The COVID-19 pandemic took a heavy toll around the globe throughout 2020, in both lives lost and lives disrupted. Cigna led our industry's response by taking decisive action to eliminate cost as a barrier to COVID-19 testing and treatment and by expanding access to care. We also launched our Customer Protection Program to further safeguard customers from unexpected costs for COVID-19 care, and we developed our COVID-19 High-Risk Dashboard to support employers' safe return-to-work plans.

As we worked to make a difference throughout the crisis, we also continued to advance our vision to transform the health care system by making it more affordable, predictable and simple for those we serve. Our efforts were not only evident through the products and services we brought to market in 2020 but also through our advocacy efforts in the area of public policy.

Cigna is committed to improving the sustainability of the current health care system through active, principle-based engagement with policy makers on both sides of the aisle. We support proposals that address key issues such as reducing cost, improving access and affordability, and promoting transparency that is meaningful and actionable for consumers. In Cigna's 2020 Political Contribution and Lobbying Activity Report, you'll find information about our engagement through political contributions and advocacy, including the annual report of the Cigna Political Action Committee (CignaPAC).

As 2021 brings political transitions at all levels of government, Cigna remains committed to sharing our perspective and insights to help inform the debate over the nation's health care system. It is important work that we believe is critical to the fulfillment of our mission – to improve the health, well-being and peace of mind of those we serve.

David M. CordaniPresident and
Chief Executive Officer

OVERVIEW AND GOVERNANCE

Cigna takes its engagement in the legislative, regulatory and public policy areas very seriously, approaching all our efforts with care and integrity.

There are two major components of Cigna's political activity:

- 1. Political contributions
- 2. Lobbying efforts

This report is organized to provide information on both of these activities.

As Cigna engages in political activity, it adheres to strict governance standards designed to ensure alignment with Cigna's mission, values and strategic goal. All political contributions that are made directly by the Company must be made in accordance with Political Activity Policy, which requires, among other things, oversight of decisions at the highest corporate level. Political contributions that are made through CignaPAC are reviewed and approved by the CignaPAC Board of Directors, composed of executive-level Cigna leadership and other business leaders, in accordance with CignaPAC contribution guidelines.

With respect to the Company's lobbying activities, the Vice President of Global Public Policy and Federal Government Affairs and the Vice President of State Government Affairs report directly to the General Counsel and review lobbying efforts with Cigna's enterprise leadership, including the Chief Executive Officer, on a regular basis. Additionally, all memberships in trade associations are reviewed by the General Counsel and the Chief Executive Officer.

The Company also maintains an Enterprise Risk Management function. This company-wide initiative involves the Board of Directors (and its committees), Cigna's management, Cigna's General Auditor and Chief Risk Officer, and Cigna's internal audit function. Together, they work in an integrated effort to (1) identify, assess, prioritize and monitor (as each of their roles dictates) a broad range of risks (e.g., financial, operational, business, compliance, reputational, governance and managerial), and (2) formulate and execute plans to monitor and, to the extent possible, mitigate the effect of those risks.

Within this enterprise risk framework, the Corporate Governance Committee of Cigna's Board of Directors has oversight of and evaluates any material financial, legal, reputational or other risks associated with Cigna's corporate political spending and lobbying activities. In addition, the Corporate Governance Committee biannually reviews compliance with Cigna's Political Activity Policy, including the contributions made under that policy by the Company and CignaPAC during the previous year, and annually reviews lobbying expenses and trade association memberships.

POLITICAL CONTRIBUTIONS

Cigna regularly supports federal, state and local officials, candidates, parties, and other politically oriented groups and organizations that the Company believes can advance its mission, business objectives and goals, including principles or issues that support Cigna's vision for a sustainable health care system. As Cigna considers making political contributions, it is always guided by the Company's mission, values and strategy, demonstrating an eagerness to work with officials of various political and philosophical beliefs and without regard for the private political preferences of its executives.

Cigna makes political contributions in two ways:
(1) through corporate contributions and (2) through
CignaPAC. Cigna has strict standards in place governing its
political giving activity, and all its contributions are made in
accordance with applicable state and federal laws. In
addition, the Company keeps the work of CignaPAC separate
from other Company giving. Accordingly, this section of the
report provides information specific to Cigna's direct
corporate contributions, and the CignaPAC Annual Report at
the end of the report provides contribution details for
disbursements made through CignaPAC.

All of Cigna's government relations engagements, including political contributions, are intended to be constructive and nonpartisan with an aim to advancing public policies that we believe support the greater societal good of a more affordable, predictable and simple health care system for all patients and communities. Cigna also stands for diversity, inclusion, equity and equality; our public policy activities are an extension of that commitment.

LOBBYING ACTIVITY AND PRIORITIES

Cigna's State and Federal Government Affairs and Global Public Policy teams lead Cigna's engagement in complex policy matters while maintaining the company's commitment to being a thoughtful and constructive participant in public dialogues around the world. Members of the team represent Cigna's business interests in the U.S. Congress, in the Executive Branch, and with national thought leaders, trade associations and state legislatures to advance constructive solutions and reorient others that we believe will not achieve the goals of affordable, high-quality coverage for all Americans.

Every American deserves access to affordable, quality health care. It is a critical time for us to constructively engage in meaningful and sustained advocacy to help improve the American health care system to be more affordable, predictable and simple for all those we serve. As debates on health care continue, especially in light of the COVID-19 pandemic, we remain committed to addressing today's dynamic health care environment through active, nonpartisan engagement with policy makers.

In 2020, Cigna focused its advocacy efforts on advancing public policies that we believe best achieve those goals. Such policies include addressing barriers to affordability, access and flexibility for patients, employers and providers as a result of the COVID-19 pandemic; expanding the employer-based market's ability to provide innovative, value-based health coverage; aligning incentives and information around the patient to help support their health care and value-based care decisions; growing opportunities for public-private partnerships; and ensuring policies enable a more integrated, equitable service model and whole person health.

For example, we support proposals that put individuals at the center of health care delivery

and those that address underlying cost drivers of health care that continue to grow at unsustainable levels. While some policy makers are calling for a shift from our current health care system to one that is government controlled (e.g., Medicare for All, public option or Medicare buy-in), we are committed to advancing policies that will improve access and affordability – aligning health care delivery around the consumer. We believe the best path forward is to strengthen what works in America's health care system – building on the Affordable Care Act and the employer-based health care system.

Cigna spent \$7.22 million on federal lobbying expenses and approximately \$4.16 million on state lobbying expenses. Cigna complies with the requirements of the Lobbying Disclosure Act of 1995 (LDA) that govern disclosure of federal lobbying expenses. Cigna also complies with the requirements of state laws relevant to state lobbying expenses and disclosure reporting.

TRADE ASSOCIATION MEMBERSHIPS

While Cigna recognizes that many of the trade associations in which it participates have broad memberships with sometimes differing views, the Company believes that such organizations can encourage dialogue on important policy issues, ultimately helping to advance industry solutions. Cigna also believes that to be effective and informed, it is important to constructively engage differing perspectives. Active participation in industry-related trade associations is one of the ways in which Cigna engages in public policy and legislative issues.

Because of the breadth and depth of trade association views on key health care issues, Cigna believes memberships in these organizations are generally consistent with the Company's interests, including those of its shareholders and customers.

Certain dues paid to these organizations may be used to support lobbying activity. In 2020, Cigna was a member of the following industry trade associations with more than \$50,000 in annual dues and a percentage attributable to lobbying activity.

CignaPAC ANNUAL REPORT

ABOUT CignaPAC

CignaPAC is Cigna's federal political action committee, a separate, segregated fund established and operated by Cigna, that is funded entirely by voluntary contributions from eligible employees and regulated by federal and/or state governments. Cigna has also established separate but related state political action committees in Missouri (Cigna MO PAC) and New York (Cigna NY PAC), which are referenced collectively in this report as CignaPAC unless otherwise noted. CignaPAC financially supports the election campaigns of candidates who share our views on policy issues, represent areas of geographic importance or meet other criteria deemed appropriate by the CignaPAC Board of Directors. It also engages in the process by supporting national and state party committees, as well as other political action committees and organizations.

CignaPAC is committed to transparency regarding its activities. Cigna obeys all laws in promoting its positions to government authorities, and all contributions made by CignaPAC comply with all applicable campaign finance regulations.

After Cigna's merger with Express Scripts Holding Company in December 2018, CignaPAC and Express Scripts Political Fund (Express Scripts PAC) operated as separate but affiliated political action committees until the termination of Express Scripts PAC in February 2020. Express Scripts PAC did not make any political disbursements in 2020. Express Scripts Missouri PAC was terminated in January 2020 and did not make any political contributions.

BOARD OVERSIGHT

CignaPAC is governed by the CignaPAC Board of Directors, which oversees contributions made with CignaPAC funds. CignaPAC makes political contributions pursuant to the approval process for the CignaPAC contributions and in accordance with CignaPAC Articles of Organization. Proposed CignaPAC contributions are reviewed in advance and approved by the CignaPAC Board of Directors.

CignaPAC CONTRIBUTION STRATEGY

In alignment with Cigna's mission and values, CignaPAC supports candidates who advance public policies that will help realize our vision of a more affordable, predictable and simple health care system for all Americans. CignaPAC considers a variety of criteria in funding decisions, such as committee assignments and leadership positions; geographic concentration of Cigna employees in a district or state; key business markets; candidates' views on specific or emerging business issue(s); and candidates' viability. In addition, some considerations are so foundational that they transcend all matters of public policy; accordingly, CignaPAC's contribution strategy reflects Cigna's commitment to value diversity and inclusion, as well as equity and equality, and CignaPAC will discontinue support of any elected official who encourages or supports violence. These criteria guide our decision-making to ensure we remain steadfast to our values and drive forward our vision of affordable, predictable and simple health care solutions for those we serve. CignaPAC does not participate in presidential primary or general election contests.

Set forth on the following pages are the political contributions made in 2020 by CignaPAC, Cigna MO PAC and Cigna NY PAC.
