Splashjet Print Technologies is manufacturer of high quality inkjet inks. We manufacture wide range of inkjet inks suitable for diverse applications. Established in 2006, Splashjet is extensively involved in inkjet technology and its applications.

About Us

Splashjet Print Technologies is manufacturer and exporter of high-quality inkjet inks. We manufacture the wide range of inkjet inks suitable for diverse applications.

Established in 2006, Splashjet is extensively involved in inkjet technology and its applications. Borne out of passion about the Inkjet Technology, Splashjet has differentiated itself with High-Performance Inkjet Inks! Splashjet has well-established product development capabilities backed up by highly qualified manpower. Splashjet inks are designed in our state of the art laboratories, manufactured in the clean room environment, tested in dedicated application laboratories. Splashjet's extensive focus on innovation has helped to deliver outstanding inkjet inks. Splashjet inks are known for "Reliability, Consistency & Performance!" Splashjet is based in Nagpur city in the Maharashtra state in central India. Splashjet has extensive reach in the domestic market through its distribution network. Splashjet inks have been exported across the globe right from Americas to East Asia. Splashjet inks speak for themselves and growing number of our customers is a testimony to it. Splashjet offers inkjet inks for wide range of industries. To cater to ever expanding the range of Inkjet applications Splashjet continuously expands its offerings. To name a few, Splashjet inks are widely used in Desktop Printing, Graphic Arts, Decor, Digital Textile, Printing & Packaging...
