THE ETHICS OF PANDEMICS

Edited by
Meredith Celene Schwartz
Aug 2020 160pp
9781554815449 Paperback
£19.50 / €21.00

The rapid spread of COVID-19 has had an unprecedented impact on modern health care systems and has given rise to complex ethical issues. This collection of readings and case studies offers an overview of some of the most pressing of these issues, such as the allocation of scarce resources, and the curtailing of standard privacy measures.

A portion of the revenue from this book's sales will be donated to Doctors Without Borders to assist in the fight against COVID-19.

Health Administration Press

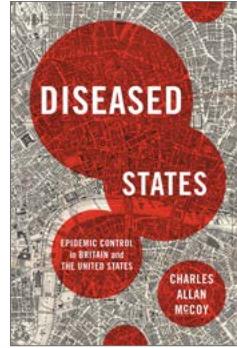

MANAGERIAL EPIDEMIOLOGY

Cases and Concepts,
Fourth Edition
Edited by Steven T. Fleming
Sep 2020 475pp
9781640551961 Hardback
£94.95 / €103.00

One of the many lessons learned from this pandemic is that epidemiological principles must be applied to manage health care services

and control disease in populations. This comprehensive introduction to epidemiology and its use in health care management uses 64 real-world case studies and numerous examples to help managers make better-informed decisions.

University of Massachusetts Press

DISEASED STATES

Epidemic Control in Britain and the United States

Charles Allan McCoy
Aug 2020 224pp
9781625345073 Paperback
£23.95 / €27.00

Comparing the development of disease control in Britain and the United States, from the 1793 yellow fever outbreak in Philadelphia to the H1N1 panics of more recent times, *Diseased States* provides a blueprint for managing pandemics in the twenty-first century.

Texas A&M University Press

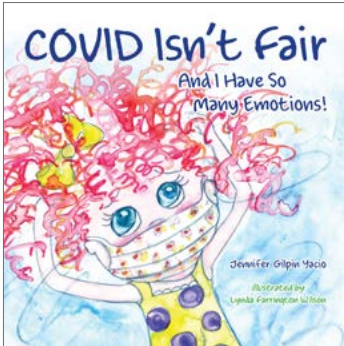

PREPARING FOR PANDEMICS IN THE MODERN WORLD

Edited by
Christine Crudo Blackburn
Nov 2020 208pp, 2 illustrations
9781623499464 Hardback
£31.50 / €34.00

Brings together experts on pandemic preparedness and biosecurity to explore areas of weakness in pandemic prevention, preparedness, detection, and response. Chapters are divided into sections on the lessons learned from the 1918 influenza pandemic, the application of the One Health concept, and the role of the private sector.

Cognella Academic Publishing

PRACTICING WHAT YOU PREACH

Self-Care for Helping Professionals

Jeffrey A. Kottler

Jul 2020 154pp

9781793512840 Paperback

£49.95 / €55.00

Assists readers in recovering from the strains and demands of working within the helping professions, not through reminders to take a break or

a deep breath, but through the recognition that self-care requires a constant commitment to addressing larger and more complex issues that can lead to exhaustion, depression, and burnout.

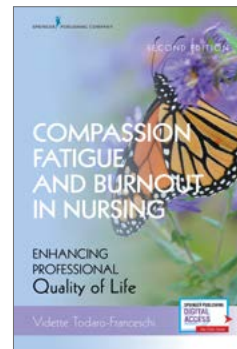

PROMOTING RESILIENCY AND WELLNESS AMONG PHYSICIAN RESIDENTS

Mohsen Shabahang, Marie Hunsinger & Brandon Lang

Aug 2020 192pp

9781516535330 Paperback £72.95 / €79.00

Featuring chapters written by practicing medical professionals and experts in the discipline, *Promoting Resiliency and Wellness Among Physician Residents* is designed to help current and future residents integrate facets of resilience and wellness in their lives to help them succeed in their medical training.

COMPASSION FATIGUE AND BURNOUT IN NURSING

Enhancing Professional Quality of Life, Second Edition

Vidette Todaro-Franceschi

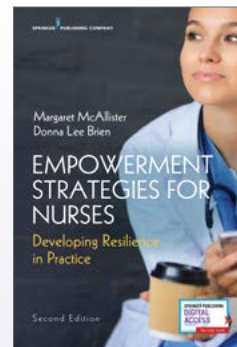

2019 278pp

9780826155191 Paperback

£32.95 / €37.00

A book for all nurses, but especially those who suffer

from job dissatisfaction, compassion fatigue, moral distress, or burnout. Told from a first-person perspective, the work is based on research and is designed to provide practical steps for the nurse or nurses reading the book.

EMPOWERMENT STRATEGIES FOR NURSES

Developing Resilience in Practice, Second Edition

Margaret McAllister &

Donna Lee Brien

2019 212pp

9780826167897 Paperback

£36.95 / €41.00

Delivers proven strategies to help nurses overcome stressors and challenges when

- and even before - they arise. This edition focuses not only on resilience strategies nurses can implement to help themselves, but also provides them with tools they can use to strengthen and motivate patients, families, and health care communities at large.
