

425

**>>> OUR LEGENDARY
STATUS DIDN'T
HAPPEN OVERNIGHT.
IT WAS AT LEAST A
MONTH OR TWO IN
THE MAKING. <<<**

Once Ben Gravely received his first patent in 1916, word quickly spread of the craftsmanship and ingenuity he built into his machines. The family name soon became synonymous with reliability as people realized how they could depend on their Gravelys year after year. Sure, a lot has changed over the decades, but our tradition of building rugged machines with superior designs has always remained. We believe that's how you build brand loyalty, how you earn respect, and how you keep a family company on top for over a hundred years. *GRAVELY. BUILT TO MOW THE DISTANCE.*

MADE IN THE

UNITED

Every machine that comes off our assembly line prominently displays the Gravelly name. For our commercial customers, it's a calling-card to their clients to remind them they hired the best because they use the best equipment. For our crew at the plant, it's a reminder that they're building tough, American-made machines with a 100-year family history of superior designs and unparallel craftsmanship. For

OUR FAMILY TREE HAS MANY BRANCHES, BUT THE ROOTS HAVE ALWAYS BEEN GRAVELLY.

STATES

everyone else, it's the name they see on the mowers that create the most impeccably manicured lawns. The Gravelly name may mean different things to different people, but everyone can agree it's a name you can always rely on to deliver the best cut, the most comfort, and the highest level of ingenuity. It all stems from Ben Gravelly's legacy and why the mowers with his name on them are built to mow the distance.

YOU'RE JUDGED

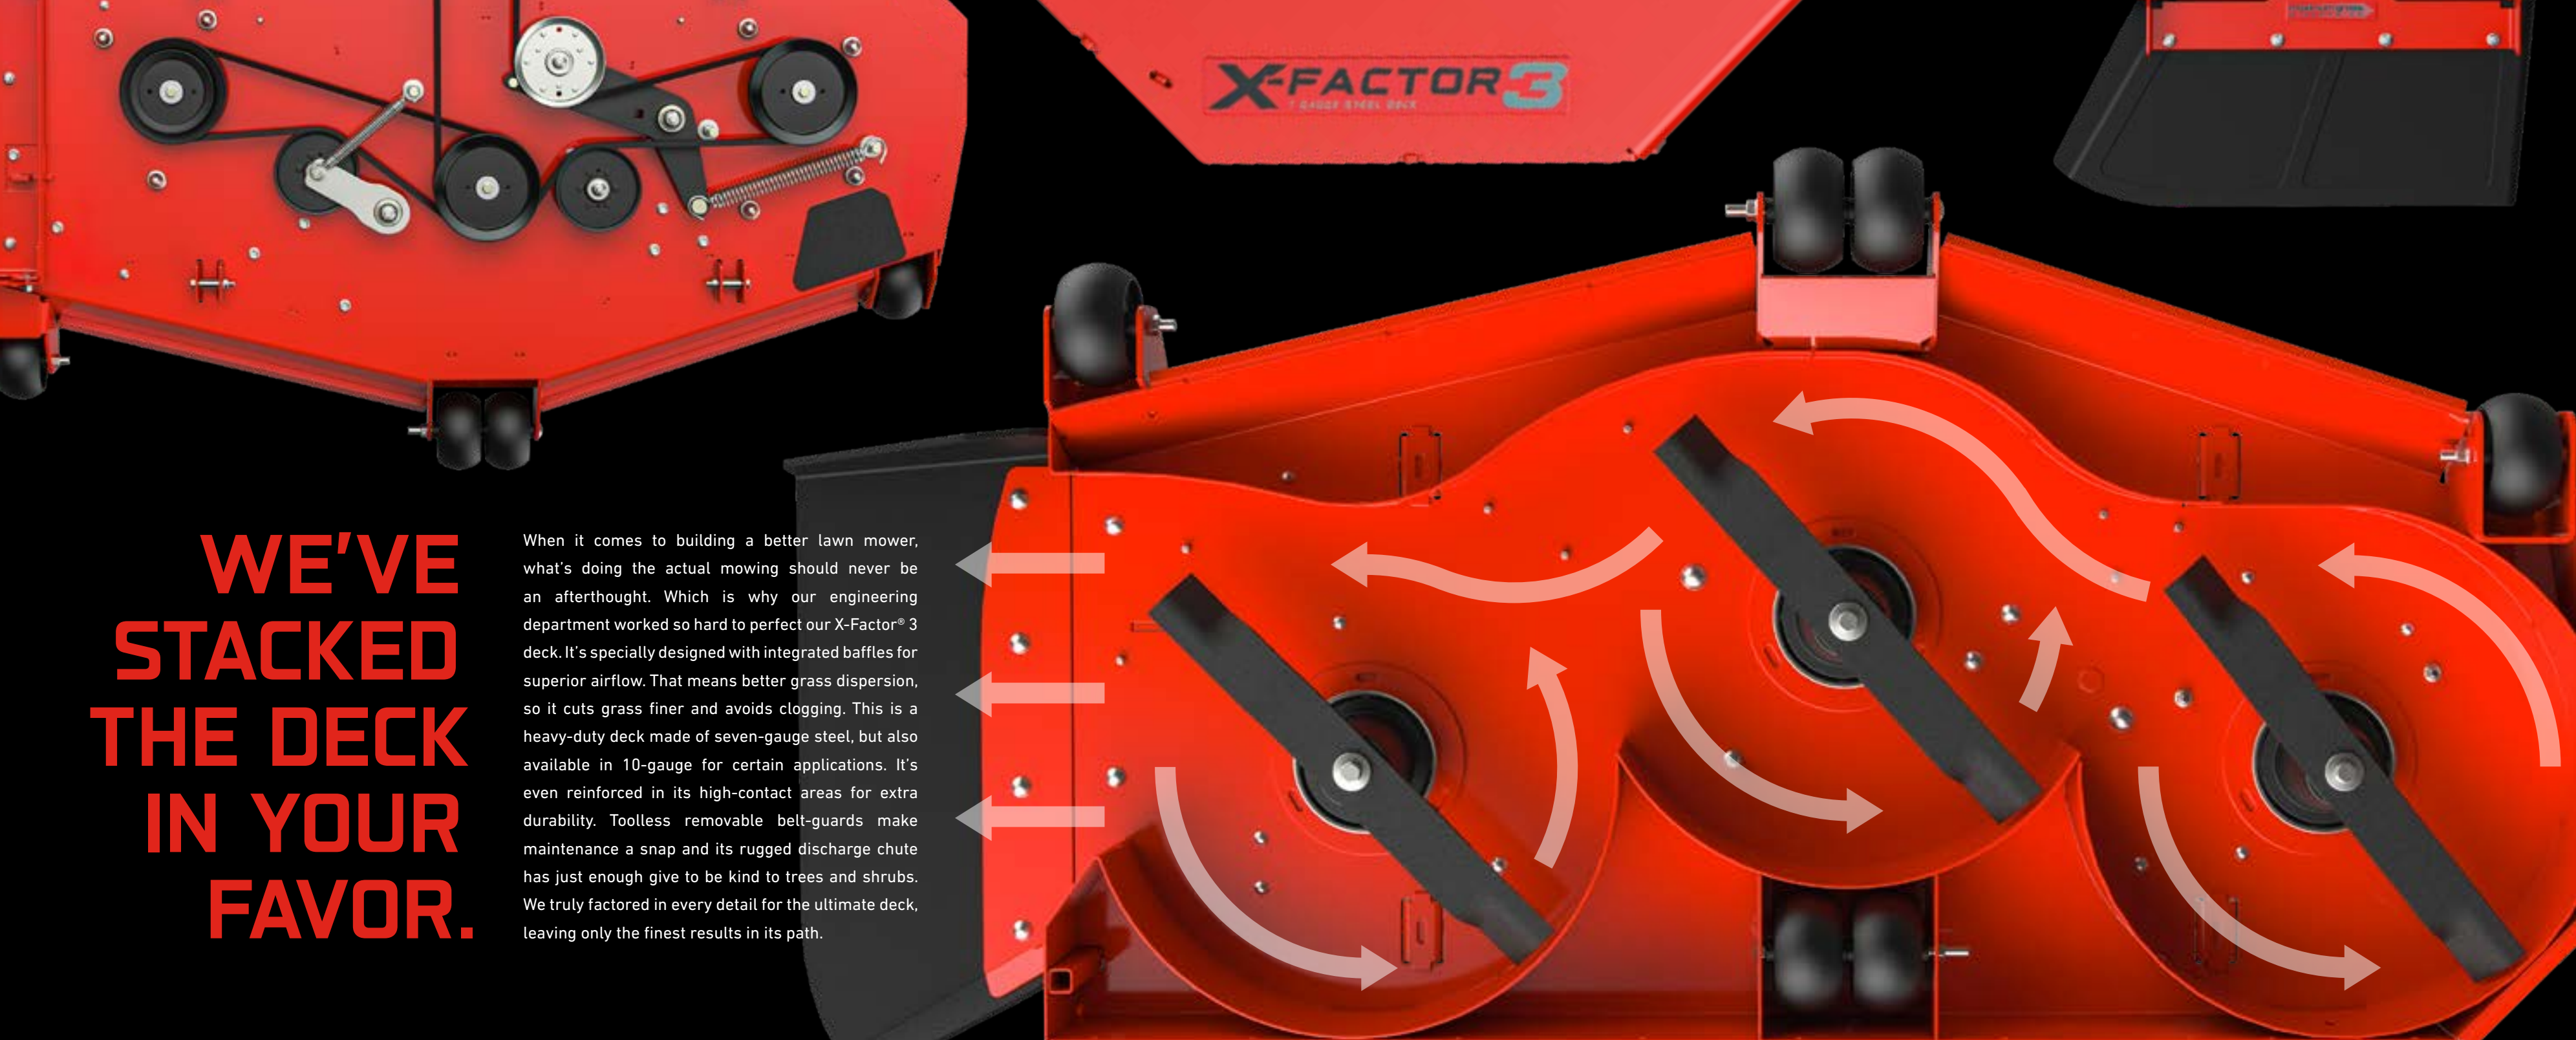

BY THE COMPANY

YOU KEEP, WHICH

IS GOOD NEWS

FOR US.

When you build the best lawnmowers, you want to make sure they're sold and serviced by the best. That's why Gravelly machines are only sold through authorized Gravelly dealers. They know every bolt, belt, and deck bevel in every Gravelly machine. They help their customers find the right mower for their specific needs and provide impeccable service to keep their Gravelly running in top condition for years to come. And most importantly, they know we stand behind them as much as they stand behind our products. Building superior machines is only part of our success story. The other part is finding people as passionate about lawnmowers as we are. That's why we remain a dealer-based brand. And that's why we remain the best in the business.

X-FACTOR 3
7 GAUGE STEEL DECK

WE'VE STACKED THE DECK IN YOUR FAVOR.

When it comes to building a better lawn mower, what's doing the actual mowing should never be an afterthought. Which is why our engineering department worked so hard to perfect our X-Factor® 3 deck. It's specially designed with integrated baffles for superior airflow. That means better grass dispersion, so it cuts grass finer and avoids clogging. This is a heavy-duty deck made of seven-gauge steel, but also available in 10-gauge for certain applications. It's even reinforced in its high-contact areas for extra durability. Toolless removable belt-guards make maintenance a snap and its rugged discharge chute has just enough give to be kind to trees and shrubs. We truly factored in every detail for the ultimate deck, leaving only the finest results in its path.

Sure, we could just describe the Pro-Turn Series as “high-performance”, but these are professional-grade mowers that deliver professional results so “proformance” feels right, even if it is a made-up word.

These are rugged machines designed for maximum comfort and loaded with features to help you get the job done quickly – with immaculate results. For professionals who want the best, turn to the Pro-Series.

PRO-TURN SERIES

WE'VE CHANGED "PERFORMANCE" TO "PROFORMANCE."

Compact-PRO

- Commercial-grade high-efficiency transmission
- Compact design to easily pass through narrow 36" gates and around obstacles
- Fuel tank design increases stability, improves machine handling and visibility

Pro-Turn Z

- Suspension forks absorb big impacts so your body doesn't
- Seat isolation remove vibrations that cause fatigue
- 26.5 HP Gravely Engine and two-stage canister filtration for longer engine life

Pro-Turn ZX

- Kawasaki® FX Engine delivers reliable power and performance
- 3200 Transaxles are more heavy-duty and can handle higher speeds
- Suspension forks absorb big impacts so your body doesn't

Pro-Turn 100

- The 7-gauge X-Factor® II deck is fabricated from top to bottom providing industrial strength
- Our Constant Belt Tension system ensures the that belt tention is maintained
- Full-suspension seat

Pro-Turn 200

- A heavy-duty steel chassis
- Full-suspension seat
- The 7-gauge X-Factor® II deck is fabricated from top to bottom providing industrial strength
- Maintenance-free spindles

Pro-Turn Mach-One

- Tunnel Deck design puts blades 4-inches back from leading edge to lift grass before being cut
- High-volume output deck
- Our Constant Belt Tension system ensures the that belt tention is maintained

Pro-Turn 600

- X-Factor® III deck is completely redesigned for better grass dispersion
- Large diameter tires
- New suspension system is designed to feel like you're part of the machine

Pro-Turn EV

- FusionCore QuikSwap Batteries
- X3 Constant Drive Spindles
- Next-Gen Wheel Drives
- Commercial grade chassis
- Failsafe braking

COMPACT-PRO

SMALL FRAME. BIG RESULTS.

Its size takes you where bigger mowers can't, like through gates as narrow as 36". But this smaller, nimbler ride is still loaded with big-time features. Powerful, durable, with maximum versatility. This is full commercial strength brought down to size.

FUEL TANK DESIGN Increases stability and improves machine handling and visibility.

KAWASAKI® ENGINE Powered by a Kawasaki® FX Engine that touts a heavy-duty canister air cleaner to optimize performance in all conditions and extend engine life.

SMALLER FOOTPRINT The Compact-Pro® easily passes through gates as narrow as 36 inches and nimbly maneuvers around common residential obstacles.

PRO-TURN[®] Z 7

A SUPERIOR CUT COUPLED WITH SUPERIOR COMFORT.

All-day comfort matters just as much as leaving a perfectly cut lawn.

The Pro-Turn[®] Z delivers both. It's packed with commercial-grade features while staying true to its attractive baseline price. And on top of all that, it maintains Gravelly's signature durability.

SUSPENSION FORKS Absorb those big impacts so your body doesn't, further improving the ride and decreasing fatigue.

X-FACTOR[®] 3 DECK The deck has been completely redesigned for better grass dispersion. Its new look is constructed from 10-gauge steel to deliver years of solid performance.

INCREASED COMFORT It comes from its highback seat with plenty of cushion and support.

PRO

TURN ZX

GET MUCH MORE THAN YOU PAY FOR.

Don't let its price-point fool you. The Pro-Turn® ZX still delivers a great Gravelly performance, making it a great value. Its solid construction can handle the toughest commercial jobs and leave a beautifully manicured lawn behind it. This is definitely a "big return on a small investment" situation.

AN AUTOMOTIVE-STYLE TUBULAR FRAME It's unique to the mowing industry and increases durability by withstanding force from any direction. This high-strength, premium frame is positioned with a lower center of gravity to improve stability while mowing on hillsides.

ZT-3200* TRANSAXLES They're more heavy duty and can handle higher speeds. They're also commercial grade and serviceable for a longer life span.

X-FACTOR® 3 DECK The deck has been completely redesigned for better grass dispersion. Its new look is constructed from 10-gauge steel to deliver years of solid performance.

PRO FIBER MACH ONE

WHERE OVERGROWN GRASS BECOMES JUST GRASS.

Whether it's thick wet conditions, overgrown properties, or stalky grasses in its path, the Mach One easily cuts it down to size. Its High-Volume Output deck with tunnel chamber directs clippings away from the blades after they're cut to keep them from bogging down.

HIGH-VOLUME OUTPUT (HVO) DECK The HVO deck provides increased depth from trim side to discharge side so it can process greater material volume.

TUNNEL CHAMBER An advanced cutting chamber is formed by setting the blades back four inches from the front of the deck for less clumping and even grass dispersion.

CBT SYSTEM Our exclusive Constant Belt Tension System (CBT) ensures belt tension is maintained, keeping the blade tip speed and cutting results consistent.

PRO-TURN 600

MEET YOUR NEW EMPLOYEE OF THE MONTH FOR THE FORESEEABLE FUTURE.

When you add a Pro-Turn 600 to your crew, it's kind of like adding another employee. It cuts faster and more efficiently, handling more work in less time. Its Operator Pod System was designed to keep you mowing comfortably sunrise to sunset, cutting back on driver fatigue. Best of all, it will impress both your clients and any potential crew members because they'll see you only use the best.

X-FACTOR® 3 DECK The deck has been completely redesigned for better grass dispersion. Its new look is constructed from 7-gauge steel to deliver years of solid performance.

DIAL-A-HEIGHT This lets the operator easily adjust the deck height by quarter-inch increments.

LARGE-DIAMETER TIRES Both the front and rear tires provide a smoother ride and more traction in varying conditions.

OPERATOR POD SYSTEM There's nothing like it in the industry. It separates the operator from the bouncing and jostling the mower encounters, even on the roughest terrain. You'll feel like you're floating but you'll still be in total control.

PRO FIRM EV

IT HAS QUIETLY SILENCED ANY DOUBT.

Welcome to superior battery technology from FusionCore. The EV's four swappable batteries deliver the all-day, reliable high-performance power you need in a commercial mower. No pullies, belts, engine oil changes, or driving vibrations. They've been replaced with the quiet hum of success.

X3 CONSTANT DRIVE SPINDLES Our proprietary spindles have a blade slip feature that prevents damage in the event of an impact. They also have a bottom bearing for easy serviceability for routine maintenance which avoids the need to replace the entire spindle.

NEXT-GEN WHEEL DRIVES Transaxles are driven with a brushless electric-drive motor coupled with a dual-reduction planetary gearbox.

LCD DISPLAY High-tech display screen keeps the operator in the know with information on battery charge, blade engagement, and alerts if an issue needs to be addressed.

X-FACTOR® 3 DECK The deck has been completely redesigned for better grass dispersion. Its new look is constructed from 7-gauge steel to deliver years of solid performance.

POWERED BY
FUSIONCORE

It's the most forward-thinking battery system available, delivering the juice needed to keep you mowing the distance. These batteries are crammed with power, 4 kWh lithium-ion kind of power. That means combined, you have 16 kWh of total energy. This is battery power you can rely on for all-day performance.

SINCE WE'RE BUILT
IN THE MIDWEST,
BRAGGING IS NOT
PART OF OUR
DNA. SO, WE LET
OTHERS DO IT
FOR US...

---“Awesome machine, I have 2 of these guys. 1100 hours on the older one and still running strong. Love how easy they are to work on, haven't paid shop labor in years and parts are readily available online.”---

– Cory Sheets, Ingram, TX

---“We love the Pro-stance mowers! They outwork, outperform and out-cut any mower and with the customer service Gravelly has, they can't be beat.”---

– Stash Otto, Fort Atkinson, WI

---“I purchased one of these and it literally changed my business! The efficiency of this mower is second to none! I would recommend this mower to anyone! They are incredible!”---

– Lance Robeaux, New Orleans, LA

---“Pro stance 36” is amazing. Big enough to get the job done in a quick manner and small enough to fit through gates.”---

– St. John's Turf LLC, St. John's, FL

---“I bought my second 460 in 2018 with a 33HP Kohler EFI. Great machine- perfect cut, great ride, plenty of horsepower and fuel efficiency - I'm sold on Gravelly!”---

– Dan, River Falls, W

ZT X

COMMERCIAL PEDIGREE. RESIDENTIAL ADDRESS.

For homeowners who take their lawncare seriously. The ZT X brings commercial-grade precision and legendary Gravely performance to your backyard. This mower isn't just for anyone, just those who want to upgrade their lawn game.

11-GAUGE FABRICATED DECK Our 4.5-inch-deep fabricated deck features an optimized airflow design to produce best-in-class cut quality and discharge performance.

FULLY WELDED TUBULAR FRAME This fully welded tubular frame is a professional-grade backbone tough enough to get the job done in your backyard.

CUT SELECTION We cut out the pins and levers to offer a simple and intuitive cutting-selection solution. Press the pedal to raise the deck, and turn the dial.

OUTFIT YOUR GRAVELY WITH MORE OF THE BEST.

These additional tools and accessories have been meticulously engineered and come straight from the factory to fit seamlessly with your machine. They can help shave time off your schedule or help lighten the load. Looks like you can improve on perfection.

MAINTENANCE KITS

Gravely maintenance kits offer a complete service package, designed to protect your engine and promote optimal performance levels.

OEM OIL

Gravely Oils are specifically formulated to provide protection for your engine in the toughest of environments.

OEM BELTS

Designed to be a perfect fit for your machine, Gravely OEM belts provide the strength, longevity and quality needed to enhance performance and cut quality.

MULCH KIT

Separate cutting chambers for each blade produce smaller clippings for a professionally manicured appearance.

LASEREDGE BLADE

These self-sharpening blades last up to 5 times longer than standard blades, helping to minimize downtime.

POWERED DECK LIFT

Powered lift kits make cutting-height adjustments smooth and simple.

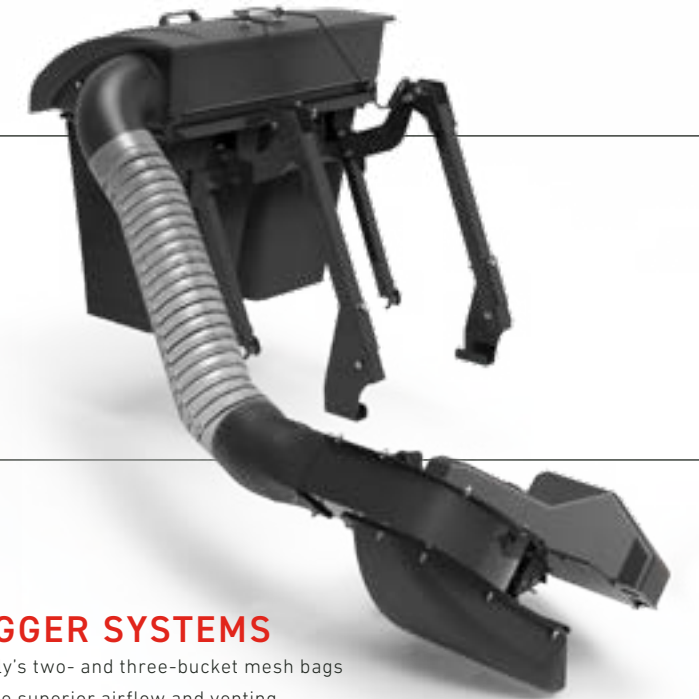

REAR TWEEL

These airless, run-flat tires help to minimize your downtime and dampen the effect of uneven terrain.

BAGGER SYSTEMS

Gravely's two- and three-bucket mesh bags provide superior airflow and venting.

LIGHT KIT

The LED headlight kit will light your way and keep you cutting long after others call it a day.

HITCH KIT

Add a hitch kit to enjoy unmatched versatility with a variety of tow-behind options.

ATLAS JSV[®]

BLAZE YOUR OWN TRAIL.

There's no shortage of power and torque in the Atlas JSV. You can haul, work, tow, dump – and a ton of other jobs you haven't even discovered yet. It features a heavy-duty suspension and seats three to six comfortably.
