Drop Off and Pick Up Safety

With better weather now upon us, we now have more students than ever walking to and from Cure'. In addition to our normal request that we ask parents to be more vigilant while driving, we also want to ask that you have a chat with your own children about the many ways that they can stay safe while walking through the neighborhoods. This may include: crossing streets, staying on the sidewalks (not in the street or walking through yards), what to do if a stranger stops to talk to them, etc.

Now that construction on Mission Rd. in front of Cure' is finished, I would also like to encourage more parents to utilize our car line to pick up students at dismissal. Over the last year we have had the capital campaign and construction on Mission Rd. which has led to more parents parking at O'neill's, on 93rd St., and the surrounding neighborhoods. Our car line is the safest way to drop off and pick up your kids! If you have any questions about this process, we have included the drop-off and pick-up routines to the newsletter this week.

Thank you for helping keep all our kiddos and our entire Cure' community safe!

Peace of Christ,
-Andrew Legler
