TUTORIALS

- Tutors will be available on Monday-Thursday from 4:15-5:15 p.m. in the ISS room (1251).
- During those times, **face-to-face learners** can stop by and receive help from one of the tutors, depending on the subject. During those same times, **remote learners** can log into a Teams link located in their Canvas course, “After School Tutorials,” and receive help as well.
- If a student notifies you ahead of time that they will attend tutorials and if there are specific instructions you would like the tutor to follow for particular assignments, please email the tutor or place materials in his/her teacher box. I have attached the tutorial schedule so that you are aware of which teachers will be working for which subjects. The schedule will also be featured every day on the scrolling announcements.
- For students who say they do not have ride to stay after school, the schedule has the late bus numbers on there and picks up Monday-Thursday at 5:25 p.m.

**Deer Park High School
Fall Semester 2020 Exam Exemption Policy**

Revised Fall 2nd 9 Weeks

Final Examinations – North / South Campus

Unless exempt, students are required to take final examinations at the end of a semester and may not be excused from taking the examination nor permitted to take the examination prior to the date that it has been scheduled for the class. See the Dean of Instruction for makeup examination information. Students who do not take semester exams and are not exempt will receive a 35 as a semester average.

Final Examinations – Wolters Campus

Students enrolled in courses at Deer Park High School Wolters Campus are required to take and pass a final exam for each semester course. Credit for courses is not awarded until students have completed the course work and passed the final exam.

Fall 2020 Exam Exemption Policy (revised for 2nd 9 weeks)

SC only

Sophomores, juniors, and seniors may earn an exemption during the fall semester in any class except those classes associated with Math, Science, Social Studies, English, and Foreign Language. Students may not exempt Computer Science courses or Robotics.

Exemptions from final exams may be granted if the following criteria are met:

Attendance: Three absences or less in each period of a student's schedule beginning at the 2nd 9 weeks grading period. School sponsored activities will not count as absences. If a student spends more than half a period in the clinic, that period will be counted as an absence for exemption purposes.

Academic: The class grade average for the two nine weeks must be 80 or above and will serve as the semester average.

Discipline: Students can have no suspensions or more than 3 days in ISS during the semester and can have no assignments to DAEP during the semester.

Clear Record: Students shall not have any outstanding fines or fees by the deadline. The deadline is Friday, December 4, 2020.

Students qualifying for an exemption may choose to take the exam for which they are exempt. In such cases, the student's grade on the exam will be utilized only if it improves their final average.

Students are required to attend a portion of the school day on days of finals, even if they are exempt from test(s) on that day.
