Will be held at Holland Middle School

**In Person High School Programs (9-12)**  
Will be held at Council Rock High School North

**Sessions Run June – August 2021**

**Program Dates and Times Vary. Please Refer to Program Description.**

### **Registration Information**

**All payments are due BY MAIL on or before May 21, 2021**

Complete the [Online Registration Form by clicking here](#). Please mail your payment (check), and a copy of your email confirmation of this registration, to: CRSD Summer Academy, Attn: Mrs. Gina Booth, Director, Hillcrest Elementary School 420 East Holland Road, Holland, PA 18966. If for some reason, you are not able to register via online form using the link, please email: [SummerAcademy@crsd.org](mailto:SummerAcademy@crsd.org) for assistance.

- Checks should be made out to: Council Rock School District
- Payment in full is due at time of registration.
- **All payments must be received by May 21, 2021.**
- Any course may be cancelled due to insufficient registration.
- Registrations will be accepted after final registration date, but ONLY based on available classroom placements.
- Please note: Any outstanding school debts may prevent students from attending classes.

### **Have Questions? Need More Information?**

If for some reason, you are not able to register using the link above, please email: [SummerAcademy@crsd.org](mailto:SummerAcademy@crsd.org)

## In-Person Enrichment Offerings - Elementary and Middle School

Elementary and Middle School Enrichment Offerings will be held **IN PERSON** at Holland Middle School

Program Name	Description	Grade (Fall 2021)	Tuition/Dates/Times
<p><b>STEAM EXPLORATION 1</b></p>	<p>In this program, participants will engage in group and self-directed activities that focus on the science, technology, engineering, art, and mathematics (STEAM) disciplines. Critical thinking, creativity, collaboration, computational thinking, and communication skills are emphasized along with digital citizenship and the development of effective use of technology. Consideration is given to each participant's skill level, previous experiences and interests. Open-ended work sessions encourage participants to grow as independent learners, to explore and to challenge themselves to problem solve and persevere. Topics include computer programming, physical computing, digital design and fabrication, hands-on engineering design, environmental awareness, and electronics. <i>Please note that STEAM Exploration 1 and STEAM Exploration 2 may be combined based on enrollment.</i></p>	<p>Entering Grades 3-5</p>	<p><b>Tuition:</b> \$300/session</p> <p><b>Dates:</b>            Session 1: Two weeks:            July 6, 7, 8, 9, 12,13, 14, 15</p> <p>Session 2: Two weeks:            July 19, 20, 21, 22, 26, 27, 28, 29</p> <p>(Please note, Session 1 and 2 programs are the same content.)</p> <p><b>Times:</b> 8:30-11:30 a.m.</p>

Program Name	Description	Grade (Fall 2021)	Tuition/Dates/Times
<p><b>STEAM EXPLORATION 2</b></p>	<p>In this program, participants will engage in group and self-directed activities that focus on the science, technology, engineering, art, and mathematics (STEAM) disciplines. Critical thinking, creativity, collaboration, computational thinking, and communication skills are emphasized along with digital citizenship and the development of effective use of technology. Consideration is given to each participant's skill level, previous experiences and interests. Open-ended work sessions encourage participants to grow as independent learners, to explore and to challenge themselves to problem solve and persevere. Topics include computer programming, physical computing, digital design and fabrication, hands-on engineering design, environmental awareness, and electronics. <i>Please note that STEAM Exploration 1 and STEAM Exploration 2 may be combined based on enrollment.</i></p>	<p>Entering Grades 6-8</p>	<p><b>Tuition:</b> \$300/session</p> <p><b>Dates:</b> Session 1: Two weeks: July 6, 7, 8, 9, 12,13, 14, 15</p> <p>Session 2: Two weeks: July 19, 20, 21, 22, 26, 27, 28, 29</p> <p>(Please note, Session 1 and 2 programs are the same content.)</p> <p><b>Times:</b> 8:30-11:30 a.m.</p>
<p><b>Ecological Stream Study</b></p>	<p>Students will be immersed in environmental exploration, learning through hands-on activities and following their curiosity to connect with nature. Some activities will include digging into field experience which would include: ecological studies, stream study, microscopy all of which reinforce skills in STEAM (Science, Technology, Engineering, Art and Math).</p>	<p>Entering Grades 7-8</p>	<p><b>Tuition:</b> \$100/session</p> <p><b>Dates:</b> One week: July 12,13, 14, 15</p> <p><b>Times:</b> 8:30-11:30 a.m.</p>

## In-Person Enrichment Offerings - High School

High School Enrichment Offerings will be held **IN PERSON** at Council Rock High School - NORTH

<b>Art Portfolio Prep</b>	<p>This course is specifically designed to assist students as they prepare an art portfolio. For any course study in the arts (web-design, graphic design, photography, fine arts, or art education) a portfolio is required for college application. Students will work through the process of creating, preparing and presenting their work. No prior high school art class is required, however, students with previous art experience will be invited to bring in their work as part of the process.</p>	<p>Entering Grades 9-12</p>	<p><b>Tuition:</b> \$330/session (Cost includes Materials Fee \$30)</p> <p><b>Dates:</b> 4 weeks: July 6, 7, 8, 9, 12,13, 14, 15, 19, 20, 21, 22, 26, 27, 28, 29</p> <p><b>Time:</b> 9:00-10:30 a.m.</p>
<b>Art - Passion Project</b>	<p>This course is designed for students to ignite their passion for the arts. Students will create an in-depth work or works of art that communicate a big idea. Students will walk through the process of mind-mapping, brainstorming, looking for inspiration, and ultimately creating works of art that are driven by thier interests. Students will be given the opportunity to work in a variety of mediums.</p>	<p>Grades 9-12</p>	<p><b>Tuition:</b> \$330/session (Cost includes Materials Fee \$30)</p> <p><b>Dates:</b> July 6, 7, 8, 9, 12,13, 14, 15, 19, 20, 21, 22, 26, 27, 28, 29</p> <p><b>Time:</b> 10:30 a.m. -12:00 p.m.</p>
<b>The Science of You: Biomedical Science Course</b>	<p>This course is designed for rising students in 9<sup>th</sup> through 12<sup>th</sup> grades with an interest in the life sciences and the medical field. Students will be exposed to a variety of topics related to the human body that span the various disciplines of STEAM; including but not limited to key topics in human biology and anatomy. Hands on activities will be incorporated throughout the course to develop critical thinking skills, peak curiosity, and to strengthen scientific skills.</p>	<p>Grades 9-12</p>	<p><b>Tuition:</b> \$150/session</p> <p><b>Session 1:</b> July 6-9 and July 12-15 9:00-10:30am</p> <p><b>Session 2:</b> July 6-9 and July 12-15 10:30-12:00pm</p> <p><b>Session 3:</b> July 19-22 and July 26-29 9:00-10:30am</p> <p><b>Session 4:</b> July 19-22 and July 26-29 10:30 a.m.-12:00 p.m.</p>
<b>Chemists Have Solutions</b>	<p>This course is designed for rising students in 11<sup>th</sup> and 12<sup>th</sup> grade who have completed chemistry. Students will be immersed in chemistry lab activities, learning through hands-on activities and developing laboratory skills in chemistry and STEM. Lab activities will include individual lab stations on the following topics: types of reactions, titrations, gravimetric analysis and more.</p>	<p>Grades 11-12</p>	<p><b>Tuition:</b> \$125/session Cost includes Materials Fee \$25</p> <p><b>Dates:</b> July 26, 27, 28, 29</p> <p><b>Times:</b> Session 1: 9:00-10:30 a.m. Session 2: 10:30 a.m. -12:00 p.m.</p>
