be sanctioned by the state associations involved according to their own procedures.

Each voting member shall approve and receive NFHS approval of competition by a member school in an athletic event under that voting member's jurisdiction against a school from a foreign country, except for two (2) school and three (3) school competition with a school or schools from Canada or Mexico which necessitates a round trip of less than 600 miles.

The Board of Directors shall establish and publish policies, procedures, criteria and application forms for sanctioning domestic and international competition. Sanction shall not be granted for any tournament, meet or other contest to qualify for and/or determine a single national high school individual champion or championship team. Championships for athletes with disabilities shall not require NFHS sanction.

In all interstate contests each voting member shall require each participating school to follow the contest rules of the voting member of which it is a member, or rules which have been approved by the voting member for interstate competition.

No voting member shall permit a member school to compete in any contest in any other state if the contest involves conditions which would violate the regulations or established policies of that school's voting member.

INDEMNIFICATION POLICY

OF NATIONAL FEDERATION OF STATE HIGH SCHOOL ASSOCIATIONS OFFICERS, DIRECTORS, EMPLOYEES, COMMITTEE MEMBERS AND AGENTS

Section 1: The National Federation of State High School Associations shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the NFHS) by reason of the fact that he/she is or was a director, officer, employee, or agent of the NFHS, or is or was serving at the specific written request or with the written approval of the NFHS Board of Directors as a director, officer, employee, committee member or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts to be paid in settlement actually and reasonably incurred by him/her in connection with such action, suit or proceeding if he/she acted in good faith and in a manner he/she reasonably believed to be in or not opposed to the best interests of the NFHS, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his/her conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith

and in a manner which he/she reasonably believed to be in or not opposed to the best interests of the NFHS, and with respect to any criminal action or proceeding, had reasonable cause to believe his/her conduct was unlawful.

Section 2: The NFHS shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the NFHS to procure a judgment in its favor by reason of the fact that he/she is or was a director, officer, employee or agent of the NFHS or is or was serving at the specific written request or with the written approval of the NFHS Board of Directors as a director, officer, employee, committee member or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him/her in connection with the defense or settlement of such action or suit if he/she acted in good faith and in a manner he/she reasonably believed to be in or not opposed to the best interests of the NFHS and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his/her duty to the NFHS unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

Section 3: Any indemnification under Sections 1 and 2 (unless ordered by a court) shall be made by the NFHS only as authorized in the specific case upon a determination that indemnification of the director, officer, employee, committee member or agent is proper in the circumstances because he/she has met the applicable standards of conduct set forth in Sections 1 and 2, and has acted with such care as an ordinarily prudent person in a like position would use under the same or similar circumstances. Such determination shall be made (1) by the Board of Directors by a majority vote of a quorum consisting of Board of Directors members who were not parties to such action, suit or proceeding, or (2) if such a quorum is not obtainable, or, even if obtainable a quorum of disinterested Board of Directors members so directs, by independent legal counsel in a written opinion, or (3) by the National Council of the NFHS.

Section 4: Expenses (including attorneys' fees) incurred in defending a civil or criminal action, suit or proceeding may be paid by the NFHS in advance of the final disposition of such action, suit or proceeding as authorized in the manner provided in Section 3 upon receipt of an undertaking by or on behalf of the director, officer, employee, committee member or agent to repay such amount unless it shall ultimately be determined that he/she is entitled to be indemnified by the NFHS as authorized in this indemnification provision.

Section 5: The indemnification provided by this section shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any bylaw, agreement, vote of shareholders or disinterested directors or otherwise, both as to action in his/her official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee, committee member or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

Section 6: The NFHS may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, committee member or agent of the NFHS, or is or was serving at the request of the NFHS as a director, officer, employee, committee member or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him/her and incurred by him/her in any such capacity or arising out of his/her status as such, whether or not the corporation would have the power to indemnify him/her against such liability under the provisions of this indemnification provision.

Section 7: The intent of this indemnification is to include NFHS representatives to organizations such as USOC member National Governing Bodies, etc.

Section 8: This indemnification policy shall be effective for acts and/or omissions occurring on or after August 15, 1992, and shall remain in effect until amended or terminated by the NFHS Board of Directors or its successor.

EMPLOYMENT POLICY

FOR NATIONAL FEDERATION OF STATE HIGH SCHOOL ASSOCIATIONS EMPLOYEES

The National Federation of State High School Associations shall hire, recruit and promote staff without regard to gender, race, color, national origin, religion, age and disability, in accordance with applicable provisions of the Civil Rights Act of 1964, as amended; the Americans with Disabilities Act of 1991, and all other applicable laws, regulations and ordinances.

THE NATIONAL FEDERATION OF STATE HIGH SCHOOL ASSOCIATIONS

The NFHS is an organization of 50 state high school athletic and/or activity associations and the association of the District of Columbia. Additionally, there are 36 affiliate members of the NFHS, including nine interscholastic associations of the Canadian Provinces of Alberta, British Columbia, Manitoba, New Brunswick, Newfoundland and Labrador, Nova Scotia, Ontario, Quebec and Saskatchewan. For a complete listing of affiliate members, see pages 88-92.

The NFHS is a member-governed, not-for-profit corporation. Through its national office, the NFHS coordinates and supports rules-making activities, national conferences and educational functions on behalf of its membership.

The NFHS is committed to diversity and inclusiveness in all of its activities.

HISTORY AND ORIGIN OF THE NATIONAL FEDERATION OF STATE HIGH SCHOOL ASSOCIATIONS

In May 1920, at the invitation of L.W. Smith, Secretary of the Illinois High School Athletic Association, representatives of the state athletic associations from Iowa, Illinois, Wisconsin, Michigan and Indiana met in Chicago to discuss common concerns arising out of collegiate and nonschool sponsorship of high school athletic contests. The discussion focused on the conditions of high school athletic events which were organized by colleges, universities and nonschool clubs or promoters. In many cases, these organizations paid little attention to eligibility rules established by high school athletic associations. The group decided that the welfare of student-athletes required greater collaboration and cooperation among the several state associations. From this premise, the representatives present created the Midwest Federation of State High School Athletic Associations. The organization's purpose as stated in Article 11 of the constitution was ". . . to protect the athletic interests of high schools belonging to the various state associations and to promote pure amateur sport." The group elected L.W. Smith as secretary-treasurer and principal George Edward Marshall, Davenport, Iowa, as the first president. Smith served as the acting executive secretary (director) from 1920 to 1927.

In 1921, the states of Illinois, Iowa, Wisconsin and Michigan became charter members of the Midwest Federation of State High School Athletic Associations. Other state high school associations expressed interest in joining, and in 1923, the name was changed to the National Federation of State High School Athletic Associations. In 1927, Charles (C.W.) Whitten succeeded Smith as secretary-treasurer of the National Federation and directed the affairs of both the National Federation and the Illinois High School Athletic Association until 1940.

The organization continued to grow in numbers and scope of function. It addressed the areas of administering contests, interstate competition between and among high school athletic teams, rules making, amateurism/awards and national championships. By 1930, 28 athletic associations were members; by 1940, the membership numbered 35. Finally in 1969, all 50 state associations and the District of Columbia had joined.

During the 1930s, the organization started writing and publishing playing rules. During this decade, the organization began to exercise greater control over the sanctioning of interstate athletic events.

In September 1940, the Executive Committee appointed H.V. Porter of the Illinois High School Athletic Association to become the first full-time executive secretary (director) of the National Federation of State High School Athletic Associations.

Through the 1940s, committee activities grew in the organization for individual sports/rules codification. Distribution of rules interpretation materials, such as films and summaries of rules interpretation meetings, increased dramatically. The National Council continued to address and formulate policy on sanctioning interstate high school events. Committee structure was realigned to meet the needs of an emerging independent organization. The National Federation of State High School Athletic Associations developed stronger relationships for recognition and support with other athletic organizations including an agreement with professional baseball to refrain from any actions which might jeopardize the amateur status of high school athletes.

In the 1950s and '60s, the National Federation of State High School Athletic Associations became involved in conducting surveys to gain information/data about high school athletics, game administration and the financing of athletic programs. It was also during this time that the organization directed its efforts toward working with athletic administrators and game officials to develop efficiency and consistency governing and controlling contests. The National Federation of State High School Athletic Associations improved cooperation in sanctioning interstate high school athletic contests. In 1958, H.V. Porter retired and Clifford B. Fagan was appointed as executive secretary.

In 1970, the National Federation of State High School Athletic Associations established the performing arts as a program area and the term "athletic" was removed from the name of the organization. Since then, the organization has been known as the National Federation of State High School Associations.

Committees developed rules for boys and girls gymnastics, volleyball, swimming, wrestling, soccer, softball, track and field, field hockey, and ice hockey. Also started in the 1970s were the National Conference of High

School Directors of Athletics, the *Interscholastic Athletic Administration* magazine, the National Interscholastic Athletic Administrators Association, administrative staff and national services for speech/music/drama/debate, and the National High School Sports Record Book.

Upon Mr. Fagan's retirement, Brice B. Durbin was appointed as executive director in 1977. In 1979, the National Federation of State High School Associations moved its office from Elgin, Illinois, to Kansas City, Missouri.

During the 1980s, the National Federation initiated National High School Activities Week, the National Federation Interscholastic Coaches Association, the National Federation Interscholastic Officials Association, the National High School Sports Hall of Fame, the National Federation Officials Equipment Center, the National Federation Interscholastic Music Association, the National Federation Interscholastic Speech and Debate Association, and the National Conference of High School Coaches and Officials. In the 1980s, the National Federation became the sole sponsor of the National Debate Topic Selection Meeting and started the TARGET Program – a national education program for the prevention of student use of drugs, alcohol and tobacco. Additionally, the NFHS published spirit rules and included water polo rules in the swimming rules book.

In the 1990s, the National Federation continued to provide a broad spectrum of quality services for its members. Among the highlights were the start of the National Federation Interscholastic Spirit Association; a governance restructuring plan to change the Executive Committees to the Board of Directors; development of a new Mission Statement, Constitution and Bylaws; starting of publications for high school coaches and officials (National Federation Coaches' Quarterly and National Federation Officials' Quarterly); starting of the National Federation Foundation; and the National Federation becoming a founding member of the Citizenship Through Sports Alliance. In addition, in 1993, Brice B. Durbin retired as executive director and Robert F. Kanaby succeeded Mr. Durbin. Also, in 1994, Alvis Johnson of Kentucky was named the first African-American president of the NFHS and, in 1996, Becky Oakes of Missouri was selected as the first female president of the NFHS. In 1997, a new logo was approved and the organization switched from National Federation to NFHS for its simplified name.

In January 2000, the NFHS national office was relocated from Kansas City, Missouri, to Indianapolis, Indiana. That same year, the NFHS hosted the first Girls and Women in Sports Day Luncheon and a national weight-management seminar in Indianapolis. In 2001, the NFHS hosted the first Student Leadership Conference and published the first Sports Medicine Handbook. In 2002, the NFHS entered into major marketing agreements with the Universal Cheerleaders Association, and developed a position statement against the use of supplements by high school athletes.

Other highlights of the organization's first decade in Indianapolis include launching the NFHS/ASEP Officials Education Program, approving a landmark weight-management program in wrestling and initiating a steroids-awareness program including the development of brochures, posters and DVDs for distribution to more than 16,000 high schools. In 2006, the NFHS entered into a sponsorship agreement with T-Mobile to include a basketball invitational tournament for both boys and girls; and started its own Coach Education Program. In 2007, the NFHS replaced the "NFHS News" with "High School Today." In 2008, the NFHS developed its "National High School Spirit of Sport Award," which is presented to eight section winners and one national winner, and the NFHS introduced its "Sportsmanship – It's Up to You" Toolkit, and launched a national merchandise licensing program to benefit high schools. The third T-Mobile Invitational basketball tournament was held in Muncie, Indiana, in December 2008, and the sixth National Student Leadership Conference was held in Indianapolis.

The 2009-10 academic year marked a change in the NFHS' leadership as Executive Director Bob Kanaby retired following 17 years of service and was succeeded by Bob Gardner, who had served the previous 10 years as the NFHS' chief operating officer.

Since 2010, the NFHS has led the way in concussion awareness nationally. The free online course "Concussion in Sports" has been taken by more than four million individuals through the 2018-19 school year, and concussion protocols are outlined in all NFHS rules books. The NFHS Learning Center at www.NFHSLearn.com has more than 70 courses available for coaches, administrators, students, music and speech educators, officials, parents and others. Overall, more than 8.5 million courses have been delivered since the start of the Learning Center in 2007.

The NFHS Network was started in 2013-14 to provide digital streaming of high school sports and other events at www.NFHSNetwork.com. Through five years of operation, the NFHS Network continues to deliver more and more events online.

Bob Gardner retired at the end of the 2017-18 school year, and he was succeeded by Dr. Karissa L. Niehoff, who directed the Connecticut Interscholastic Athletic Conference for seven years before joining the NFHS.

STATEMENT OF PHILOSOPHY

The NFHS, the voice of interscholastic athletics and performing arts activities, exists to promote the sound educational principles of secondary education. Activities are a social force which teach values/achievement for physical, psychological and emotional growth in the education environment.

Participation in activities reinforces responsible social processes. Educational experiences gained through activities programs are opportunities to learn, promote and reinforce the elements that influence students to

become productive citizens. The commitment students make to their schools and their teammates help them accept responsibility, recognize self-worth, learn about sportsmanship, gain integrity, promote fairness, enhance optimism and condition themselves to self-sacrifice. As participants, they place the welfare of others ahead of self, accept others regardless of abilities or background, develop self-respect/discipline, and think independently while having a commitment to group or collective goals which go beyond winning. Learning to compete, and learning to prepare to compete, are crucial to the maturation process.

The central commitment of the NFHS is to support and enhance at the national level the interaction between and among the member state associations in their efforts to administer and direct participation of their respective member schools in activities programs.

The NFHS is dedicated to the continued development and maintenance, through common agreement of its members, of rules of play and ancillary educational materials. In turn, the NFHS membership is committed to enhancing and stimulating opportunities for ever-greater numbers of qualified students in athletic and activity programs.

The NFHS membership is committed to keeping school-sponsored contests in perspective as a part of the total educational program at the local, conference, district and state levels.

The NFHS believes it is imperative to maintain cooperative relationships, wherever possible, with other educational and/or nonschool organizations involved in amateur and professional athletics. These relationships can be beneficial to all organizations involved and the individual participants as a means of preserving the integrity of the programs and the eligibility of participants. It is the position of the NFHS that athletics and performing arts activities permit the pursuit of excellence, but they also are for enjoyment, recreation, entertainment, the promotion of healthy lifestyles, sports for the sake of sports and opportunities for greater fulfillment of interests and aptitudes of youth.

The overriding commitment of the NFHS membership is the health, welfare and ethical growth of students who participate directly in high school activities programs. This commitment is being achieved through a continuing, unified effort of the NFHS membership to maintain the highest ideals of fair play and responsible citizenship.

One of the primary missions of the educational process is to teach participants essential skills that will provide for a lifetime of contributions to their communities. Sports and performing arts activities are conduits through which young people feel part of their communities, and thus such activities can be effective vehicles for promoting citizenship.

RATIONALE FOR ELIGIBILITY RULES

Each state association promulgates eligibility rules governing the participation of its respective student-athletes and conduct of its programs. The following represent the general rationale for the areas addressed by state association eligibility rules.

AGE ELIGIBILITY

An age limitation requirement: provides commonality between student-athletes and schools in interscholastic competition; inhibits "redshirting;" allows the participation of younger and less experienced players; enhances the opportunity for more students to participate; promotes equality of competition; avoids over-emphasis on athletics, and helps to diminish the inherent risk of injury associated with participation in interscholastic athletics.

To ensure equality of competition and opportunity, a standard must be established at some point to determine the cut-off date for age eligibility. Use of a specific cut-off date gives notice to all parties involved in interscholastic athletics and maintains equality of participant eligibility among schools.

ENROLLMENT/ATTENDANCE

A student enrollment requirement: promotes loyalty and school spirit which lends itself to cohesion of the student body; helps promote amateurism by drawing athletes only from each school's student population; avoids professionalism and over-emphasis on athletes; discourages "team-shopping," which wrongfully skews the relationships among student-athletes and coaches; secures role models for other students, and allows students in many public schools to participate in interschool athletics for credit in fulfillment of physical education requirement for graduation.

An attendance requirement helps ensure that students will adhere to a school's attendance plan which, in turn, prompts students to maintain the academic standard required for participation and promotes graduation in a common time frame.

MAXIMUM PARTICIPATION

A maximum participation requirement: promotes timely progress toward graduation by discouraging students from delaying or interrupting their high school education; disallows students to enroll for one semester each school year to increase athletic ability and skill; promotes equality of competition; diminishes risks stemming from unequal competition, and places emphasis on the academic mission of the school.

A maximum participation requirement promotes harmony and fair competition among member schools by maintaining equality of eligibility. Each student is afforded the same number of semesters of athletic eligibility, which increases the number of students who will have an opportunity to participate in interscholastic athletics.

A maximum participation requirement is conducive to the prevention of redshirting; helps avoid exploitation by coaches or boosters who otherwise might seek to obtain transfers or to delay a student's normal progress through school, and prevents displacement of younger student-athletes by older student-athletes wishing to protract unfairly their high school athletic careers.

TRANSFER/RESIDENCY

A transfer/residency requirement: assists in the prevention of students switching schools in conjunction with the change of athletic season for athletic purposes; impairs recruitment, and reduces the opportunity for undue influence to be exerted by persons seeking to benefit from a student-athlete's prowess.

A transfer/residency requirement: promotes stability and harmony among member schools by maintaining the amateur standing of high school athletics; by not letting individuals other than enrolled students participate, and by upholding the principle that a student should attend the high school in the district where the student's parent(s) guardian(s) reside.

A transfer/residency requirement: also prohibits foreign students, other than students who are participants in an established foreign exchange program accepted for listing by the Council on Standards for International Educational Travel (CSIET), from displacing other students from athletic opportunities.

ACADEMIC

The primary purpose of high schools is to academically prepare students for productive contributions in their future lives as citizens. Interscholastic activity programs are an extension of the classroom, and academic standards help ensure the balance between participation in the activity and appropriate academic performance. In addition, interscholastic activity programs assist in the educational development of all participants.

Academic standards also promote the objective of graduation from the institution and that student participants are truly representing the academic mission of the institution. Overall, academic standards promote educational standards, underscore the educational values of participating in activities, encourage appropriate academic performance and allow the use of interscholastic participation as a motivator for improved classroom performance.

NON-SCHOOL PARTICIPATION

A restriction on non-school athletic participation protects students who choose to participate on their schools' athletic teams from exploitation by those who seek to capitalize on their skill and/or reputation; avoids risks incident to participation in non-school athletic programs that may have inadequate administrative oversight; discourages outside entities from pressuring student-athletes to miss classes while competing on non-school teams or in non-school events; equalizes competition by reducing any unfair advantage of students who participate in non-school athletics may have over those who do not participate in outside events, and reduces distractions from academic preparation and other school responsibilities. A non-school athletic participation restriction also provides some control over the trend towards year-round competitive sports seasons.

The sanctioning process operates to reduce, or even eliminate, conflicts which may arise due to: time conflicts of practices, games, playoffs, differing coaching philosophies of the school coaching staff and the non-school coaching staff, and team loyalty.

PREPARTICIPATION EVALUATION

Acting on a recommendation from the NFHS Sports Medicine Advisory Committee, the NFHS Board of Directors has stated that preparticipation physical evaluations for high school student-athletes are a necessary and desirable precondition to interscholastic athletic practice and competition.

In the opinion of the NFHS, promulgating organizations should review their student-athlete evaluation procedures not less than every three years. Such reviews are often conducted in consultation with specially constituted sports medicine advisory committees or with physicians practicing in the fields of pediatrics, orthopedics or cardiology.

The NFHS believes that each such review should include an assessment of the applicability of any recent statutory or regulatory actions. In addition, the reviewers may consider the proper frequency for such evaluations, whether use of a specific preparticipation physical evaluation form should be required, the appropriateness of any sport-specific assessment of a student-athlete's musculoskeletal, cardiovascular and body maturation status, and who should be authorized to perform such evaluations.

RESTITUTION

A restitution requirement discourages abuse of the court system, which may occur when persons seek interim

rulings in court cases not intended to be pursued on the merits; protects equality of competition; helps to prevent exploitation of students, and assures the application of common practices to all participating teams.

A school may be required to make restitution if an ineligible player participates in an interscholastic event under court order, if the case dismissed by the plaintiff before trial on the merits or if the trial court or a higher court later determines that the player was indeed ineligible. Restitution is limited to depriving a high school of a competitive result to which it was not entitled, and is not punitive in nature. In addition, it serves as a means to protect the public purpose of fair play related to the activity.

A fuller discussion may be found in the brief of amicus curiae, the National Federation of State High School Associations, in **Indiana High School Athletic Association v. Reyes**.

AMATEUR/AWARDS

An amateur/awards limitation promotes amateurism; stimulates participation for the sake of the game itself; prevents exploitation of students, and encourages students to engage in athletic competition for physical, mental and social benefits.

RECRUITING/UNDUE INFLUENCE

A recruiting/undue influence prohibition discourages exploitation of students; prevents over-emphasis of athletics; gives average student-athletes more opportunity to participate; discourages adults from jeopardizing a student's eligibility, and prevents misuse of athletic programs.

AGREEMENT WITH PROFESSIONAL BASEBALL

To promote the education of the nation's young people, an agreement between Professional Baseball and the National Federation of State High School Associations (NFHS) has been in effect since 1944. It was approved by then-Commissioner Landis and adopted by the Major and Minor Baseball Leagues in December of that year. The original agreement was slightly revised and expanded at subsequent meetings but the essentials have been retained through the administrations of all subsequent Commissioners of Baseball.

MAJOR-MINOR LEAGUE RULE 3 (h)

- (H) High School Players.
- (1) No student of a high school shall be signed to a contract by a Major or Minor League club during the period the student is eligible for participation in high school athletics. In any instance where such eligibility has expired prior to the student's graduation from high school (a) because of the student's age; or (b) because he has completed the maximum number of semesters of attendance, he may thereafter be signed to a contract which does not obligate him to report for service prior to graduation of the class with which he originally entered high school, i.e., until eight semesters after his original entry into the ninth grade.
 - (2) A student who drops out of high school prior to expiration of his athletic eligibility and continues to remain out for at least one year may thereafter be signed to a contract for immediate service provided his withdrawal from high school was not suggested, procured or otherwise influenced by the club contracting with him, or by any official or employee of such club or of any of its affiliates.
 - (3) Nothing herein shall be construed as prohibiting any Major or Minor League club, its officers, agents or employees from talking to any high school student at any time concerning a career in professional baseball and discussing the merits of his contracting, when eligible therefore, with any particular club.
 - (4) "Tryouts" to which students may be invited may be conducted during the school year, provided that (1) no student shall be permitted to participate in any such tryout unless the principal of his high school, if not employed by a Major or Minor League club, shall have approved such participation in writing, and (2) provided further that any such tryout must be limited to not more than five high school students at any given high school.
 - (5) Any contract made in violation of this rule shall be declared null and void and the offending club (and any club owned by or affiliated with such club) shall be prohibited from signing such player for a period of three years from date of declaration of avoidance of such contract. In addition, such club shall be fined \$500, by the Commissioner in the case of a Major League club, or by the President of the National Association in the case of Minor League club, and the official, scout or employee of the offending club who participated in the violation shall be subject to such penalty as the Commissioner or the President of the National Association, as the case may be, shall impose.
 - (6) This rule shall apply to all high school students in the fifty (50) states of the United States of America, and shall not apply to high school students attending high schools outside the said fifty states of the United States of America.

RULES-WRITING ACTIVITY

RULES COMMITTEE APPOINTMENTS for all sports, except football, are made by the National Federation of State High School Associations Board of Directors upon nomination by state executive officers. A system of rotation has been established through which each NFHS section will have representation on each such rules committee except for sections that have little or no participation in a given sport. This procedure enables states to have representatives take a turn on committees and at the same time, enables the NFHS to benefit from all talent available. The rotating principle provides wider participation with the possibility of providing more people the benefits of rules-making experience. In addition, each such committee has a voting member who is a coach and another who is an official, both of whom are nominated by the section on a rotating basis. Each committee has a nonrotating chairperson which ensures continuity in a particular area of responsibility. Terms on the committee are structured for four years, thus making it possible for the committee personnel to rotate, with one person from each of two sections being named each year. Each rules committee maintains liaison with other major rules-writing bodies, in order to have the rules at the interscholastic level in tune with a particular athletic activity.

STATE ASSOCIATIONS are not required to use NFHS playing rules. However, most states use NFHS playing rules for most sports. If a state is to have representation on a committee, it must, in all material respects, follow the NFHS playing rules for that sport (or employ more restrictive rules) for the reason that people who use a given set of rules are likely to be the most knowledgeable about them. If the rules give an option, a state may mandate either and retain membership on the committee. Typically, NFHS rules place a major emphasis on risk minimization, balance between offense and defense, preservation of the sound traditions of the sport in question, and efficiency in administration of contests. Also, the NFHS provides a wide range of companion services (rules interpretation meetings, videos, examinations, etc.) which enhance the knowledge level with which coaches, officials and student-athletes may use the rules. The Football Rules Committee operates on a one-vote-per-state basis, except for states which do not use the rules.

SANCTIONING OF DOMESTIC EVENTS

Interscholastic programs should serve educational goals. To this end, schools have an obligation to conduct certain threshold inquiries about events in which their students may participate. On occasion, additional inquiries and oversight may be appropriate at the conference, district, state or national levels. In order to perform their “inquiry and oversight” functions fairly and efficiently, decision-makers at various levels have developed sanctioning

procedures. The specific purposes served by event-sanctioning procedures include the following: 1) Sanctioning enhances the likelihood that events will adhere to sound and detailed criteria which meet the specific requirements of a school or a group of schools based upon experience and tradition. 2) Sanctioning serves to promote sound regulation of the conditions under which students and teams may compete. 3) Sanctioning is a means of encouraging well-managed competition. 4) Sanctioning adds an element of “due diligence” that encourages compliance with state association rules and regulations. 5) Sanctioning protects the welfare of student-athletes. 6) Sanctioning protects the existing programs sponsored by member schools and thereby promotes the opportunity for larger numbers of student-athletes to gain the benefits of interscholastic competition. 7) Sanctioning helps reduce the abuses of excessive competition. 8) Sanctioning promotes uniformity in obtaining approval for events. 9) Sanctioning helps protect students from exploitation. 10) Interstate event sanctioning at the NFHS level promotes financial transparency and equivalency of treatment of participating high schools. NFHS sanctioning forms are available on the NFHS website (www.NFHS.org).

SANCTIONING OF INTERNATIONAL EVENTS

The NFHS supports the development of international understanding and goodwill through athletic exchanges. Applications for sanction of international events should be submitted to the NFHS on forms and in accordance with procedures from time to time approved by the Board of Directors. Forms are available on the NFHS website (www.NFHS.org).

HISTORY OF NFHS POLICY ON NATIONAL CHAMPIONSHIPS

Frequently through the years, the NFHS has considered the issue of national high school championships. The earliest recorded action took place on February 26, 1934. The National Council voted that the Executive Committee should refuse to sanction any meet or tournament which is in the nature of a contest to determine a national high school championship. The Executive Committee/Board of Directors has acted in accordance with this vote, and no sanction has been granted although there have been many successful attempts by promoters to hold contests which are national in scope. The history and stated rationale for the refusal to sanction national high school championships has been described as follows:

THIS ACTION CONCERNING NATIONAL CHAMPIONSHIP MEETS was the result of sentiment on the part of high school administrators that the high schools are provided with enough competition by their own leagues and state associations. If more competition were desired, it would be an easy matter for such leagues or state associations to prolong the season or to arrange postseason games or to increase the number of tournaments. When such action is not taken, it is because additional competition is not desirable. Matters such as this must be determined by groups rather than by individual high schools because if one high school were permitted to extend the season indefinitely or to travel an indefinite distance to an interstate event, it practically forces other high schools to do likewise, if they are to compete on equal terms with the one which follows such practices. In this respect, the fundamental principle upon which the group action is based is exactly the same as that which underlies statewide eligibility rules. If one high school were permitted to decide for itself whether it would play 21-year-old students, it would automatically force all other high schools with whom that school competes to do likewise. It is obvious the will of the majority must apply in such situations.

THE POLICY CONCERNING SANCTIONING NATIONAL CHAMPIONSHIPS has been under constant review by the NFHS and was reaffirmed July 9, 1977, when the National Council in amending its Athletic Bylaws adopted the following: “Sanction shall not be granted for any tournament, meet or other contest to qualify for and/or determine a national high school championship.” However, at its July 1977 meeting in Milwaukee, Wisconsin, the NFHS Competition Committee recommended the topic of national championships sponsored and conducted by the NFHS be discussed at every NFHS Section Meeting during 1977-78. These discussions did occur.

A RESOLUTION authorizing the NFHS to develop a comprehensive promotional program for high school activities, including sponsorship of national championships, was passed 24 to 18 by the National Council on January 1, 1978, with the provision that the program be submitted for the review of the National Council in July 1978. A plan for national competition in golf, tennis, and track and field, beginning in 1979, was developed by the Executive Committee (Board of Directors) and distributed to the membership in February 1978, so there would be ample time for discussion. However, at its meeting in Salt Lake City on July 7, 1978, the National Council voted 27 to 17 to delay for one year taking action on the Executive Committee’s plan. It was the expressed hope of the National Council delegates who voted for the delay that during the 1978-79 school year the NFHS would obtain commitments from both principals and school boards at the local as well as state and national levels to either

join the NFHS in attempting to halt the proliferation of nonschool-sponsored national competition or support the NFHS' efforts to provide healthier, school-sponsored national competition.

A VOTE on the plan to conduct national invitational competitions in golf, tennis, and track and field during the summer was taken by the National Council on July 7, 1979, in Cambridge, Massachusetts. The Council, by a 38 to 9 vote, declined to approve the plan. In the ensuing decades, the membership has revisited periodically the subject of national championships. In the absence of a coalescence of membership support, the NFHS has not conducted or endorsed such events. On January 4, 2011, in Savannah, Georgia, the National Council defeated a proposed amendment to the NFHS Bylaws that would have allowed the NFHS to conduct national championships in golf and cross country.

POSITION STATEMENT ON NATIONAL CHAMPIONSHIPS

The NFHS does not support, nor sanction, national school team competition that leads to a champion that may be perceived by the media and others to be a national champion in an athletic event.

The NFHS recognizes that entrepreneurs, for-profit corporations, and others may choose to invite schools and/or individual athletes to participate in competition which may include representatives from a number of different states. Whether or not the NFHS sanctioning policy may apply to such events, the NFHS suggests that invited schools and athletes exercise due diligence before choosing to participate.

The NFHS endorses and supports tournaments promulgated by member state associations which provide a culminating activity for student-athletes in sports sponsored by individual state high school athletic and activity associations.

ALL-STAR AND POSTSEASON CONTESTS

The National Federation of State High School Associations (NFHS) has long had concerns that abuses could arise from high school students' participation in all-star and postseason contests. The National Council of the NFHS has encouraged strict regulations to prevent the abuses which could grow if such contests were to be permitted without limitation. A resolution passed at the 1947 Summer Meeting took a strong position in opposition to such contests. That position was reaffirmed at the 1948 National Council meeting.

In 1978, a joint statement addressing the proliferation of all-star events during the school year was issued by the NFHS, National Collegiate Athletic Association, National Association of Intercollegiate Athletics and National Junior College Athletic Association. The text is as follows:

"THE NATIONAL FEDERATION OF STATE HIGH SCHOOL ASSOCIATIONS, the National Junior College Athletic Association, the National Association of Intercollegiate Athletics and the National Collegiate Athletic Association have prepared this statement to express the concern of each organization in regard to recent proliferation of high school all-star games scheduled during the academic year.

"PARTICIPATION in these all-star contests has resulted in significant loss of class time for the student-athletes involved, creating situations in which the student-athlete may not meet reasonable attendance standards during his or her senior year in high school. As a result, these all-star games may interfere with the academic pursuits of the student-athletes, and could affect their academic eligibility to participate as college freshmen in intercollegiate athletics. Further, in some instances, these all-star games serve primarily to benefit the promoters of the contests.

"THEREFORE, this statement has been adopted to encourage high school administrators to uphold reasonable academic and attendance standards for all students, regardless of their athletic interests.

"THE INORDINATE loss of class time due to participation in high school all-star games is a problem which high school administrators can help to solve by enforcing attendance requirements. Such action is consistent with the objective of maintaining athletics as an integral part of the high school educational program.

"ACCORDINGLY, the NFHS, the NJCAA, the NAIA and the NCAA urge the support of high school administrators in discouraging participation in high school all-star games scheduled during the academic year. With this support, the exploitation of high school students by promoters of such competition can be curtailed."

NFHS AWARDS PROGRAM

NATIONAL HIGH SCHOOL HALL OF FAME

Awards are presented each year to individuals who have been inducted into the National High School Hall of Fame, which is a program of the NFHS. The Hall of Fame was initiated in 1982. In 2003, individuals in performing arts programs became eligible for the Hall of Fame.

Individuals who have had distinguished careers as a high school athlete, coach, contest official administrator or performing arts coach or director are considered each year by the Hall of Fame Screening and Selection Committees. Although the committees may take into consideration what a person accomplishes later in life, the most important criterion is the high school experience.

Inductees are presented awards and medallions at the annual Hall of Fame Induction Ceremony, held each year in conjunction with the NFHS Summer Meeting.

Names of all individuals enshrined in the Hall of Fame are available on the NFHS website, and displays honoring each inductee are located in respective member state association's offices.

NATIONAL HIGH SCHOOL SPIRIT OF SPORT AWARD

The National High School Spirit of Sport Award is annually conferred to eight section recipients as well as one national recipient. The recipient must be an individual from a high school that is a member of an NFHS-member athletic or activity association.

The recipient could be a coach, athletic administrator, administrator, trainer, contest official, student-athlete or any others associated with the school or the school's athletic program.

This prestigious award seeks to recognize individuals who exemplify the ideals of the positive spirit of sport that represent the core mission of education-based athletics. The award may be given in recognition of a specific act or for an activity of longer duration.

For example, it could be awarded to an individual (or group) that has demonstrated exemplary sportsmanship and/or citizenship in playing the game as it should be played; has exceeded normal expectations in assisting others within the school or community; or has overcome adversity or a challenging circumstance.

The national recipient is recognized at the NFHS Summer Meeting, where a DVD regarding that individual's accomplishments is shown. Ideally, the section recipients are recognized at state association events.

Previous national recipients include Tammy Dufford and Megan Bomgaars, Colorado (2008); Dakota Dana, Wyoming (2009); Tori Clark, Illinois (2010); the New Kensington (Pennsylvania) Valley High School softball team and umpire Bill Dithrich (2011); Jacob Goldberg, Florida (2012); Magoffin County High School, Salyersville, Kentucky, and Logan County High School, Russellville, Kentucky (2013); Zach Pickett, California (2014); Grace Cummings, Connecticut (2015); Ashley Carson, Nebraska (2016); Danny Lilya, Minnesota (2017); Marissa Walker, Connecticut (2018); and Amanda Merrell, Maryland (2019).

NFHS ADMINISTRATIVE ORGANIZATION

Each is elected by the National Council for a four-year term from the membership of governing boards or chief executive officers of the member state associations.
