Unit 15: FARM ANIMALS | Flash Cards

farm

Slide the thumb of your open hand from one side of your jaw all the way to the other side. It's like the fence across the front of the farm.

chicken

Sign BIRD by opening and closing your pointer finger and thumb like a bird's beak. Then pretend to peck the palm of your other hand, like a chicken pecking at the ground.

horse

Touch your thumb to the side of your head and wave your first two fingers forward a few times, like a horse's ear.

goat

With your hand shaped like the letter O, touch your fingers to your chin, then extend your first two fingers as you place your hand on your forehead. Think of a goat's chin hair and horns.

mouse

Brush your pointer finger across the tip of your nose twice. Imagine a tiny mouse nose.

rooster

Sign the number three with your thumb on your forehead. It looks like a rooster's comb.

sheep

Pretend two fingers are scissors, now move them up the other arm as if you were shearing the wool of a sheep.

cow

Place your thumb on the side of your forehead with your pinky extended. Twist it forward twice. It looks like a cow's horn.

donkey

With your thumb on the side of your forehead, wave your other fingers up and down like a donkey's ear.
