

2020

Jetta

Joy ride, defined.

Looks great. Feels great. The Jetta is packed with fun standard features like a Wi-Fi Hotspot,* LED headlights and taillights, plus a 1.4L turbocharged engine. The ultimate crowd pleaser.

* The Car-Net Hotspot feature is intended for passenger use only. 4G LTE coverage is not available in all areas. See materials provided for terms, privacy, data security details. Requires trial or paid Wi-Fi plan from third party wireless provider.

Clean lines, fun times.

Rather than adding needless flash, the Jetta is tasteful and refined, serving up a premium look with sleek character lines and a comfortable, modern interior.

LED headlights & Daytime Running Lights

Style that beams, these available projector LED headlights with LED Daytime Running Lights (DRL) powerfully illuminate the road ahead.

LED taillights

Sure, they look great, but that's only part of the story. They're also efficient and long-lasting.

10-color customizable interior ambient lighting

Adjust the mood inside instantly with the 10 available colors of ambient light.

Panoramic sunroof

Let the light in with an available power panoramic sunroof that tilts and slides.

Ventilated leather seating surfaces

Available for the front seats, these ventilated surfaces help keep you cool when the weather gets warm.

Heated front and rear seats

You can stay warm, even on chilly mornings, with available heated front seats.

V-Tex leatherette seats

Trendy and comfortable, these available seats feel like leather and look great.

Technology within reach.

Technology features that help enhance the driving experience. It's tech with a purpose.

Volkswagen Digital Cockpit

Measuring more than 10", this available screen displays your information digitally in high resolution. You can customize what's displayed, from speed, estimated fuel economy*, and travel time to route guidance, assistance systems, and elevation.

8" touchscreen navigation

Besides looking great, the available sleek glass display helps make the map more prominent, while dynamic route guidance assists you with turn-by-turn information.

BeatsAudio™

Prepare your playlist, available BeatsAudio™ has the sound to keep you moving.

App-Connect**

App-Connect allows you to connect your compatible smartphone with Apple CarPlay™, Android Auto™, or MirrorLink® to access select apps on the touchscreen display. From streaming music to mobile apps, it can be accessed on the touchscreen.

Driver Personalization

The Jetta can store up to four driver profiles, remembering your personalization preferences for a wide variety of different settings and systems.

Full Screen Navigation View

Available with the VW Digital Cockpit and Discover Media, full screen navigation view increases the size of the map so it fills the entire display and becomes even easier to see.

FEATURES

- App-Connect**
- Driver personalization
- 6.5" touchscreen sound system
- Bluetooth® with audio streaming for compatible devices
- USB data port
- Rear View Camera System

*See www.fueleconomy.gov for EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. **Always pay careful attention to the road, and do not drive while distracted. Not all features available on all operating systems. Standard text and data usage rates apply. App-Connect features require compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. Android Auto is a trademark of Google Inc. Apple CarPlay is a trademark of Apple Inc. MirrorLink is a registered trademark of the Car Connectivity Consortium LLC.

A man and a woman are shown from the chest up, sitting in the front seats of a car. They are both smiling and looking towards each other. The woman is on the right, wearing a denim jacket, and the man is on the left, wearing a light blue button-down shirt. The car's interior, including the seats and headrests, is visible in the background. The lighting is soft and natural, suggesting daytime.

More help behind the scenes.

Whether they're helping you stay in your lane or brake more forcefully, the available Driver Assistance features* can help give you more confidence on your drive.

Blind Spot Monitor*

The available Blind Spot Monitor is a feature that can sense what you might miss. If you attempt to change lanes, Blind Spot Monitor can help alert you to other cars that may be in your blind spot. The Active Blind Spot Monitor (available when vehicle is equipped with Lane Assist) on select models can also counter-steer within the limits of Lane Assist to help keep you in your lane if you attempt to change lanes when a vehicle is in your blind spot.

Forward Collision Warning and Autonomous Emergency Braking (Front Assist)*

The available Forward Collision Warning (included in Front Assist) system can help monitor traffic and can alert you acoustically and visually to a potential rear-end collision with the vehicle moving ahead. If it senses that a collision is imminent, Autonomous Emergency Braking (included in Front Assist) can support the driver with increased brake pressure or, if the driver does not react at all, it can apply the brakes automatically.

Adaptive Cruise Control (ACC)*

Available Adaptive Cruise Control (ACC) helps the vehicle maintain a preset speed and distance from the car in front of you. When activated, if the car in front of you speeds up or slows down, the sensors can detect the change and your car follows suit up to the preset speed.

High Beam Control (Light Assist)*

Available High Beam Control (Light Assist) can help to provide optimum visibility on dark roads by automatically turning on your high beams at speeds above 37 mph. A camera mounted at the base of the rearview mirror turns your high beams on when conditions warrant it. It then turns them off again depending on the position of vehicles driving ahead of you or on-coming vehicles, the vehicle speed and other environmental and traffic conditions.

Lane Keeping System (Lane Assist)*

When moving above 37 mph, the available Lane Keeping System (Lane Assist) can sense if you start to drift into another lane without using the turn signal. Within the limits of the system, Lane Assist can help keep you in the current lane when lane markings are detected.

Rear Traffic Alert*

The available Rear Traffic Alert comes in handy when you're backing up. It has sensors that can alert you to detected vehicles crossing in your path when in reverse, and can even help brake the vehicle if needed.

Born to **perform.**

Our performance standards are simple. Performance comes standard. There's plenty of torque, smooth confident handling, and lots of old-fashioned fun.

Driving Mode Selection

With this available feature, you can control your drive. Eco, Normal, Sport, and Custom driving modes each offer a different feel and response. Choose your favorite and take over.

8-speed automatic transmission with Sport mode

The automatic transmission offers eight speeds, which improves performance and efficiency compared to previous generations of Jetta.* In available Tiptronic® mode, you can shift manually and take control of your driving experience.

Turbocharged engine

A small sedan that packs a serious punch with a standard turbocharged engine.

Cross Differential System XDS®

Available only on the R-Line, this feature can apply braking pressure when needed to the inside front wheel during turns. The result: more accurate cornering.

*30 city/40 highway mpg (2020 Jetta 1.4L, 6-speed manual transmission). EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition.

Helps you stay **out of trouble**

Peace of mind comes in different forms.
On the Jetta, it's the multiple safety features.

Safety cage

Front and rear crumple zones help absorb crash energy, while a rigid safety cage helps distribute forces away from the driver and passengers.

Intelligent Crash Response System (ICRS)*

In the event of a collision that deploys the airbags,** the ICRS can turn off the fuel pump, unlock the doors, and activate the hazard lights.* It helps react if you might not be able to.

Automatic Post-Collision Braking System

Not every collision brings a car to stop. That's why our vehicles include the Automatic Post-Collision Braking System. It can also help slow the vehicle down after a collision, helping reduce the chance of any additional impacts.†

Six stability-enhancing systems

From Electronic Brake-pressure Distribution (EBD), which helps maintain appropriate stopping power during a hard-braking situation, to Electronic Stability Control (ESC), which can adjust engine throttle and apply corrective forces to the wheels that need them most, your vehicle is equipped with a total of six stability-enhancing systems.

* Always pay careful attention to the road, and do not drive while distracted. Not all features available on all operating systems. Standard text and data usage rates apply. App-Connect features require compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. **Remote Car-Net services offered for 5 years from vehicle in-service date. Available on most MY20 and newer vehicles. Always pay careful attention to the road and do not drive while distracted. Certain services require trial or paid subscriptions, which may have their own terms and conditions. VW Car-Net requires vehicle cellular connectivity and availability of vehicle GPS signal, and not all services and features are available on all vehicles. Certain Car-Net services, such as Roadside Call Assist, connect out to 3rd party providers that may require additional payment. Standard text and data rates may apply for app and web features. Certain services may collect location and vehicle information. See Terms of Service, Privacy Statement, and other important information at <http://www.vw.com/carnet>. ¹ Paid subscription required for Safe & Secure services. Subscription automatically renews and charged annually at end of subscription term unless canceled. ¹¹ The Wi-Fi Hotspot feature is intended for passenger use only. 4G LTE coverage is not available in all areas. See materials provided for terms, privacy, data security details. Requires trial or paid Wi-Fi plan from third party wireless provider. ‡ Always pay careful attention to the road, and do not drive while distracted. SiriusXM audio and data services each require a subscription sold separately, or as a package, by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Sirius, XM, and all related marks and logos are trademarks of SiriusXM Radio Inc. ¹² See Owner's Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces. ¹ See Owner's Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces, and consult local laws for any limitations on use. ⁵ Driver Assistance features are not a substitute for attentive driving. Please see Owner's Manual for further details and important limitations. ⁸ Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. ⁹ The Intelligent Crash Response System (ICRS) will only activate in a collision where the airbags deploy or safety belt pretensioners activate. Not all collisions cause airbags to deploy or safety belt pretensioners to activate.

Volkswagen navigation depends on the signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system, and existing wireless and satellite technologies, must be available and operating properly for the system to function. The system is designed to provide you with suggested routes to location addresses, destinations, and other points of interest. Changes in street names, construction zones, traffic flow, points of interest, and other road system changes are beyond the control of Volkswagen of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested navigation route. Periodically, the mapping is updated and a new DVD will be required in order to maintain the latest navigation information available to us. These will be available for purchase from time to time at additional cost. For further information regarding any Volkswagen model, please call 1-800-DRIVE-VW or just look us up at vw.com.
