In consideration of Epstein's agreement to plead guilty and to provide compensation in the manner described above, if Epstein successfully fulfills all of the terms and conditions of this agreement, the United States also agrees that it will not institute any criminal charges against any potential co-conspirators of Epstein, including but not limited to Sarah Kellen, Adriana Ross, Lesley Groff, or Nadia Marcinkova. Further, upon execution of this agreement and a plea agreement with the State Attorney's Office, the federal Grand Jury investigation will be suspended, and all pending federal Grand Jury subpoenas will be held in abeyance unless and until the defendant violates any term of this agreement. The defendant likewise agrees to withdraw his pending motion to intervene and to quash certain grand jury subpoenas. Both parties agree to maintain their evidence, specifically evidence requested by or directly related to the grand jury subpoenas that have been issued, and including certain computer equipment, inviolate until all of the terms of this agreement have been satisfied. Upon the successful completion of the terms of this agreement, all outstanding grand jury subpoenas shall be deemed withdrawn.

The DOJ and FBI both hid the fact that a victim had witnessed Jeffrey Epstein rape a then-16-year-old Nadia Marcinkova. They instead told jurors that the victim told police she saw Epstein with an "unidentified woman," which is a clear misrepresentation of her statement.

...stated that during her busy visits a routine was established between her and Epstein. She would enter the house and go to the bedroom. She would then start with a back massage. Epstein would roll on to his back and allow her to massage his chest area. ...stated Epstein would then begin to masturbate himself and at the same time would insert his fingers in her vagina and masturbate her with his fingers. ...explained Epstein would continue this process until he ejaculated. He would then utilize a vibrator/massage on her vagina until she climaxed. ...advised that during her frequent visits, Epstein asked for her real age. ...stated she was sixteen. Epstein advised her not to tell anyone her real age. ...advised that things escalated within the home as Epstein would instruct and pay ...to have intercourse with her female friend, Nadia Marcinkova. ...explained the intercourse included using strap on dildos, large rubber penis and other devices that Epstein had at his disposal. The foregoing instrument was read to and affirmed before me this 1<sup>st</sup> day of May, 2006 by Det. Joe Rozario, who is personally known to me. State of Florida County of Palm Beach Signature Arresting Officer Date: 5/1/2006
