- Portable generator manufacturer with over 20 years of experience having produced over 10 million portable generators for the worldwide market.
- Manufacturer of generators for brands such as Kohler, Rigid, Ariens & Coleman.
- A vertically integrated manufacturer meaning that every FIRMAN generator is 100% FIRMAN from concept to design to engineering to manufacturing and production.
- More true power – better certified watts/dollar. No gimmicks.

- 100% FIRMAN built from the automatic voltage regular, carburetor, FIRMAN Fat Head Engine Block, FIRMAN Power Stream Alternator, Air Cleaner, Valve Cover, and even the Muffler Guard.
- Throughout the production process each unit is run for at least 12 minutes to ensure adherence to the FIRMAN rigorous standards.
- 3-Year legendary warranty policy with free 24/7 technical support line.
- With 3 families of generators, there is a model for every use and lifestyle.

WHISPER SERIES

PERFORMANCE SERIES

HYBRID SERIES

True to its name the FIRMAN Whisper Series features some of the quietest inverter generators on the market. We've engineered these inverters so that they are able to vary their engine speed based on load. Not only does this technology mean FIRMAN inverters are whisper quiet, it makes them incredibly fuel efficient, providing up to 9 hours of run time on one tank of fuel. FIRMAN Whisper Series inverters deliver clean power at a very low Total Harmonic Distortion (THD) which makes them ideal for sensitive medical or electronic equipment.

In order to provide the ultimate in flexibility all FIRMAN Whisper Series inverters include USB ports that can be used to charge cell phones, tablets and all of the other devices that have become such integral parts of our lives. Our 3000W series inverters and parallel kits feature an RV-Ready TT-30R outlet so you can keep the fun going with your camper, toy hauler or RV. It's possible to achieve up to twice the power by connecting two FIRMAN Whisper Series inverters with a FIRMAN Parallel Kit, and with FIRMAN you have the freedom to connect two of the same or even different size inverters. To ensure safety in all types of weather we've included outlet covers on every Whisper Series inverter.

The FIRMAN Performance Series generators are the heart of the FIRMAN line-up. As a leader in power generation for the past 20 years FIRMAN has designed our new Performance Series for the North American market. These generators perform everywhere it counts – bigger power, longer run times and an industry leading 3 year warranty. The Performance Series is comprised of over 20 models ranging from 1,000 to 10,000 watts.

Some of the standard features include, electric start and remote start, the most commonly used receptacles, tubular steel frames, protective outlet covers and long lasting powder coated tanks.

FIRMAN Hybrid Dual Fuel Generators – the new standard in power generation and exceptional performance. Our Dual Fuel generators allow users the option to run off traditional gas or liquid propane for 20 hours of combined run time (with a common 20 lb LP tank) and our largest in industry gas tanks, 5 Gal on the FIRMAN 3-4.9 KW's and 8 Gals on our 5KW and larger. Experience the power and performance of FIRMAN generators, whether you're a Crossroads Camper, Weekend Warrior, Professional Contractor, or just preparing for the next storm or the next "Zombie Apocalypse". Our Hybrid Dual Fuel models range from 3000W to 10,000W so you can accommodate any of your outdoor power needs and have fuel options that will allow you to accomplish your mission when and where you need.

\$5,000+	5-Pay (15th); or 2% 10th, Net 15th

MIXED GOODS FREIGHT ALLOWANCE PROGRAM

Dealers can combine any products from MIS that are not included in the Parts Freight Allowance Program in order to achieve a higher dollar total, i.e., oils, engines, Harvester products, industrial hose, etc. Drop shipment items are excluded.

Items not contained in the Parts Freight Allowance Program will follow this policy:

- \$0 - \$2,499 Actual Freight
- \$2,500 - \$4,999 \$75.00 (Invoiced \$150.00; \$75 deductible if paid according to terms)
- \$5,000+ FREE (Invoiced \$150.00; \$150 deductible if paid according to terms)

LTL Orders – For LTL shipments, MIS will rate shop for the most efficient and cost-effective carrier for you.

For orders less than \$2,500, if you have a preferred carrier please note the carrier name, phone number and your account number (if applicable) and we will accommodate this request. Additional fees including residential delivery, lift gate, express shipment, etc. will not be deductible. Please note your delivery hours when placing your order.

All prices, specifications, and terms subject to change without notice or recourse.
