## Fall 2014

## 365 Science Activities

Various

### Summary

Explore science in a fun new way, with a different activity or experiment for every day of the year. Hands-on science to fascinate children, with often surprising results. Will inspire the scientists of the future. Further resources are available online via the Usborne Quicklinks website. Children can learn which shapes are strongest by building their own structures, discover how emulsification works by making vinaigrette and mayonnaise; explore the concept of equilibrium by making their own balancing butterflies and much, much more.

## Look Inside Mummies And Pyramids

Rob Lloyd Jones

### Summary

A lift-the-flap information book for young readers which explores life in Ancient Egypt, in particular the rituals that the Egyptian Pharaohs undertook in preparation for the afterlife: mummification and the construction of pyramids. Many children are fascinated by the Ancient Egyptians - their colossal pyramids, their somewhat gory methods of preserving their dead and their amazing, all-powerful gods. Children will love lifting the flaps and peeking beneath them to discover lots of fascinating facts about mummies, pyramids and life in Ancient Egypt.

## Baby's Very First Touchy-Feely Finger Trail Board Book

Fiona Watt

### Summary

A brightly coloured, high-contrast, touchy-feely book for babies. Delightful to share, this book will engage even a tiny baby's attention and as babies grow they will love to trace their fingers round the tactile finger trails. This series is designed to be used from birth. Babies will be mesmerized by the bright pictures and tactile trails as in this vibrant board book. Each page is specially designed to be visually stimulating with bright, eye-catching illustrations and lots to look at. Part of an extensive series for very young children, perfect to give as gifts and great to collect.

## Beginners Plus/Extreme Sports

Emily Bone

### Summary

An introduction to extreme sports including extreme cycling (BMX and mountain biking), air extremes such as skydiving and BASE jumping (including the highest ever skydive from space), urban sports skateboarding and parkour, high-risk free and solo rock climbing, and watery extremes such as surfing and whitewater kayaking. Small chunks of text combined with lots of detailed pictures and thrilling subject matter make this an inspiring and informative book - suitable for all ages, including reluctant readers. Internet links allow readers to access more information online via carefully selected and monitored websites. Part of the Beginners Plus series which is designed to inspire boys to read by introducing a wide range of non-fiction topics.

## My Very First Book About Food

Felicity Brooks

### Summary

A very simple non-fiction book for young children, which will help them to understand where their food comes from. Lots of children don't know where their food comes from and a surprising number of adults aren't sure either! This charmingly simple book explains about different kinds of food, how it grows and how it gets from farm to fork. Lots of things to talk about.

## Illustrated Originals/The Wizard Of Oz

L Frank Baum

### Summary

*The Wizard of Oz* was first published in 1900 and, since then, has been immortalized on stage and screen. Its enduring appeal is coupled with fresh, new illustrations in this stunning edition, which would make an excellent gift. A complete and unabridged, illustrated edition of L. Frank Baum's classic tale of magic and adventure. Join Dorothy and her little dog Toto on the yellow brick road, as they set off to explore the magical Land of Oz. Can they find the Wizard, defeat the Wicked Witch of the West, and return to Kansas? Part of the hugely collectible Usborne Illustrated Originals series, presenting classic children's stories as sumptuous gift editions, each newly illustrated by wonderful artists and beautifully designed. Excellent production values including head and tail bands, a ribbon marker and stylish end-Paperbacks make this book an heirloom of the future.

## Usborne Book About Colour

Rosie Dickens

### Summary

A fascinating introduction to colours and their use in paintings, including where colours come from, how paints are made, and how painters use paint to make us see the colour effects they want. The book also shows how different colours affect each other, and how they can change our moods and perceptions. Part of the My Very First Art Books series which uses a range of different interactive approaches to introduce young children to works of art.

## A Christmas Carol

Charles Dickens

### Summary

Charles Dickens' classic Christmas story, unabridged and fully illustrated. Ebenezer Scrooge is a mean-spirited old man who hates everything - even Christmas! But when three spirits visit him one Christmas Eve, Scrooge is taken on a journey into the past, present and future that will change him forever. A beautiful gift edition of Dickens' timeless classic, including the complete and unabridged text, stunning illustrations and finished with a luxurious padded hardback cover and ribbon marker. Includes a biography of Charles Dickens, with internet links to find out more online.

## Baby's Bedtime Story Box

Sam Taplin

### Summary

Six enchanting books with gentle stories and magical illustrations, written for reading aloud to help young children relax at the end of a busy day. All six hardback books, previously published as tabbed board books, are beautifully bound and presented in a robust slipcase - a lovely keepsake gift for a new baby. The individual books are: Night-night stories, Little stories for bedtime, Sleepytime stories, Sweet Dreams story book, Baby animal stories and Teddy Bear stories. Each one contains five original tales, written for the very young.

## Baby's Very First Musical Play Board Book

Fiona Watt

### Summary

A brightly coloured, touchy-feely book for babies. Press the buttons to hear a range of gentle, musical sounds which relate to the simple pictures. Delightful to share, this book will engage even a tiny baby's attention and as babies grow they will love to press the sound buttons themselves. This series is designed to be used from birth. Babies will love looking at the bright, high-contrast pictures, feeling the textures and listening to the musical sounds as they explore this vibrant board book. With musical sounds created especially to appeal to babies, by composer Anthony Marks. Low-decibel sound buttons are safe for babies' ears.

## Llamas In Pyjamas

Russell Punter

### Summary

Part of a series of funny phonics readers that children will love. This lively story with humorous illustrations is ideal for children who are beginning to read for themselves, or for reading aloud together. The simple rhyming text and phonic repetition are specially designed to develop essential language and early reading skills. Helps young children learn to recognise the basic sounds that make up the English language - vital for learning to read. Guidance notes for parents are included at the back of the book.

## Picture Book/How High Is The Sky?

Anna Milbourne

### Summary

Now available in paperback, this is part of a series featuring Pipkin, a cute, lovable penguin whose questions and adventures introduce key concepts such as time, depth and size. This story introduces the concepts of size and scale. Pipkin the inquisitive penguin wants to know how high the sky is and so, with a friendly albatross, he flies past a hot-air balloon, a space rocket and the moon - but the sky is still much too high to him to reach the top.

## Science Encyclopedia

Kirsteen Robson

### Summary

Revamped, paperback edition of an outstanding science resource which can be enhanced by visiting any of over 1,000 recommended, regularly reviewed web sites, or which stands alone as a complete, self-contained reference tool. Covers the whole field of science, including physics, chemistry, biology, information technology, earth sciences and astronomy, with up-to-date information on new fields such as genetic engineering, nanotechnology and the safeguarding of the environment. Each recommended web site is accompanied by a brief description of what you will find there and why we think it is worth visiting, from dissecting a frog to designing your own rollercoaster. Thematically arranged with an intelligent system of cross-referencing and an extensive reference section including charts, glossary and a full index.
