

# 2020 SPRING WILD TURKEY REGULATIONS

TURN IN POACHERS - TIPS Hotline 1.888.OVERBAG (1.888.683.7224)

*It is important that you read and understand all regulations before your hunt. The following regulations apply to taking, possessing, transporting and storing big game during established seasons. Questions on specific regulations should be directed to the South Dakota Game, Fish and Parks.*

## THE LICENSE

The big game license is an "all-in-one" form. The lower portion is the tag and the upper portion is the license with general information about the licensee. A licensee must carry both portions while hunting the specified season. A licensee may not take more big game than is allowed by the license or kill a big game animal not specifically authorized by the license. The license and tag may not be transferred.

You may retain the upper portion of the big game license and use it through Jan. 31, 2021, to hunt prairie dogs, coyotes, red fox, gray fox, skunks, gophers, jackrabbits, crow (in season), ground squirrels, chipmunks, opossums, porcupines, raccoons, badgers, and marmots. Big game licensees who have filled their tags may continue to carry a legal weapon with their group for the purpose of hunting these other allowed species.

## DEFINITIONS:

- **Any Wild Turkey:** a dark turkey that bears the characteristics of a Merriam's, Rio Grande or Eastern turkey.
- **Male turkey:** a wild turkey with a visible beard or spurs. The beard is a feathered appendage protruding from the breast.
- **Hen turkey:** a wild turkey without a visible beard or spurs.
- **Firearm big game license:** defined as any license that authorizes the licensee to use a firearm, including a muzzleloading firearm, in the taking of big game animals.

**TAGGING AND TRANSPORTATION:** The tag you receive with your license must be signed, dated and securely attached to the leg of the big game animal at the time it is brought to a road or into any hunting camp, farmyard, or residence, or before it is placed in or on a vehicle.

- The locking seal issued with each big game license is an adhesive tag. You must sign your tag, and date it by cutting out completely the month and date of kill only. Attach the tag securely around one leg of a turkey.
- Tagging allows a big game animal to be transported and stored by the hunter or another person for the hunter.
- Wild turkeys, unless processed at a wildlife processing facility and accompanied by the receipt, or at the domicile of the possessor, shall include the attached leg and foot bearing the tag issued with the license. Any person who lawfully takes a wild turkey may remove edible portions from the turkey while in the field and transport providing the person also has in their possession the beard, leg and foot with the attached tag until the bird has arrived at the domicile of the processor. Any person licensed to take "any turkey" is exempt from transporting the beard.
- Big game taken in another state or on a tribal license must be properly tagged when transported within South Dakota. If no tag was issued, the person in possession of the animal must provide proof the animal was lawfully taken.

## NONLICENSEES/ACCOMPANIMENT

### (General Turkey Licensee):

No person possessing a firearm, including a muzzleloading firearm, or a bow and arrow may accompany a big game hunter in the field or cooperate as part of a big game hunting group unless the accompanying person possesses a big game license that is valid for the same geographic area and time of year as the licensee. The provisions of this section do not apply to any person who is allowed to carry a concealed pistol pursuant to state law. The provisions of this section do not apply to a person who is legally licensed to hunt small game or exempt from license requirements as provided by SDCL 41-6-2 and hunting only with a shotgun using shotshells. No person hunting small game and accompanying a licensed firearm big game hunter in the field may use dogs while accompanying the big game hunter.

### (Archery-only Turkey Licensee):

No person who is licensed in a season restricted to archery only may possess a firearm in the field while hunting with bow and arrow except a person who possesses a firearms big game license that is valid for the same geographic area and time of year as the archery license OR a person who is allowed to legally carry a pistol pursuant to state law.

**JUVENILES:** Juveniles under age 16 must be accompanied by a parent, guardian or other responsible adult while hunting. The adult must be unarmed except if the adult possesses a firearm big game license that is valid for the same geographic area and time of year as the youth hunter or the adult is allowed to carry a concealed pistol pursuant to state law. Adults supervising a mentored hunt may not carry a firearm except a concealed pistol pursuant to state law.

## LEGAL FIREARMS

A person may not use a rimfire, centerfire, or muzzleloading rifle during the spring turkey season. No self-loading or auto-loading firearm that holds more than six cartridges may be used to hunt, pursue, shoot at, shoot, kill, or wound a wild turkey. No firearm that is capable of being operated as a full automatic may be used to hunt, pursue, shoot at, shoot, kill, or wound a wild turkey. No buckshot may be used, and no single ball or rifled slug weighing less than one-half ounce may be used in hunting wild turkey. Handguns using ammunition which is factory-rated to produce at least 500 foot-pounds of energy at the muzzle may be used in the hunting of wild turkey. Muzzleloading handguns that discharge a projectile of at least .50 caliber and muzzleloading shotguns may also be used in the hunting of wild turkey. Any person who holds a license to take a wild turkey during the firearm season may take the animal by using a crossbow in lieu of a firearm. Crossbow means a device for propelling a bolt by means of traverse limbs mounted on a stock and a string. The crossbow may be drawn, held, and released by a mechanical device and shall have at least 125 pounds pull and have a working mechanical safety.

**Note:** Hunters filling big game tags that are not restricted to archery may use any of the weapons described under "Legal Firearms" or "Archery Equipment Restrictions" or any combination of weapons.

## ARCHERY EQUIPMENT REQUIREMENTS

A person hunting wild turkey with bow and arrow may not use or possess any of the following: (1) Explosive, poisonous, hydraulic, or pneumatic points; (2) Crossbows and draw-lock devices that hold the bow at partial or full draw except for persons with qualifying disabilities; (3) Electronic devices mounted to the bow that aid in the taking of game. However, cameras, video cameras, cell phones used exclusively for photographic purposes, lighted sight pins, and illuminated arrow nocks may be used; (4) Electronic arrow or electronic string releases; (5) Telescopic sights; (6) An arrow without a broadhead (fixed or mechanical) that has at least two metal cutting edges when hunting a wild turkey. The use of scents alone does not constitute a bait station. The bait station restriction does not apply to foods that have not been placed or gathered by an individual and result from normal environmental conditions or accepted farming, forest management, wildlife food plantings, orchard management or similar land management activities. Individuals are exempt from the bait station requirements while participating in depredation management activities directed by GFP.

However a person may use a hand held light while on foot, to

take raccoons after they have been treed by dogs; a landowner or occupant and no more than two guests accompanied by the landowner or occupant may use an artificial light and night vision equipment on the owner's or occupant's land, with a shotgun using shot shells only or a firearm using a rimfire cartridge in the taking of jackrabbits, coyotes, beaver during its hunting season, foxes, raccoons, opossums, badgers, skunks, or rodents; a landowner or occupant, eighteen years of age or older, and no more than two guests accompanied by the landowner or occupant may use night vision equipment on the owner's or occupant's land, with a firearm using a cartridge with a bullet diameter below .225 inches, in the taking of jackrabbits, coyotes, beaver during its hunting season, foxes, raccoons, opossums, badgers, skunks, or rodents; a landowner or occupant, eighteen years of age or older, may issue written permission to no more than two guests who may hunt unaccompanied by the landowner or occupant. Any unaccompanied guest may use night vision equipment on the owner's or occupant's land, with a firearm using a cartridge with a bullet diameter below .225 inches, in the taking of jackrabbits, coyotes, beaver during its hunting season, foxes, raccoons, opossums, badgers, skunks, or rodents. Night-vision equipment includes thermal imaging equipment and is an optical device utilizing light amplifying circuits that are electrical or battery powered.

- No one may possess a loaded firearm while intoxicated.
- No one may wantonly waste game, destroy a big game animal not in season, or destroy a big game animal in season and not tag and claim the animal.

- No one may use a motor vehicle to chase, harass, intercept, pursue or disturb big game.
- No one may send or receive a message by cellular telephone or other electronic form of communications while in or on a motor vehicle for the purpose of hunting big game.
- No one who is in or on a motor vehicle, except hunters with Disabled Hunter Permits, may discharge a firearm or bow at any wild animal, except coyotes, jackrabbits, rodents, skunks, badgers, raccoons and foxes.
- No one may allow a firearm to protrude from a motor vehicle or a conveyance attached to it while the vehicle is on a public highway. However, a firearm may protrude from a stationary vehicle when shooting at coyotes, jackrabbits, rodents, skunks, badgers, raccoons and foxes.

## HOW TO TELL A GOBBLER FROM A HEN

Large size, black body and long beard are marks of the gobbler. Both gobblers and hens will respond to turkey calls so identify your target. Hens sometimes have beards, but color, size and behavior distinguish them from gobblers. Hens are smaller, brown birds, with feathered heads.

**REPORTING VIOLATIONS:** You can report violations by contacting the Turn In Poachers (TIPs) Hotline (1.888.OVERBAG) or your local Conservation Officer. If possible, record and report the following information: date and time of violation, nature of violation, location, name of violator (if known), description of subject(s), vehicle description, and license plate number. Through the TIPs program callers can remain anonymous and receive rewards when information provided leads to the arrest of those who violate our wildlife laws.
