Vastu Shastra -Introduction

Today environment has gained importance due to over all pollution of air, water and land. A common man feels more stressed and unsatisfied inspite of having a lot more as compared to old times.

Hence, Vastu Shastra which balances five basic elements of nature namely water, fire, air, sky and earth has become a necessity now. The fundamental principles of Vastu Shastra can be easily tuned, extended and modernised to meet needs of the day because basic needs of the man never change. Vastu Shastra has become more relevant for the modern man.

Vastu Shastra helps you to converts the living or working spaces in a particular order that sets an equation between cosmic energies and the people living/working in the premises to ensure physical, spiritual and material well being. It creates a rhythm and balance in the atmosphere to ensure a better life.

Your surroundings can have a huge impact on your life – to the point of affecting your personal happiness, your prosperity, even the opportunities that come to you in your life — thus making your choice of home a very important one. Because most of the important moments in our lives occur in our houses, the house itself becomes more than just four walls where we eat and sleep. That's why careful consideration is called for if you are thinking about purchasing or remodeling a home .

Vastu Remedies

In modern living, where the environment at macro level is highly influenced by many factors beyond our control, micro level energy correction done with empowered remedies can effectively bring in and retain health, wealth, harmony and happiness in the life.

In 75 per cent of the existing house or business places, there is no need for major demolition or reconstruction for the vastu corrections. The beauty of vastu shastra is that you can be benefited by incorporating minor changes, which makes a major changes in your life.

A Vastu defect (Dosha) can be corrected through the changes in the rooms, through interiors of the house, by applying harmony colours, by changing the placements, by using regulators & remedies. Every Vastu defect has some kind of remedy and if taken properly, the happiness and peace comes back in the life again.

1. Goddess Annapurana

Goddess annapurna is the supreme form of Divine and loving Mother who grants us nourishment. All humans are compelled to seek some form of nourishment, whether it be material, such as food, money, or possessions, or whether it be spiritual, such as cultivating a connection with the Divine. Anna means food and grains, while the meaning of purna is full, complete, and perfect. Annapurna is the Goddess of Nourishment, She who is full, complete, and perfect with food and grains.

When Mother Annapurna is worshiped, She blesses her children with nourishment beyond the gross material things we desire. She blesses us with the attainment of perfection in wisdom and renunciation. Images and paintings of goddess Annapurna is found in kitchen and dining areas of many houses and even in some of the restaurants.

It is believed that goddess Annapurna have the ability to supply food to an unlimited amount of people. According to Vastu Shastra, a small idol of brass Annapurna placed in the rice jar brings abundance to prosperity in the family.

2. Yellow Crystal Lotus

Yellow crystal lotus is the most potent and popular enhancer to enhance a wealth luck. The colour of the crystal is golden yellow, which is the strongest color associated to wealth.
