2020 Zippo Collection

Z2 Vision

2020 Collectible of the Year

Zippo proudly introduces the 2020 Collectible of the Year, Z2 Vision. The collectible draws inspiration from the debut of Zippo's new communication logo, the first major revamp of the iconic brand's calling card since the flame design was first released in 1980.

Z2 Vision is truly a unique masterpiece combining Zippo's most popular and most recent processes with other high-end elements into one stunning limited-edition collectible.

The design features the new stylized "Z" wrapping around the lighter, thanks to Zippo's MultiCut process utilized in a new way to smoothly carve a recessed background that surrounds the signature Z, creating an embossed effect. The recessed areas are further adorned with a 360° laser engraved element of abstract monochromatic seamless waves. Set on an Armor Black Ice lighter and paired with a heavy gold insert, this year's collectible goes the extra mile with a special 2020 bottom stamp. The full year is stamped into the bottom of the lighter, along with the hallmark of a Zippo Collectible of the Year, the ZL logo.

Each lighter is consecutively numbered and comes in the Collectible of the Year's custom-designed packaging. Quantities are extremely limited, only 20,020 pieces will be available worldwide.

Details on the updated Zippo brand identity and access to related assets to be released in late Q1 2020.

NEW Custom Packaging (not shown)

Z2 Vision introduces new updates to the Luxury packaging, giving the Zippo collector the first glimpse at the company's exciting new brand identity. With a crisp white box top and iridescent embossed elements inspired by the lighter design, a contrasting black bottom box that secures the collectible in black foam and showcases the wrapped design with mirrored wings, and complete with the inset placard that distinguishes this design as Zippo's 2020 Collectible of the Year, this limited edition lighter will absolutely stand out in any display.

In yet another Zippo first, the collectible receives a full outer box – in lieu of the traditional box sleeve – which comes in the 6 vibrant colors of Zippo's new look, making its arrival in collectors' hands a true unboxing event to be savored. Specific outer box colors cannot be ordered/guaranteed and you will receive a random assortment of colors within your shipment.

2020 Zippo Collection

The dawn of the third decade of the new millennium brings you exciting updates and innovations from Zippo. From the highly anticipated butane torch and rechargeable arc lighter insert accessories, to rechargeable arc candle lighters, and an ever-expanding range of vibrant base models, Zippo continues to innovate the products and display options that consumers notice and give Zippo retailers the sales edge.

As part of Zippo's continuing evolution and expansion, we are proud to unveil a new Zippo logo used in consumer communications as part of the company's complete brand visual identity update.

Our new visual identity captures the brand in a cohesive and powerful design. It sets Zippo apart from our competitors and is a lasting, memorable and compelling signpost for our fans and customers. A collection of individual elements – from our new communications logo, color palette, typography and photography, to our dynamic and customizable 'Z' device – our identity embodies the individuality inherent in our products and acts as a vibrant and dynamic canvas for our brand.

Information on the new Zippo brand identity and related assets will be shared with our partners and distributors in late Q1 2020.

Packaging

Unless otherwise stated, every Zippo windproof lighter in this catalog is packaged in the giftable standard "one box." The "one box" is attractive, easy to handle and designed to fit in every Zippo display. Other packaging types are displayed below. Look for the corresponding icon to see which product comes standard with that package style.

ZIPPO

Zippo Designs

Zippo windproof lighters decorated with Zippo logos – past and present – are the best-selling lighter theme of all time.

No retail display is complete without a few Zippo-themed designs for consumers to choose from, that's why we offer Zippo designs at every price point, from classic entry-level models, to ultra-luxe designs that incorporate our newest decoration methods and other sophisticated elements.

Fight Fire with Fire

Zippo has partnered with WOODCHUCK USA to create wooden laser-cut emblem designs that will help restore and protect the forests of the world.

Through the **Buy One. Plant One.**[®] initiative, for each lighter purchased, a tree is planted. Each one comes with a unique code that you can use to learn about your tree, its location, and the direct impact you're having on the planet.

To learn more about the positive impact of each Woodchuck lighter sale and the global media attention Zippo has earned from this program, visit zippo.com/buyoneplantone.

Customizable

Contact your sales associate for details on how to have a custom Woodchuck USA design created through a Design Center visit.

Note: Variations in the woodgrain and color make each Woodchuck USA lighter unique. Because each piece is made from natural materials, your design might not look exactly as depicted. The woodgrain material is also susceptible to staining over time.

Make It A Pipe Lighter

Easy to order, easy to sell

Demand for pipe lighter models has risen dramatically in the past two years and is anticipated to continue to grow.

- Pipe lighter insert allows the user to direct and draw the yellow flame downward without scorching the pipe.
- Any regular Zippo lighter can be ordered with the pipe insert instead of the regular insert. Contact your sales associate for details.

* These lighters come standard with a pipe insert.

Imprint Methods

Methods available to customize Zippo product.

Signature Custom Imprint Methods

Auto Engrave

The crisp, clean jewelry look of auto engraving has become one of the most popular methods of customization. Skilled operators use either rotary engrave or diamond cut method to inscribe an image into the product using creative fill patterns. A dimensional effect can be achieved by using directional fill patterns. Also known as Rotary Engraving or Computer Engraving.

pg.6

- Standard imprint charges
- Not available on powder coat and translucent finishes
- Available on sterling silver and solid gold
- Minimum quantity required
- Lid line adjustment may be made
- May require additional lead times

Laser Engrave

This state-of-the-art process allows Zippo tremendous flexibility when reproducing your artwork on our products. Our laser engravers are computer programmed to generate an accurate replication of your imprint. Also known as Laser Mark.

pg.6

- Standard imprint charges
- Minimum quantity required
- Multiple surfaces available
- Shows great contrast

Color Image

State-of-the-art printing method allows Zippo to imprint multiple spot colors or full-color photographic representations. Spot colors can be matched to PMS colors and used for one, two, or three-color simple logos.

Previously known as surface imprint.

- Zippo will accept vector artwork files (Adobe Illustrator) in these formats: .ai, .eps, .pdf (provided entire contents of file are vector). Zippo can also imprint artwork in full color or a photographic representation. Previously known as 4-color process pad print.
- Zippo will accept raster artwork files (Adobe Photoshop) no less than 1.5" wide by 2.25" high with a resolution of 600 DPI (dots per inch). Acceptable formats include .psd, .tif, .eps, .jpg (provided the resolution is high enough). Any file requiring background isolation must have paths or a layered file with transparent background included.

pg.11

pg.17

- Standard imprint charges
- Not available on precious metal finishes
- Minimum quantity required
- Special art requirements/high resolution photo required to be reviewed by the Design Center

All color imprinting will now be run using the color imaging method.

Luxury Custom Imprint Methods

All luxury custom orders need to be routed through the Zippo Design Center.

Brite Cut

Limited to Armor® cases only, brite-cut engraving produces dazzling high and low facets, resulting in the dimensional look of a beautiful emblem directly on the surface of the lighter.

Not in catalog

Deep Carve

Graphic is rendered in state of the art 3D software. A powerful milling machine accurately engraves deep contoured cuts into an Armor® case using many tool sizes, special buffing, and plating.

pg.13

- Heavy Wall Armor® case only

Laser/Auto Engrave

Zippo can combine Laser and Auto Engrave processes to achieve a jewelry look.

- Art constraints apply
- Some model restrictions apply
- Engraving can also be done on top of lasered area

pg.37

Texture Print

Texture printing brings designs to life with brilliant color and irresistible dimensional 3D design.

- Model restrictions apply
- May require additional lead time
- Art restrictions apply
- Design Center in-house visits only

pg.21

MultiCut

Powerful milling machines engrave deep contoured cuts 360° around the Armor® case leaving a high-end jewelry look. Special processing and finishing apply.

- Armor® case only
- Art restrictions apply
- Design Center in-house visits only

pg.16

Laser Fancy Fill

Skilled designers enhance laser engrave by adding various directional fill patterns. A 3D effect is achieved through out this intricate design process.

- Model restrictions apply
- Not available on translucent powder coat or matte finishes
- May require additional lead time
- Standard imprint charges apply

pg.20

Precious Metals

Special handling is needed when engraving precious metals.

- Sterling Silver and Solid Gold
- Limited customization options available

Not in catalog

Stone Attachment

Zippo designers and engineers continue to develop special inlaid materials and stones to delight Zippo customers.

- Some restrictions apply

pg.19

Epoxy Inlay

Clear, marbled or solid epoxies can be inlaid into deep cavities by highly skilled artisans.

- Lid line and size restrictions apply
- Special engraving can be designed under translucent epoxy for a luxury look.

pg.33

Premium Custom Imprint Methods

All models below require special handling due to the unique processes and methods on each piece. Several model styles below require minimum quantities, tooling charges, special lead times, as well as specific art files. Contact your Zippo sales representative for more information.

Lustre

Zippo's signature lustre etch method produces an attractive, durable imprint. The artwork is etched into the lighter and plated for a permanent mark. A beautiful contrasting effect is created.

pg.13

Double Lustre

The design is double etched into the lighter. This layered process displays a multi-dimensional effect. A portion of the design will be chromed out for impact.

pg.6

Fusion

A combination of specific pre-determined color palettes and chrome breaks create an iridescent, metallic look.

- Restricted to models 250, 167, 260, 1654B, 1610, 254B, 24750.
- Art constraints apply

pg.16

Auto Two-Tone

Contrast is achieved when Zippo engraves in two different depths. Vibrant chrome and brass engraving allows for a "gold and silver" effect.

- Some model restrictions apply
- Art constraints apply
- Available on 200, 205, 207, 24647, 24648, 28181, 28182
- Cannot pass thru lid line

pg.6

Laser Two-Tone

Zippo's lasers can be programmed utilizing two different depths, creating a unique contrast within the image.

- Restricted to models 150, 151, 200, 205, 207, 250, 20446, 24647, 24648, 24756, 28181, 28182, 20053
- Cannot pass thru lid line

Note: Gold color is the 2nd tone.

pg.35

Photo Image

The creation or manipulation of photographic images by electronic or digital means. The image is then laser engraved onto many different finish options with pin sharp resolution.

- Model restrictions apply
- Special art requirements/high resolution photo required to be reviewed by the Design Center
- Standard imprint charges apply

pg.43

Stamping

Image is debossed into the case, creating a 3D design.

- Now shown on #28994
- Art constraints
- Tooling charges and minimum quantities may be required

pg.5

Emblem

Image is die struck onto various metal substrates such as brass, aluminum, and pewter.

- Art constraints
- Additional lead times required
- Tooling charges and minimum quantities may be required
- Contact sales rep for details

pg.5

Laser 360°

Precision layers engrave 360° seamlessly around any High Polish lighter case.

- Available on High Polish models only
- Some art restrictions may apply
- Design Center in-house visits only

pg.30

Art Styles

Chromed Out

When rendering art, an area of design is opened up displaying the base finish. No additional charge for this method.

pg.6

Distressed

When rendering artwork, artists use a unique filter to give the art a pocket worn effect.

pg.17

Custom Art • Limited Editions • Exclusive Designs • Signature & Licensed Designs

Special event and/or anniversary designs can be supplied by the customer or created by Zippo artists. Personalization and consecutive numbering are available for an additional charge. Designs supplied by Zippo customers can be restricted to others. Must be discussed and approved through the Design Center. Signature and licensed designs must be processed and approved by our licensing department.

Call your sales representative for details.

Customer must sign an agreement stating they own or have rights to all custom artwork, and will indemnify Zippo for any infringement claim.

Base Models

Six new finishes are joining Zippo's extensive range of base models. For the first time ever, these finishes are debuting as stock decorated pieces right alongside the base models and "ZL" options.

Each of these new base models introduces something unique beyond just vibrant and long-lasting color finish. From the deep chestnut sheen, instead of matte, for the Brown finish, to the turquoise and violet ombre satin-like finish of the new Iridescent model, and the highly anticipated release of High Polish Rose Gold lighters, Zippo continues to bring unparalleled options in every color of the rainbow.

New Mercury Glass Matte finish is slightly textured and dazzles with mottled gold, silver, and white tones, while the new High Polish Teal model morphs into tropical yellow-lime tones and deep Caribbean turquoise as the light catches and plays along this mirror-like finish.

• Any regular Zippo lighter can be ordered with the pipe insert instead of the regular insert. Contact your sales associate for details.

1941 Replica

Distinctive features:

- Four-barrel hinge joins the lid and bottom; the current Zippo lighter has a five-barrel hinge.
- Sides of the inside unit are flat, with squared edges where they meet the front and back surfaces.
- Inside unit has fewer holes in the chimney than current models; also fitted with a hollow rivet that holds the striking wheel in place.

1941 Bottom Stamp

Vintage Lighters

There's Nothing Old About Zippo Vintage

The success of Zippo's 50th anniversary commemorative lighter in 1982 was a strong indicator that Zippo customers and collectors were receptive to the addition of more vintage-style lighters to the product line. Zippo Vintage lighters were introduced in 1985, designed after a similar Zippo lighter created in 1937.

Distinctive features:

- Five-barrel hinge that joins the lid and the bottom; same as current Zippo lighter.
- Sides of the unit are flat, with rounded corners and edges replacing the 1935 square case.
- Flat bottom and top case with current bottom stamp.

Rechargeable Candle Lighters

Zippo has combined the functional elegance of our flex neck candle lighter with the latest, most convenient technology in the new rechargeable candle lighters. Instead of butane, the new candle lighter unleashes a small but powerful plasma arc to quickly ignite even the lowest burnt candle. After 40+ (approximate) ignitions, the new candle lighter can be easily recharged with the included USB cord. Available in three on-trend colors for a lighter you can keep on the mantle and out of the junk drawer.
