Liewe Ouers/Voog

GRAAD 1-INLIGTINGSDOKUMENT

Lees asseblief hierdie dokument noukeurig deur. Indien u enige vrae het of iets nie verstaan nie, kontak my vir ‘n afspraak en ek verduidelik weer. Ek wil baie mooi vra dat u asseblief die volle dokument sal deurlees, aangesien dit belangrike inligting oor graad 1 bevat.

SPANWERK

Heel eerste en die belangrikste, is dat ek (die onderwyser) en u (die ouers of voog) volgende jaar as ‘n span moet saamwerk. As ons nie in ‘n span gaan saamwerk nie, is daar slegs een verloorder en dit is die kind.

Ek is ook net ‘n mens. Indien ek ‘n fout iewers maak, laat weet my en ek kyk of ek dit kan regstel.

Onthou altyd baie ouers het 4 kinders in ‘n huisgesin. Ek het 30 in my klas. Hou dit asseblief in gedagte indien u versoeke het.

Graad R is baie informeel. Leerders leer deur te speel. In graad 1 begin ons meer formeel werk. Ek probeer die werk so lekker moontlik maak, maar ongelukkig gaan ons nie altyd alles kan lekker maak nie. Ons werk lekker hard en speel lekker hard.

Leer kan nie plaasvind as leerders emosioneel is nie. Maak nie saak hoe begaafd ‘n kind is nie. Byvoorbeeld hy/sy kan nie leer as hy/sy oor die kleinste dingetjie huil nie. Ek sê altyd vir die kinders dat gelukkig wees ‘n keuse is en ons nie kan verwag dat juffrou of ons maatjie ons altyd gelukkig moet maak nie.

DISSIPLINE

Hoërskool Hopefield is ‘n baie goeie skool. Ek voel baie geseënd om hier skool te hou. Daar is ‘n rede hoekom ouers hulle kinders in die skool wil plaas. Dissipline is ‘n gedeelte van die resep en kan slegs plaasvind indien ouers en onderwysers saamwerk.

Hou altyd in gedagte dat klein kinders egosentries van aard is. Hulle kyk uit vir homself/haarself. Vir hulle is ‘n baie klein situasie, iets baie groot. Ons moet versigtig wees om te oorreageer wanneer leerders met stories huis toe gaan. Kinders doen presies wat ons doen. As ons oorreageer, gaan hulle dieselfde doen as hulle in ‘n soortgelyke situasie kom.

Onthou altyd dat dit u as primêre opvoeder en ek as sekondêre opvoeder se taak is om kinders te lei tot goeie volwassenes.

My raad aan ouers, is luister na die storie. Indien iets u pla, raak eers rustig, kontak my dan en ek kyk of ek die volgende dag die volle storie kan kry.

Ek het al gesien dat kinders enige iets doen om uit die moeilikheid te probeer kom. Dit is baie maklik om ‘n storie te gaan vertel by die huis en die beskuldigde is nie daar om hom/haar te verdedig nie.

Wees baie versigtig vir vingerwys. Ek wys nou ‘n vinger na ‘n kind toe, môre doen my kind dieselfde en dan sit ek met die rooi gesig.

Ek wil vra dat indien ‘n kind by die skool aangespreek word, dat u dit nie sal afmaak asof dit niks is by die huis nie. Sodoende neem u die gesag uit ons hande uit.

SELFSTANDIGHEID

Kinders moet nou begin om meer selfstandig te word. Kinders moet op hierdie ouderdom al goedjies vir hom/haar self kan doen of ‘n plan kan maak om iets te doen. Ek het reëls in my klas waar volgens leerders eers self kyk of hulle die probleem kan oplos. Indien nie, kan hulle na my toe kom en ons sorteer dit uit. Sodoende leer ons vir die kinders probleemoplossing.

LUISTERVAARDIGEHEDE

Ek dink nie ouers besef altyd hoe belangrik luistervaardigheid in ‘n graad 1-klas is nie. Leerders se prestasie word daardeur beïnvloed. Leerders kan kognitief baie sterk wees, maar as hy/sy nie kan luister nie, kan dit sy/haar vordering beïnvloed. Luistervaardigheid beïnvloed nie net hul Taal nie, maar ook hul Wiskunde.

Ek leer my kinders in die klas dat juffrou net een keer praat en dan moet die leerder die instruksie kan uitvoer. Ek wil asseblief vra dat ouers dit ook by die huis sal oefen dat leerders na die eerste instruksie luister. Kinders is al so gewoond om eers na die derde keer te luister as ons praat.

AKADEMIE

Alles wat aanbeveel word, is om u kind te help. Ek sal self evalueer watter leerders ekstra klasse nodig het en vir hulle ouers 'n briefie stuur. Ons is in die bevoorregte posisie om 'n juffrou/arbeidsterapeut te hê wat ekstra klasse aanbied. Sy sal deur die loop van die skoolure die leerders kom haal vir ekstra klasse.

Assessering in kwartaal 1 behels baie hersiening van graad R werk, alhoewel daar graad 1 werk ook geassesseer word. In kwartaal 2,3 en 4 word die werk al hoe meer en al hoe moeiliker. Dit gebeur soms dat leerders bietjie kleitrap in kwartaal 2, 3 of 4, omdat ouers voel die kind doen goed genoeg om op hul eie aan te gaan. Ons moet inteendeel harder werk in kwartaal 2, 3 en 4 om dieselfde prestasie te behaal.

AFWESIGHEID

Moet asseblief nie leerders onnodig uit die skool hou nie. Leerders verloor werk wat hulle nie by die huis kan inhaal nie. Ons leer iets nuut aan en dan hoor die kind die konsep vir die eerste keer by vasleggings oefening. Daar is wel werk wat nie altyd ingehaal kan word nie.

Ek wil ook ouers vra om nie vir kinders te sê dat hulle vir my moet sê om vir mamma te bel as hulle nie lekker voel nie. Lig my asseblief self in. Ons ken kinders. As een kind huis toe gaan oor oorpyn, dan het die hele klas oorpyn.

Ongelukkig kan geen kind na skool by die skool bly soos vir nasorg nie. Slegs bus-kinders en leerders wat ekstra klasse by my het, word toegelaat om na skool te bly as die skool verdaag. Kommunikasie van my kant af gaan slegs na ouers toe en nie na nasorgtannies, ensovoorts nie. Ouers is verantwoordelik om nasorg en vervoerreëlings self te tref.

LEES

Wees baie versigtig vir pappegaai-lees. Laat leerders met hulle vinger op die woordjies druk soos wat hulle lees. Lees slegs die leesles wat huis toe gestuur is.

Ons leesreeks is Piet Pierewiet, nie Vlooi nie. Leerders gaan vir die eerste ruk slegs leeswerk uit hulle flipfile kry.

Slegs op Donderdae lees ons Vlooi. Dit is net vir die lekker lees en, meestal maar prentjie lees.

HUISWERK

Die leerders kry elke week 'n huiswerkboek met die hele week se huiswerk. DOEN ASSEBLIEF NET DIE DAG SE WERK. MOET NIE AANGAAN NA DIE VOLGENDE DAG SE WERK NIE. Ek gaan vir hulle dit net weer afrol en hy/sy gaan dit weer moet doen. Ouers merk self elke dag se werk. Ek kontroleer of dit gedoen is.

Ouers moet asseblief by die kinders sit as hulle huiswerk doen. Moet nie lees en tel afskeep nie. Dit is die belangrikste huiswerk.

Leerders se flipfile en huiswerkboek moet elke dag skool toe kom. Ons doen deur die dag werk in die flipfile.

PRAKTIESE REëLINGS.

Vir praktiese doeleindes wil ek vra dat leerders toedraai-bottels bring en nie sap met strootjies en Sterriestumpies nie. Geen Powerades en Energades nie. Hou asseblief by gesonde kosse en nie te veel lekkers nie.

Hou by die skool se reëls t.o.v. kleredrag. Wanneer u vrae het t.o.v. sport, kontak asseblief u kind se afrigter.

Respekteer asseblief my persoonlike ruimte wanneer dit by WhatsApp-boodskappe en oproepe kom. U kan my slegs kontak van 7:25 en nie later as 17:00. Dit is ook moeilik om boodskappe in klastyd te beantwoord. Sodra ek 'n tydjie kry, sal ek u kontak. Indien dit iets belangrik is, kontak die skool.

Wanneer u iets wil bring vir 'n verjaarsdag, bring asseblief cupcakes of party packets. Dit is baie moeilik om 'n koek in presies ewe groot dele te sny.

EERSTE DAG VAN SKOOL

Hou die groet kort en vinnig. Kinders is gewoonlik anders as mamma en pappa nie by is nie. Hulle huil as mamma daar is en as mamma weg is, dan speel hulle met hul maatjies sonder ‘n traan.

Baie dankie vir die geleentheid om hierdie mondvol met u te deel. Vir enige vrae, kontak my gerus. Vul asseblief die strokie in as u klaar gelees het en stuur dit so spoedig moontlik terug skool toe. Ek sien baie uit na volgende jaar.

Vriendelike groete

Dear Parents / Guardians

Please pay close attention when reading this letter. This letter contains important information regarding the new grade 1 learners of 2021. If there is any uncertainty, please contact me to make an appointment and I will explain everything again.

TEAM WORK

First and foremost, you (the parent and guardian) and I (the teacher) should work together as a team next year. If there is no cooperation between these two parties, it will be to the disadvantage of the learner.

Please take into consideration that I am only human. So, if I make a mistake somewhere, let me know and I will see whether I can fix it. Always remember most households consist out of more or less 4 children. I have 30 in my class. Please keep that in mind should you have any requests.

Grade R has been very informal, as learners learned through playing. Grade 1 will follow a more formal approach. I try to make the work as enjoyable as possible, but unfortunately we are not always going to be able to make that happen. We have to work hard in order to play hard.

Learning can not take place if learners are emotional, no matter how gifted a child can be. For example, he/she can not learn when he/she cries over spilled milk. I always tell the children that being happy is a choice and we can not expect the teacher or our friends to make us happy.

DISCIPLINE

Hopefield High School is an extraordinary school and I am blessed to be a teacher at this school. There is a reason why parents select this school for their children. Discipline is part of the recipe.

Discipline can only take root if the parents or guardians and teacher work together.

Always keep in mind that small children are egocentric in nature. They look out for themselves. For them, an anthill seems like a mountain. We need to be careful when reacting to stories that learners tell at home. Children do exactly what we do. If we overreact, they will do the same if they find themselves in a similar situation. Always remember, that you are the primary educator. My job as the secondary educator is to lead children to become good adults.

My advice to parents is to listen to the story. If something bothers you, calm down first, and when you have cooled down, contact me and I will see if I can get the full story the next day.

I have seen kids do anything to get out of trouble. It is very easy to tell a story at home with the accused not there to defend himself/herself.

Be careful to point any fingers. If I start pointing fingers today, my child will do the same the next day. This all leaves me with a red face.

I want to ask that if a child is addressed at school, that you will not disregard it at home as if it was nothing. In doing so, you are taking the authority out of our hands.

INDEPENDENCE

Children should start to move toward becoming more independent. At this age, children should be able to do things for themselves or be able to make a plan. There are rules in my class which promotes self-discipline, where children are encouraged to only worry about the things that they are doing and to solve their own problems. If they are not able to do so, they can come to me and we can sort it out. In this way we teach the children problem-solving skills.

LISTENING SKILLS

I do not think parents realise how important listening skills are in the grade 1 class. A learner's performance is affected by this. Learners can be cognitively very strong, but if he/she can not listen, it can affect his/her progress. Listening skills affect not only language skills, but also mathematical skills.

I teach the children in my class that the teacher only speaks once and then the learner must be able to carry out the instruction. I would like to ask that parents also practice this at home.
The learners should listen to the first instruction the first time round. Children are already so used to only listening after the third time. This wastes precious teaching time.

ACADEMICS

The primary recommendation is to help the child during the completion of their homework and when they do repetitive exercises. It is up to me to decide who is in need of extra classes and I will then send a letter home regarding extra classes. We are in a privileged position to have a remedial teacher/occupational therapist. She will come and collect the learners for extra classes during school hours.

The assessment in term 1 is based on revision from grade R, including new work covered in grade 1. In terms 2, 3 and 4, the work gradually increases in difficulty. It sometimes happens that learners struggle in terms 2, 3 or 4, because parents feel that the learner is doing well enough to work with any guidance. On the contrary, we have to work harder in terms 2, 3 and 4 to achieve the same performance.

ABSENCE

Please do not keep learners out of school unless it is absolutely necessary. Learners miss out on important work that they simply cannot catch up on at home. When we learn something new in class, the child hears the concept for the first time during the capturing exercise. There are certain types of work done in class that can not be caught up afterwards.

I would like to request that parents or guardians do not tell children to ask the teacher to phone home should he/she feel unwell or ill. Please inform me yourself. We know children's tricks, if one child goes home about possible ear pain, the whole class will find a reason to go home. We want to avoid this reaction all together.

Unfortunately, no child can stay at school after school hours. Only bus learners and learners, who have extra classes with me, are allowed to stay behind. Please ensure that you make the necessary arrangements to pick the learner up on time.

Communication on my part only goes to parents or guardians and no one else. Parents are responsible for making aftercare and transportation arrangements themselves.

READING

Be careful not to encourage parrot reading. Allow learners to follow with their fingers as they read. Only read the reading lesson that is sent home for that day.

Our reading series is *Kathy and Mark*. Not Kipper. During the first few weeks, learners will only get reading material from their flip files.
We only read Kipper on Thursdays. This is just reading for enjoyment purposes, because it is mostly just picture reading.

HOMEWORK

The learners receive a homework book every Monday which contains the homework for the entire week. PLEASE ONLY COMPLETE THE HOMEWORK SCHEDULED FOR THAT DAY. DO NOT CONTINUE WITH THE NEXT DAY'S WORK OR FINISH THE ENTIRE BOOK ON MONDAY. I am going to give him/her a new homework book and he/she is going to complete it again. It is your job as the parents or guardians to mark each day's work yourselves. I check whether it is done the following day.

Parents or guardians should please sit with the children when doing homework. Do not neglect to read and count. These are the most important parts of the homework.

Learners' flip file and homework book must come to school EVERYDAY. We work out of the flip files and do not throw any pages away – everything stays in the flip file.

PRACTICAL ARRANGEMENTS.

For practical purposes, I would like to ask learners to bring wrapped bottles and not juice boxes and *Sterri Stumpies* as beverage. No *Powerades* and *Energades* are allowed. Please stick to healthy foods and not too many sweets.

Adhere to the school's rules regarding the dress code.

Should you have any questions regarding sports, please contact your child's coach.

Please respect my personal space when it comes to WhatsApp messages and calls. You can only contact me from 7:25 and no later than 17:00. It is also difficult to reply to messages in class time. When I have time I will get back to you. If it is something important, contact the school.

If you want to bring something for a birthday, please bring cupcakes or party packets. It is very difficult to cut a cake into equal pieces.

FIRST DAY OF SCHOOL

Keep the greeting short and quick. Children are usually different when mom, dad or guardians are not present. They cry when mom, dad or guardians are there and play with their friends when the parents or guardians are gone.

Thank you for the opportunity to share this mouthful with you. For any further questions, please feel free to contact me. If you have finished reading, please complete the slip and send it back to school as soon as possible. I am looking forward to next year.

Kind regards

Anine

Liewe Ouers

Ek wil graag vir u die inligting gee vir skryfbehoeftes benodighede vir Graad 2.

Leerders kry hulle boeke by die skool. Moet asseblief geen skryfboeke koop nie, aangesien ek die boeke reeds voor die tyd voorberei. ʼn Bedrag van R180 is hiervoor betaalbaar by my. Ek betaal hierdie gelde direk oor aan die boekstoor.

Die skryfbehoeftes behels die volgende:

HB swart en rooi Staedtler potlode (ondervinding het geleer dat die goedkoper potlode nie lank hou nie, punte breek te maklik)
Uitveër(wit,sag)
Liniaal
Skêr
Pritt (rooi buisie, dit plak die papiere vas)
Skerpmaker met ‘n houertjie
Inkleurpotlode en Uitdraaikryte
Potloodsakkie/Potloodblikkie
Stoelsakkie verkieslik Waltons s'n (die stoel is breër as die gewone stoelsakkie)
Ringlêer(groot)
Pastelle
Waterverf

Merk asseblief alles duidelik, want ek het Salomo se wysheid nodig as leerders oor skryfbehoeftes begin stry! Ondervinding het my geleer dat goedkoop koop, duur koop is.

Ek sien uit daarna om u kind volgende jaar in my klas te hê. Ek hoop dat die jaar 2022 ʼn hoogtepunt in u kind se skoolloopbaan sal wees. Mag u en u gesin Geseënde Kersfees en ‘n Voorspoedige Nuwejaar hê.

Dear Parents

I wish to inform you about the stationery that is required for Grade 2.

The learners will get their books at the school for a fee of R180. Please do not buy your own books as I prepare the books beforehand. The amount must be given to me, and I pay the bookstore.

The stationery required is the following:

HB black and red Staedtler pencils (experience has taught me that cheaper pencils do not last long)
Eraser (white, soft)
Ruler
A pair of scissors
Pritt (the red container, it sticks the papers together)
Sharpener with a holder
Coloured pencils and Wax crayons
Pencil bag/Pencil case
Chair bag (Walton's has the right size as the chair is wider than a normal chair bag)
Big ring file
Pastels
Watercolors(paint)

Please **label** everything so that your belongings do not get lost. Experience has told me that cheap stationery does not last.

I am looking forward to having your child in my class next year. May the year 2022 be a highlight in your child's school career. I wish you and your family a Merry Christmas and a Happy New Year.
