NEW 50' Standard Box Car, 8' Plug Door, w/o roofwalk, short ladders

**Atchison, Topeka & Santa Fe
Road Number ATSF 55147**

This 50' standard box car with short ladders, plug door and no roofwalk is brown with white lettering and runs on Roller Bearing trucks. Built in the 1950s by Pullman-Standard, this 55000-55272 series ATSF box car was rebuilt by the Topeka Shops in 1979, and received upgraded brake valves, trucks, and fresh paint. It served for at least another 10 years before being scrapped.

#181 00 010...\$23.70

NEW 50' Standard Box Car, 8' Double Sliding Doors, w/o roofwalk, short ladders

**Denver & Rio Grande Western[®]
Road Number DRGW 65204**

This 50' standard box car with short ladders, double doors and no roofwalk is brown with white lettering and aluminum roof and runs on Barber Roller Bearing trucks. This 65200-65299 series double door box car was built in the late 1960s, and had all of the newest technology; Evans DF loaders, cushioned draft gear and nailable steel floors. Some cars in this series were specially outfitted to carry specific cargo like vanadium ore.

NEW Union Pacific[®] "Arkansas Rice"
Road Number 187989

This 40' standard box car with single door is brown with white and yellow lettering and runs on Bettendorf trucks. The 1947 Friendship Train collected food donated by Americans in cities all across the U.S. to be shipped to the people of France and Italy who desperately needed help following the end of World War II. Ultimately, over 250 railcars of food and clothing were donated.

FRIENDSHIP TRAIN SERIES CAR #6

#020 00 017...\$26.95

NEW NASA Series
Road Number NLAX 194

This 39' single dome tank car is white with black lettering and runs on Barber Roller Bearing trucks. This 70-ton car was built from sections of old tank cars, and when completed, held approximately 15,000 gallons of water. It was initially used to chemically eradicate weeds along the NASA KSC right of way, but was later used as an auxiliary water source for firefighting.

SERIES CAR #11

#065 00 940...\$28.95

NEW **Baltimore & Ohio®**
Road Name **Silver Spring** 

This heavyweight business car with balloon roof is painted in the blue and grey scheme and runs on 6-wheel passenger trucks. Named after Silver Spring, Maryland, this Baltimore & Ohio heavyweight business car served on numerous East Coast trains through the early 1970s.

#144 00 709...\$34.90

NEW **Denver & Rio Grande Western®**
Road Name **Harrison Lake** 

This 10-1-2 heavyweight sleeper car is painted in Rio Grande gold, silver and black and runs on 6-wheel passenger trucks. This D&RGW sleeper, named "Harrison Lake," was assigned service on the Royal Gorge train. This 1924-built car continued in service until 1966 when it was retired and dismantled.

DRGW® is a registered trademark of the Union Pacific Railroad.

#141 00 160...\$34.90

NEW **Canadian Pacific**
Road Numbers **CP 400006/400011** 

These 56' general service tank cars are black with white lettering and 'Pac-Man' logo and run on Barber Roller Bearing trucks. Built in 1975, they had a 24,900 cubic foot capacity and were primarily used for oil service on long-distance manifest freight trains. These cars were in service until the early 1990s.

NEW Great Northern
Road Number GN 3336

This 40' standard box car with double doors is green with white lettering and runs on Bettendorf trucks. In an effort to develop a new paint scheme, Great Northern decorated a number of box cars in different experimental paint schemes in 1956 and sent them across the GN network for feedback. Due to the bright and gaudy colors, this group of cars were dubbed the "Circus Cars".

New NASA Hydrogen Car

Accepting Pre-Orders thru July 31st

COMING NOVEMBER 2017

NASA purchased this 83 foot, 70-ton tank car new from Linde in 1965, which held 34,400 gallons of refrigerated liquid hydrogen for use in support of the Space Shuttle Program. Refrigeration equipment was housed in one end, along with a manway that provided access to the tank's interior. This custom, ready-to-run car is a true multi-media project featuring a resin cast tank, laser cut components for the underframe, 3D printed bolsters and photo-etched deck and end railing. The car will come fully decorated and weathered with body-mounted Magne-Matic couplers. Contact your dealer today to order this special car!

New N Scale 68' DODX Flat Car

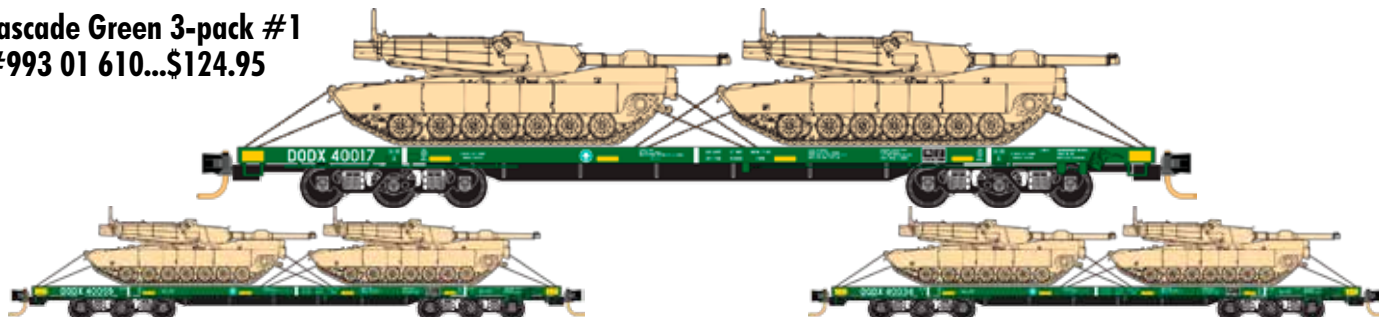

COMING SUMMER 2018* 

Accepting Pre-Orders thru August 31st

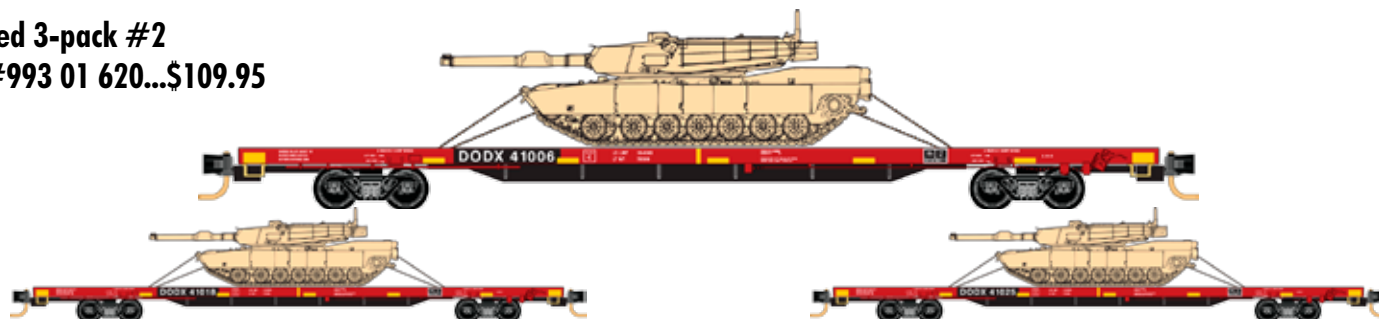

*Sufficient orders are required for production of this new body style!
Be sure to place your order with your dealer before this preorder window closes.

Commissioned by the Department of Defense, Fruit Growers Express (FGE) produced a multi-purpose 68' flat car in 1981 designed to carry the weight of two M1 Abram tanks. DODX painted and marked these cars in various schemes and they can still be found in long consists today. This all-new body style will feature a finely detailed deck with vehicle tie-down channels, mounting points for containers, an all-new underframe as well as new 6-wheel Roller Bearing Buckeye trucks and body-mounted couplers. Each flat car will come with our new plastic injection molded, easy-to-build kits of the M1 Abram tank with chain tie-downs! In addition, we'll also produce the lighter capacity cars painted in red with 4-wheel trucks which could carry just a single M1 tank.

Navy 5-pack #993 01 640...\$199.95

The Navy had five of these DODX flat cars specifically tasked with safely carrying shipboard booster rockets from ordinance depot bunkers to piers. Support brackets were attached to the deck to carry a barrel that could be tilted up for unloading once delivered dockside. Each car will include a two-piece resin-cast load. These cars can still be found in service moving propulsion units to the fleet.

*Two-piece loads come undecorated. Decals included
