S3DA: OUR MISSION

The mission of the Scholastic 3-D Archery (S3DA) Program is to foster, educate and guide youth in the areas of indoor target, 3-D and outdoor target archery as well as safe, ethical, bowhunting and conservation practices. The goal of the S3DA program is to provide archery, bowhunting and conservation opportunities for young people in after-school settings as well as with archery affiliated clubs and businesses in the community.

IT'S IN THEIR NATURE TO EXPLORE

—
SPARK THE PASSION
OF A LIFETIME.

The next generation is full of promise. What we instill in them now can last a lifetime. Through a pair of interactive educational initiatives, the Archery Trade Association is here to help teachers, instructors and program leaders introduce today's youth to the exciting world of Bowhunting and Bowfishing.

Best of all, no archery expertise is required. The programs are designed for virtually any educator, regardless of skill level.

Welcome to the 3rd annual publication of the S3DA™ Event & Sponsor Guide.

S3DA™ is an incredible next-step youth archery program that is shattering boundaries as well as forming alliances throughout the archery, hunting, and essentially the entire outdoor industry. What makes S3DA™ so different? There are many answers to that question. The program is unique in that it standardizes the tournament format instead of limiting equipment and encompasses several disciplines, even branching out to conservation and bowhunting. S3DA™ incorporates target archery, bowhunting and conservation for a wide range of age and experience levels. There is truly something for everyone in the S3DA™ program!

2019 was an astonishing year! The S3DA™ program grew by leaps and bounds with memberships at an all-time high and Indoor Nationals totaling well over 1,000 students participating. Archery retailers and manufacturers are seeing the benefit of building a new generation of archers and outdoorsmen and women from the ground up. Sportsmen's clubs, schools, churches and retailers from across the United States are sponsoring S3DA™ clubs not only as a means of bolstering their numbers or their bottom line but also to increase awareness of archery as a sport, a means of hunting and conserving game and to get kids involved in something meaningful. Some of these same retailers now know that sponsoring an S3DA™ club means increased foot-traffic, sales, and family involvement which bodes well for an expanded profit margin.

The 2020 competition year will be unprecedented and absolutely one for the record books! With the exponential expansion of the S3DA™ member base, we've seen new challenges presented due to simply outgrowing the venues for many of our Regional, State and National Events. 2020 will include the Vegas National Championship held in conjunction with NFAA's "The Vegas Shoot," the S3DA™ Indoor National Championship (held in conjunction with NFAA) will be moving to Louisville, KY to the Kentucky International Convention Center (KICC). This will

be a new venue for both S3DA™ and NFAA and will present some exciting opportunities for our families. The Outdoor Target Nationals will now be a two-day event in London, KY and for the first time ever, S3DA™ will conduct a stand-alone national event when the 2020 3-D Nationals are held in Rend Lake, Illinois! This is a massive undertaking with collaboration between S3DA™ and the Rend Lake Area Tourism Commission. This will open many exciting opportunities for our families from outdoor recreation to conservation activities. You will not want to miss it.

Also, NEW for 2020 will be an entire series of national events held in the Western United States. We understand that it can be a hardship for our families to travel all the way across the country for a tournament so we're bringing the tournament closer to you. The new Western Indoor Nationals will be held at the Pete Shepley Center in Tucson, Arizona, the Western Outdoor Target Nationals will be held at the Easton Archery Center in Salt Lake City, Utah and the Western 3-D Nationals in Durango, Colorado. These new Western events will bring a higher level of competition within reach of our Western S3DA™ members. Beginning in 2019 and continuing to 2020, S3DA™ has also placed a renewed focus on conservation efforts with the appointment of a National Conservation Outreach Coordinator and partnering with the Archery Trade Association (ATA) to get Explore Bowhunting Kits to S3DA™ clubs/teams nation-wide. Once a club is registered as a Conservation Club (e-mail holly@s3da.org to do this) they can participate in conservation related activities and win some awesome prizes.

When the competition year winds down, we encourage all our clubs to participate in outdoor recreation and hunting activities in whatever manner they choose. In the United States, we have an amazing legacy of target shooting, hunting and conservation with archery as its foundation and the best way to preserve it is to get involved. This is truly a one size fits all program that can move youth archers from beginning to experienced and transition them from our program into not only collegiate and competitive archery but into all aspects of hunting, conservation and outdoor recreation.

DJ HUNT

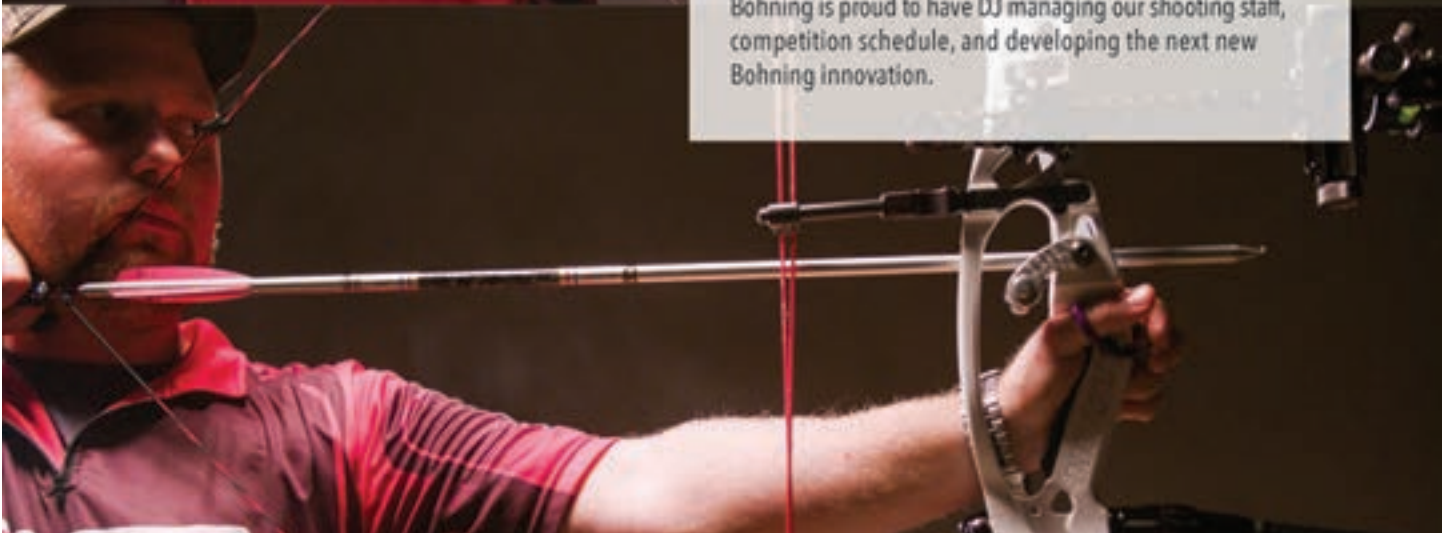

Bohning Field Archery Representative

Here at The Bohning Company, we are blessed to have many great people on our staff. One of those individuals is DJ Hunt. Since January 2019 DJ has been Bohning's Field Archery Leader. DJ was introduced to archery at the age of 12 when he attended a 4-H Archery Practice and was immediately hooked. During the next three years DJ spent hours practicing and learning the art of target shooting. He participated and competed in Regional, National and World events.

DJ spent as much time as possible with his bow in his hand and it resulted in Top 10 finishes in both National and World events. He had grown up a rifle hunter and became the first in his family to bow hunt. His accomplishments and adventures in the hunting woods are notable as well.

DJ grew up in Lake City, MI very near the Bohning facility. He spent a lot of time on the grounds gathering information and advice while sharing his own knowledge and skills. His journey to becoming a Bohning representative is one of many hours of practice, dedication, and effort. Its fair to say that DJ has made his dreams reality and you can as well.

Bohning is proud to have DJ managing our shooting staff, competition schedule, and developing the next new Bohning innovation.

Scholastic 3-D Archery (S3DA™) Awards Trey Spencer Memorial Scholarship

Scholastic 3-D Archery awarded the Trey Spencer Memorial Scholarship at the 2019 S3DA™ 3-D Nationals in Metropolis, Illinois on July 13th, 2019. The awards were given to six deserving high school students (3 female and 3 male) from across the country with various amounts.

Roger “Trey” Spencer, 20, son of Roger “Buzz” and Debbie Spencer, was born and raised in Logansport, Indiana, along with his sister Marla. Trey was an avid outdoorsman who loved hunting and fishing, as well as shooting 3-D archery. Trey worked alongside his dad to see that the Scholastic 3-D Archery program finally came to fruition in his local school even though he had already moved on to college. Trey loved being able to travel with his dad and was proud to be part of the ASA Advisory Staff and family during the 2015 season. Trey died tragically on August 31st, 2015 due to injuries suffered in a motorcycle accident while traveling home from college just one week after returning home from the Classic. The Trey Spencer Memorial Scholarship Fund was established in 2016. The mission of the scholarship is to provide financial assistance to deserving individuals enrolling in undergraduate studies in community colleges, colleges or universities who are active in both S3DA™ and ASA.

(L to R): Elliott Cross, Lane Brandt, Dylan Childers, Natalie Brockman, Jalyn Sharp, Courtney Ashley

2019 Recipients of the Trey Spencer Scholarships

Elliott Cross, \$2,000.00 - Lake Cumberland Arrow Slingers, KY

Lane Brandt, \$2,000.00 - Missouri Rock’N Shots, MO

Dylan Childers, \$1,000.00 - Team ACUSA Alabama, AL

Natalie Brockman, \$1,500.00 - Green River Archery, KY

Jalyn Sharp, \$1,500.00 - N.C.O.E. Archery Team, IL

Courtney Ashley, \$2,000.00 - Blackhawk S3DA™ Team, IN

Scholastic 3-D Archery would like to send a special thanks to Mike Tyrell, ASA President, for his support of the Trey Spencer Memorial Scholarship Fund.

North Marcum Recreation Area at Rend Lake
Marcum Branch Road • Sesser, IL 62884

Site Information: In the heart of Southern Illinois, the North Marcum Day-Use Area on Rend Lake, offers excellent opportunities to enjoy fishing, swimming, boating, and watching wildlife. With its size and variety of shoreline, Rend Lake provides recreational and backwater habitat for man and wildlife alike. Campers will delight in the nearly 800 sites found in 5 public campgrounds on Rend Lake. With an abundance of bass, bluegill, crappie and channel catfish, the odds are in your favor!

Directions: From I-57 exit 77, go west on IL Route 154 for ¼ mile. Turn left onto Gun Creek Trail. Go south 3 miles to Marcum Branch Road. Turn right on Marcum Branch Road. Go 1.5 miles to park entrance.

Activities: Public swimming beach, hot showers, a boat ramp, playgrounds, and numerous individual picnic sites with picnic tables and grills. Golf, trap shooting, and sporting clays are available near the day-use area. The Rend Lake Bike Trail offers opportunities for biking and hiking. Boat rentals are available at the Rend Lake Marina and Rend Lake Resort. Other activities include: The Rend Lake Visitor Center, Ranger-led programs, educational programs, environmental education, Rend Lake Wildlife Refuge, picnic areas and water sports. Hunting is a large attraction to Rend Lake with its many acres of huntable government property adjacent to the parks. Auto touring and “Watchable Wildlife” viewing opportunities abound at the lake. Nearby attractions are available as well.

Nearby Campgrounds and Lodging: Rend Lake’s campgrounds are open seasonally from April 1st through October 31st. Be sure to check rules for the campground you are using for day use fees and special instructions. Campground options include: (Dale Miller & Shagbark Youth Areas, Gun Creek Campground & Recreation Area, North Sandusky Recreation Area, South Marcum Recreation Area, South Sandusky Recreation Area and Wayne Fitzgerald State Park). Purgatory Resort

#1 Skier Place • Durango, CO 81301

Site Information: The Purgatory Resort is a family-friendly, four-season resort offering a variety of activities for all ages. The Purgatory Resort is located in the rugged San Juan Mountains in southwestern Colorado, and 25 miles north of historic downtown Durango. Downtown Durango is a National Registered Historic District and Main Avenue looks much like it did 100 years ago. Historic highlights, restaurants, galleries, boutiques and museums dot the walkable downtown area located among the beautiful Animas River. Carved by glaciers thousands of years ago, Purgatory is a unique blend of steep tree skiing trails and wide-open cruisers with stunning views. Purgatory features 1,605 acres of skiable terrain, 99 trails, 12 lifts, five terrain parks and a vertical drop of 2,029 feet. The laid-back, friendly Durango culture and the people themselves will make anyone feel welcome and want to stay. Purgatory is your number one source for what to do in Durango, Colorado!

S3DA™ Event Registration will be \$40.00 per student and will be available via Sport:80.

S3DA™ will host their 1st annual S3DA™ Western 3-D National Championship in conjunction with the Mountain Archery Fest on July 16th - 18th, 2020. Students will have the opportunity to compete against S3DA™ members from across the United States for the title of “National Champion” in their division. Shoot-downs will take place for each class in the middle school and high school age divisions.

What is a Bowhunter?

A bowhunter is much more than a hunter that uses a bow and arrow.

A bowhunter relishes in the challenge of getting as close to their prey as possible.

A bowhunter is an ethical hunter with a strong sense of fairness and respect for the game they pursue.

A bowhunter is a conservationist. They see the big picture of game management and their role in it.

A bowhunter has a deep sense of respect & connection to the animals and the wild places they inhabit.

A bowhunter is a woodsman. Constantly honing the skill set needed to help them locate, track and close the distance with their prey.

A bowhunter is a marksman. Countless hours of practice for that one chance to precisely place an arrow for a clean and quick kill.

A bowhunter is a quiet, skillful predator that defines success by the hunt, not the kill.

A bowhunter is a mountain, prairie or woodland detective. A patient watcher of the environment in which they hunt.

SUCCESS

Proudly Protecting our Outdoor Heritage

S3DA™ is committed to instilling the critical connection between hunting and conservation. The driving force behind the growth of the program has been derived from many different facets, including the R3 program, Fish & Wildlife agencies, along with the Department of Natural Resources agencies, partners, sponsors and interested parties across the nation.

ARCHERY
TRADE ASSOCIATION

Bringing the Target Archery, Bowhunting and Conservation Communities Together...
Bridging the Gap to Create a
New Future for Archery!

The Scholastic 3-D Archery program, started in 2012, is a non-profit organization that is changing the face of youth archery across the country. Since our inception, we have went from being active in just three states to being active in nearly every state in the US and we are now expanding outside our borders! Our program, simply put, is a “next-step” from NASP, 4-H and the Boy and Girl Scouts archery programs. S3DA™ assists in transitioning youth archers from entry-level programs into more advanced target archery, bowhunting, conservation and a lifetime in the outdoors. Unlike other youth archery programs, we have standardized the tournament format rather than the equipment thereby eliminating equipment exclusivity. Our program provides a natural progression from elementary school thru high school. Archers then have the opportunity to go on to compete in collegiate-level archery. The S3DA™ program is unique in that it is NOT an in-school initiative. Our clubs can be hosted by municipalities, parks, archery ranges, archery shops, churches and after-school clubs.

YOU CAN MAKE THE DIFFERENCE! Help us grow 3-D, target archery and bowhunting in your community by joining a current S3DA™ club/team or becoming an S3DA™ Instructor and creating your own S3DA™ club/team today! Visit www.s3da.org for more information.
