2018 Entry to Australian Dentistry Courses for Domestic and International Students

This information is provided as a guide only and is subject to verification by applicants with individual institutions.

Course information is provided by State and is relevant to Domestic and International Applicants.

There are three types of Dentistry programs on offer to local students in Australia:

- Undergraduate Dentistry course, entry from Year 12
- Combine undergraduate/postgraduate Dentistry or Pathway courses (various titles), entry from Year 12, highlighted with **
- Postgraduate Doctor of Medicine courses, entry upon completion of undergraduate degree.

International Applicants should check the quotas for International student intake for each course applied for.

- La Trobe University does not accept International Applicants for their Dentistry course.
- University of Melbourne and University of Sydney Dentistry courses are open to Graduates only. University of Melbourne does offer a guaranteed entry to its Dentistry course.

- **All applicants must pay particular attention to the application process and due dates for each course applied for. Application processes and dates for Domestic and International Applicants are not identical. Applicants must check websites and/or contact universities to be absolutely certain of application processes. The following information is correct at time of publication and may change. Please check institution websites for latest information.**
