Reporting Updates for 2020 CRA Files

HOME EQUITY LOANS REMOVED FROM OPTIONAL LOAN TYPES

Effective January 1st, 2018, the agencies amended their CRA regulations to revise the definitions of "home mortgage loan" and "consumer loan." (See the November 24, 2017 Federal Register notice at <https://www.govinfo.gov/content/pkg/FR-2017-11-24/pdf/2017-25396.pdf>.) With this change, the definition of consumer loans no longer includes home equity loans. The optional loan types have been updated to reflect this change. Please note, the numbering scheme for the remaining optional loan types remain unchanged. The list below reflects the remaining loan types, and their associated numerical values.

File Specifications for Reporting 2020 CRA Data

Introduction

The following information describes the formats used when sending automated CRA data to the Board of Governors of the Federal Reserve System. These formats should only be used to send data to the Board if you are a FDIC, FRS or OCC reporter.

General Information Regarding CRA Data Reporting Files

All records in the CRA file are 314 characters in length.

The following records **must be** contained in the CRA file:

Transmittal Sheet record has 17 elements comprising 273 characters and filler comprising 41 characters of blanks.

Community Development record has 16 elements comprising 100 characters and filler comprising 214 characters of blanks.

Assessment Area record(s) has 11 elements comprising 39 characters and filler comprising 275 characters of blanks.

The following records **should be** included in the CRA file **if they are applicable**:

Composite Small Business record(s) has 32 elements comprising 201 characters and filler comprising 113 characters of blanks.

Composite Small Farm record(s) has 32 elements comprising 201 characters and filler comprising 113 characters of blanks.

The following record **can be optionally** included in the CRA file:

Consortium/Third Party record has 10 elements comprising 58 characters and filler comprising 256 characters of blanks.

PC Diskette and CD-ROM Format Characteristics

CRA data submitted via diskette must adhere to the following specifications:

1. The diskette or CD-ROM must be formatted for IBM compatible personal computers. The following diskette and CD-ROM formats will be accepted:
 - 3-1/2 high density, 1.44M formatted capacity
 - CD-R or equivalent recordable compact disc
2. The CRA data should be contained in a file named: **cRID_Agency_Year.dat or cRID_Agency_Year.enc**
 - The file must be the only file on the diskette or CD-ROM.
3. The PC Diskette or CD-ROM file may contain six types of records per respondent:
 - 3 = Transmittal Sheet
 - 4 = Composite Small Business
 - 5 = Composite Small Farm
 - 6 = Community Development
 - 7 = Consortium/Third Party (Optional)
 - 8 = Assessment Area

IT IS REQUIRED THAT RECORD IDENTIFIERS 3, 6, AND 8 BE INCLUDED IN ANY CRA DATA SUBMISSION. Small business and small farm records should be included if applicable. Consortium/third party records are optional. (Micro data records should **NOT** be included.)

4. The CRA data file must be in ASCII format, containing carriage return/line feed (0D0A in HEX or ASCII char (13) and char (10)) characters at the end of each record. There should not be an end-of-file mark, return or null values (00 in HEX or ASCII char (0)) contained in the file.
5. The record format is fixed; the fields contained in the record should not be delimited. In addition, the record should not be enclosed in double quotes (").
6. Numeric fields on CRA records must be right justified and zero filled. If you are using a product that drops the leading zeros on numeric fields, the data will not pass validity edits.
7. The PC diskette or CD-ROM should be labeled with information containing the institution's name, respondent ID, agency code, processing year, contact name and phone number, number of records (excluding the transmittal sheet), and any other pertinent information.
8. All diskettes and CD-ROMs submitted should be virus-free.
9. No zip file(s) will be accepted.
10. There should not be any null values (00 in HEX or ASCII char (0)) contained in the file.

Submission via Web, Internet E-mail and File Encryption Instructions

The following information describes the procedures for a successful CRA submission via Web or Internet E-mail. Also included are the procedures for encrypting your CRA submission if the file is generated outside of the FFIEC CRA Data Entry Software.

Submission via Web

The Submission via Web is a secure and efficient option for transmitting your CRA data to your regulatory agency. Submission via Web transmits your data to your regulatory agency in ONE step, rather than encrypting your submission file, attaching the encrypted file to an e-mail and submitting the e-mail via Internet. Submission via Web requires an Internet connection.

1. **Download** a free copy of the CRA Data Entry Software at <http://www.ffiec.gov/cra/softinfo.htm>.
2. After successful **installation** of the software, open the software. Initial access into the software will require a validity-free Transmittal Sheet to be completed in its entirety, or the successful import of an existing .DAT file that contains your CRA micro data.
3. Following the completion of the submission, perform a **Batch Edit** prior to submitting the data. If errors are detected, print an Error Report to identify the loan/application records in error and correct the erroneous data. CRA data containing errors cannot be submitted using Submission via Web.
4. Once the submission is error free, select **Export** from the Front Page. A message will appear titled “Did You Know?”. Select Continue with Export.
5. Select **Submission via Web** and click **OK**. A message box will appear titled **Submission via Web**. Select Continue.
6. Select the **Begin** button to start the submission process. Once the export process is completed successfully, a message box will appear titled “Transmission Successful”. Print or save the information contained in the message box for submission confirmation. This is your only confirmation of your submission.

Internet E-mail

1-4. Follow steps 1-4 under Submission via Web.

5. Access your Internet e-mail and prepare a message to CRASUB@FRB.GOV for data submission.
6. For export options, choose the option, “To Regulatory Agency via Internet E-mail” and click “OK”.
7. Attach the encrypted CRA submission file to the e-mail message. The file location and name is C:\CRA Data Entry Software CCYY\CRASubmission\cRID_Agency_year.enc.

ONLY attach and e-mail the file name noted above with the “.enc” extension. An electronic Internet submission file that is not prepared using this software WILL NOT be accepted as compliant. You will be required to resubmit your data if an invalid, noncompliant submission format is used for electronic submission.

8. Type the following text in the subject line of the e-mail:
 - 2020 CRA
 - Respondent ID (RID)
 - Agency Code
 - Initial Submission or Complete Resubmission

9. Type the following text in the body of the e-mail:
- RID
 - Agency Code
 - Institution Name
 - Contact Name
 - Contact Phone
10. Once the above steps are completed, send the e-mail message with the attached encrypted file to CRASUB@FRB.GOV.
11. Upon receipt of your submission, you will received an automatic response via email. If you do not receive a reply within 48 hours, please resend the file. This automatic response ONLY confirms that we successfully received your e-mail message; it DOES NOT confirm that a compliant encrypted file (cRID_Agency_year.enc) was attached. To ensure that your submission is marked as on time, promptly respond to all correspondence regarding CRA processing.
12. The following information highlights the action that is required to be taken on your CRA data submission. If a compliant file was successfully received and processed, expect the following:
- a. Your institution’s CRA data file will be processed and an Institution Register Summary (IRS) will be sent via e-mail. Once the Edit Report and IRS is received by your institution, the following actions are required:
 - i. Review entire document and follow the instructions in the letter.
 - ii. Verify the Edit Report for data accuracy.
 - iii. Verify the IRS. Sign and send the IRS via e-mail or fax.
 - iv. Your institution’s CRA submission is NOT COMPLETE until the signed IRS are received successfully.
 - v. If data are reported incorrectly, correct your institution’s CRA file and submit a complete resubmission.
13. If your institution DOES NOT RECEIVE an Edit Report and IRS via e-mail within 7 – 10 business days following your submission, e-mail CRAHELP@FRB.GOV (CRASUB@FRB.GOV is for data submissions only.) In the subject heading of the e-mail type “Outstanding Edit Report & IRS” and your institution’s CRA RID, Agency Code. Type in the body of the text the following information:
- Respondent ID
 - Agency Code
 - Institution Name
 - Contact Name and Phone and/or E-mail

File Encryption

Institutions utilizing third-party vendor software for CRA reporting should still take advantage of the Internet E-mail option.

- After successful installation of the Data Entry Software from the FFIEC CRA website at <http://www.ffice.gov/cra/sofinfo.htm>, you must install the FFIEC CRA Data Entry Software that contains the stand-alone encryption utility.
- From the Start menu, select Click on “Start”, “Programs”, “CRA Data Entry Software”, “Encryption Utility”. A warning message will appear to inform you that this software does not connect to the Internet. Click “OK” to continue.
- Next you will need to locate your CRA data file for encryption. If you are using a software package other than the FFIEC Data Entry Software, your data file may be named something other than cRid_Agency_Year.dat. Please refer to your vendor documentation to determine the name and file location of your CRA data file.
- Click the “Begin Process” button to start the encryption process. Once the process is completed, a new file named **cRID_AGENCY_YEARx.ENC** will be created. A message box, titled “Encryption Complete” will appear. **PRINT this message.** The message contains further instructions as well as the email address for your submission. “Close” the box. You have successfully created the **cRID_AGENCY_YEARx.ENC** file for Internet submission.
- Address the e-mail for submission to crasub@frb.gov and attach the encrypted file to the message before sending the e-mail. Please include all contact information mentioned in the e-mail instructions on the previous page.
- **Follow steps 5 thru 10 under Internet E-mail to complete the submission process.**

Transmittal Sheet

The Start, End, and Length columns are in BYTES. The Data Type is alphanumeric "AN" or numeric "N". Numeric "N" fields are unpacked, unsigned, and right-justified.

| Element Label | Start | End | Length | Data Type | Comments, Values, Keys, etc. |
|-------------------------------------|-------|-----|--------|-----------|---|
