Regular meetings are held on the fourth Tuesday of the month beginning at 4:00 p.m. in the Warren County ESC Board Room, 1879 Deerfield Road, Lebanon. At times there will be exceptions. Please contact the Treasurer's Office for date and time if you are interested in attending a meeting.

Making education affordable and manageable.

Welcome...

The Warren County Educational Service Center provides high quality and low-cost programs and services to our client school districts. Most of our programs resulted from suggestions and ideas that came from our customers. We provide great flexibility for districts to solve unique challenges whether they need a part-time employee, a program for a student with special learning needs, or simply a way to reduce costs.

Recognizing that each district is unique and diverse, our programs and services are designed to enhance the sharing of resources and working together cooperatively. Our ultimate goal is for all students to have positive learning opportunities that we strive to achieve through teamwork, effective leadership, and mutual support.

Mission Statement

The mission of the Warren County Educational Service Center is

- *To promote excellence in education through quality services;*
- *To provide the most efficient and economical means to deliver specialized services;*
- *To promote innovation and education change;*
- *To meet established mandates required in providing services to local school districts.*

Support Services

Occupational and Physical Therapy Services include the provision of assessments, interventions, modifications and accommodations for students with fine and gross motor concerns that impact their ability to fully participate within their age level academic curriculum and their overall educational environment. These supports are guided by the student's Individualized Education Plan (IEP). Students are served within preschool and school-age settings, based on the school model of delivery of service. The therapy department consists of Occupational Therapists, Occupational Therapy Assistants, Physical Therapists, and Physical Therapy Assistants.

Sara Erwin, Lead OT 513-695-2900, ext. 3069
sara.erwin@warrencountyesc.com

Speech and Language Pathology Services include assessment, interventions and evaluations for students with speech-language disabilities in early intervention, preschool and school-age programs, support for students functioning in the general education curriculum, support for students functioning within his/her special education program, support in the compliance with federal, state, and local mandates, help identifying accommodations and modifications that will allow children with speech and language disabilities to participate in state/district assessments, and assistance in the evaluation of students' needs related to assistive technology and augmentative devices.

Contact: Alisha Dean, 513.695.2900, 2922
Alisha.Dean@warrencountyesc.com

Nursing Services provide nursing care to students in a variety of settings including school clinics, multi-disabilities classrooms, 1:1 care for students with complex health needs including tracheostomy maintenance and during transportation as needed, and offer ODH health screening assistance. Care is delivered by a school nurse, RN, or LPN under the direction of a nursing supervisor. Some of the staff trainings available are medication administration, CPR/AED, First Aid, communicable diseases, and common health-related emergency prevention and response.

Terri Elam, RN, BSN, LSN, School Nurse, I 513.695.2900, ext. 2959
Terri.Elam@warrencountyesc.com

Collaborative Behavior Coaching is designed to serve students with intense behavior needs in a variety of educational environments. The team provides instructional and behavioral coaching services to school-based teams. Services include analyzing and developing supports within specific environments, modeling instructional techniques, problem-solving with teams to develop and/or modify behavior support plans, building capacity through presentations to school faculty and support staff, providing technical supports, and consulting with teams and families on specific students.

Contact: Christy Even, 513.695.2900, ext. 2917
Christina.Even@warrencountyesc.com

School Crisis Response Team's purpose is to augment school or district team's functions by assisting when added resources are necessary. The team can serve as intervention specialists in the aftermath of a crisis or as collaborating experts when evaluating at-risk youth.

Contact: Kim Sellers, 513.695.2900, ext. 2311
Kim.Sellers@warrencountyesc.com

School Psychology School Psychologists help children and youth succeed academically, socially, behaviorally, and emotionally. They team with educators, parents, and other mental health professionals to create safe, healthy, and supportive learning environments for all students that strengthen connections between home and school.

Contact: Dr. Kathie MacNeil, 513.695.2900, ext. 2918
Kathie.Macneil@warrencountyesc.com

Special Education Supervision services assist teachers, administrators, and parents in providing appropriate services for students with disabilities (ages 3-22). We also facilitate the implementation of the special education policies and procedures, provide staff development, coordinate services with outside agencies, help complete state forms and applications, assist in writing grants with districts, and support district Intervention Assistance Team (IAT) meetings.

Contact: Christy Even, 513.695.2900, ext. 2917
Christina.Even@warrencountyesc.com

Help Me Grow of Warren County provides two programs to the community. The Early Intervention Program aims to identify and serve children under the age of three with developmental delays and disabilities. Parents with concerns regarding their child's development can have their infant or toddler evaluated by an interdisciplinary team at absolutely no cost to the family. The Home Visiting Program provides expectant or new parents with the information, support and encouragement they need through a voluntary, high-quality home visiting service. Home visiting aims to educate at-risk parents with the resources to understand and capitalize on the optimal early years of a child's life. By supporting the positive interaction with children in stable and stimulating environments, the Home Visiting Program seeks to create a sturdy foundation for future achievement.

Contact: Stefanie Post, 513.695.2900, ext. 2919
Stefanie.Post@warrencountyesc.com

Curriculum Services provide assistance in Ohio's New Learning Standards in all Content Areas, Ohio's Teacher Evaluation System (OTES), Student Learning Objectives (SLOs), eTPES and Value-Added Analysis, Resident Educator program coordination, OIP (Ohio Improvement Process), leadership support with meetings on current topics and regular updates, assessment consulting, staff development in all content areas, demonstration teaching, Master Teacher Program Consortium, walkthroughs and walkthrough training, and other services as requested.

Contact: Dr. Yolande Grizinski, 513.695.2900, ext. 2905
Yolande.Grizinski@warrencountyesc.com

Gifted/Talented Services provide testing for placement in G/T programs, assist districts in the process for subject and grade acceleration, provide email and telephone consultations with districts, consult with and provide resource materials to gifted intervention specialists, assist with decision-making and development of policy/guidelines for the gifted, and assist districts with compliance of Ohio accountability requirements for the gifted. Gifted Services also provide staff development for teachers and enrichment opportunities for students, administer ASPIRE Test for 5th and 6th grade students, communicate with parents, school personnel, and others about characteristics and educational needs of gifted students, and provide links to county, region, and state gifted education networks.

Contact: Chuck Wiggins, 513.695.2900, ext. 3066
Chuck.Wiggins@warrencountyesc.com

Ohio Pre-Service Program trains those who have never driven a school bus with students on board and veteran drivers when their certificate expires. The program is designed to meet the requirement under the Pupil Transportation Operation and Safety Rules enacted by the State Board of Education. Upon completion the school bus driver receives a certificate for six years.

Contact: Fred Anness, 513.695.2900, ext. 3084
Fred.Anness@warrencountyesc.com

Other Services include assistance in administrative searches, interview processes, teacher recruitment, policy development, levy campaigns, licensure and online approvals for substitutes, and processing of bus driver physicals for certification.

Support Services contacts are available for all departments. See the Support Staff Directory at the end of this brochure.

Transition to Work

Coordinated Care

Student Attendance Services

Hearing Interpreters

Online Courses for Middle/High Students

Social Communications (Autism)

School Age Multi-Disabilities

Transition to Work provides a variety of supports to help students with disabilities meet their post-secondary goals. These services may include long-term career planning, job development and placement, career counseling, travel training, and with support from appropriate agencies, transition to adult services. Students may receive elective credits for maintaining employment in the community.

Contact: Amanda Pennix, 513.695.2900 | Amanda.Pennix@warrencountyesc.com

Coordinated Care Program provides intervention and prevention services to support children and their families. The program serves three types of youth: high-risk, multi-need children, unruly children and at-risk children with behavior problems.

Contact: Kim Sellers, 513.695.2900, ext. 2311 | Kim.Sellers@warrencountyesc.com

Student Attendance Services coordinate a county-wide student attendance policy as a joint venture between juvenile court staff and school district staff. Attendance officers from WCESC assist school districts with student residency issues and enforcement of Ohio's compulsory attendance laws and the school district's policies for student attendance.

Contact: Anita Campbell, 513.695.2900, ext. 2546 | Anita.Campbell@warrencountyesc.com

Hearing Interpreter Services are available for school districts that need services for deaf and hearing impaired students.

Contact: Christy Even, 513.695.2900, ext. 2917 | Christina.Even@warrencountyesc.com

Online Courses for Middle/High School Students The WCESC provides online courses for middle/high school students providing "virtual" credit recovery, credit flexibility and Advanced Placement or elective courses through the Virtual Learning Academy. All courses offered are available 100% online and throughout the year including summer.

Contact: Pat Paré, 513.695.2900, ext. 2314 | Pat.Pare@warrencountyesc.com
Kim Cochran, 513.695.2900, ext. 2982 | Kimberly.Cochran@warrencountyesc.com

Social Communications Classrooms

provide services for children with autism with the most intense needs. A classroom teacher and up to three educational assistants provide sufficient amounts of adult attention in one-to-one or small group instructional settings to meet individualized goals. Speech therapy, occupational therapy, and physical therapy are provided according to Individualized Educational Plans (IEPs).

Contact: Michelle Hight | 513.695.2900, ext. 2981
Michelle.Hight@warrencountyesc.com

School Age Multi Disabilities Services

are available to students and transition students with multi-disabilities. The students range from grades 3-12. Each class has a teacher and at least one assistant in accordance to serving these students through their Individualized Educational Plans (IEPs). Students may also receive nursing services, speech therapy, physical therapy, and occupational therapy according to their individual needs.

Contact: Dr. Kathie MacNeil, 513.695.2900, ext. 2918
Kathie.MacNeil@warrencountyesc.com

Our ultimate goal is for all students to have positive learning opportunities that we strive to achieve through teamwork, effective leadership and mutual support.

Program Opportunities

John K. Lazares Alternative School

The John K. Lazares Alternative School

promotes corrective thinking and establishes boundaries providing a safe and productive work environment that allows the student to achieve academic success. It addresses the educational and social needs of at-risk students, who have problems with personal and social behavior in a typical student setting, by establishing a neutral setting in which students' problems can be assessed and solutions can be explored.

Program Opportunities

Warren County Learning Center

The Warren County Learning Center

(Severe Emotional Disabilities or SED) helps school districts meet the needs of students who have previously lacked successful experiences in school due to inappropriate behaviors and emotional needs. The Warren County Learning Center helps these intense children learn different behaviors and achieve successes in their schools, homes, and communities. The vision for the program is to return children to their home schools or the Career Center; not to hold students until the time of graduation from school.

Greater Ohio Virtual School (GOVS)

Transition Living Classrooms

The Greater Ohio Virtual School

(GOVS) is an accredited online high school which is housed in the same facility as the Warren County Educational Service Center. The WCESC is an approved authorizer of the school. It is a comprehensive educational program for students in grades 7-12 who reside in the state of Ohio. Our mission is to provide students with a highly personal and continuous connection to learning, by utilizing an internet-based curriculum. Every student will develop the skills of communication, the ability to engage in critical thinking, and acquire building blocks of education necessary for a successful future. Students are provided a computer to do the coursework and can earn a GOVS high school diploma.

In 2015 GOVS had its largest graduating class ever – **125 graduates!**

Contact: Shawn Lenney, 513.695.2900, ext. 2925 | Shawn.Lenney@warrencountyesc.com

Transition Living Classrooms serve handicapped students who have met the requirements for high school graduation, but the IEP team has determined that they would benefit from additional education as they transition to adult services. The program is

Quaker Heights Care Community houses our Transition Living Classrooms and provides job training opportunities for our students.

community-based allowing the interns to develop and practice employability skills at supported work sites, and independent living skills in fully-equipped apartments.

“Thanks to University Relations,
I chose a local college and
degree program BEFORE
I finished high school.”

University Partners

University Relations

Warren County Educational Service Center

The Warren County Educational Service Center University Relations initiate relationships between K-12 schools, businesses, and local colleges and universities.

These partnerships promote enrollment in higher education by providing unique learning opportunities and real-world experiences for high school students and continuing education for all educators.

The Warren County Educational Service Center University Relations initiate programs with local colleges and universities that offer opportunities to promote campus awareness and increase enrollment of graduating high school students and also provide continuing education opportunities to educators.

The partnerships are designed to provide opportunities for colleges and universities to engage directly with K-12 teachers and increase dual enrollment for high school students.

University Relations

- Provide closer partnership between K-12 schools and local colleges and universities
- Provide graduate education credits for teachers
- Provide professional development opportunities for teachers
- Implement dual enrollment
- Develop partnership grants with local colleges and universities
- Offer summer camps in partnership with local colleges and universities
- Reach out to local industry for their support of K-12 in Warren County
- Serve as a liaison with Ohio Board of Regents and Ohio Department of Education

Contact: Dr. George H. Sehi, Executive Director
513.695.2900, ext. 3081
George.Sehi@warrencountyesc.com

*Creating opportunities for students' success by
building partnerships with local colleges and universities.*

Through University Relations each summer camp is provided primarily to middle school and high school age students.

Summer Camps

Warren County Educational Service Center

SINCLAIR
COMMUNITY COLLEGE

COURSEVIEW CAMPUS

Guitar Building Camp - Students build from a kit and keep their own electric guitar, learning along the way how everyday math and science concepts apply to the guitar. Students receive playing instructions, and perform together at the end of the week. Taught by Sinclair faculty.

Digital Photography Camp - Students learn to use photography to create one-of-a-kind art using the latest in photo manipulation software. The camp explores the wonders of the camera, the complexities of composition, and the crafting of outrageous digitally altered images. Taught by Sinclair faculty.

Raspberry Pi Camp - Students build and bring home a mini arcade cabinet, called a Cupcade, to play retro computer games. The arcade is based off of the single-board computer, the Raspberry Pi. Students learn how to solder their own microcontrollers for the buttons and joystick and install the Linux Cupcade operating system. Taught by Sinclair faculty.

Waterbotics Stem Camp - Students have fun learning math, science, and technology skills by designing and building aquatic Lego robots and solving four design challenges. Taught by Sinclair faculty.

Spirit Of Construction Camp/Home Depot Includes instruction from experts in all things construction including: an introduction to hand tools, measuring and cutting, framing, roofing, electrical, painting and finishing.

Bike Camp For students at least 8 years of age that have a disability. The camp increases riders' self-esteem and confidence. The success rate of riders independently riding a two-wheel bicycle by the end of camp is approximately 80% and all riders gain skills.

Mount St. Joseph University Wise Camp (Women in Science Experience) For exceptional young women with a strong interest in Science. The WISE Summer Program gives young women an opportunity to experience what it's like to be biologist, botanist, chemist, geologist, physicist, or mathematician while being guided by experienced professionals in a college experience. Held on campus at Mount St. Joseph University.

Wilmington College A.c.c.e.s.s. Camp (Academic College Classroom Experience for Student Success) For current high school sophomores and juniors have the opportunity to not only gain college preparatory skills, but also immerse themselves in a real college experience on campus. Students gain a valuable insight towards success and opportunities. Held on campus at Wilmington College.

Cincinnati State Healthcare Bound Camp For students interested in the healthcare career field participate in a robust job shadowing experience. Campers are introduced to healthcare career programs by exposing them to different healthcare career fields through instructor-led lectures, engagement activities, and skill enhancement workshops.

Tech Camp During this week-long camp, campers learn to create 2D and 3D video games, create their own movie, and design their own t-shirt. They also collaborate with peers on these projects. Held at Warren County Educational Service Center.

The Warren County Educational Service Center provides a variety of services to school districts both in Warren County and the surrounding areas.

Southwest Ohio Council of Governments (COG) is a partnership of WCESC, Warren County Commissioners and Butler County ESC that serves as a temporary employment agency for school districts and local governments. The largest portion of this work is the employment of substitute teachers. WCESC provides all human resources and payroll work to relieve school districts' costs with AESOP. We also employ teacher assistants to work with special education students and work with local governments to help with their temporary employees who are involved with mowing and other similar duties.

Contact: Pat Paré, Director of Human Resources, 513.695.2900, ext. 2314
Pat.Pare@warrencountyesc.com

AESOP Information AESOP is the automated system for scheduling substitute teachers and/or aides for the following participating programs of the Southwest COG: Multi-Disabilities, Preschool Special Needs, Social Communications, Warren County Learning Center (SED), Mary Haven Youth Center, and John Lazares Alternative School.

Human Resources Assist in administrative searches and interview process, teacher recruitment and follow up with SWO-COG substitutes at a district's request.

Connie.Burton@warrencountyesc.com

Resident Educator Program supports teachers with the licensure process as required by the Ohio Department of Education. The Ohio RE Program is based on the understanding that student achievement improves as beginning teachers improve their instructional practices. The program provides teachers with a standards-based professional growth model designed to support resident educators and mentors as participants in learning communities. This is a four year residency. The WCESC provides ongoing professional development throughout the four years as an opportunity for mentors and resident educators in the county to network and discuss successes and concerns as teachers. It also provides support for the RESA, the summative assessment that the resident educator needs to pass to obtain their five year license.

Contact: Bobbie Grice, 513.695.2900, ext. 2510
Bobbie.Grice@warrencountyesc.com

Fiscal Services provides many support services such as payroll functions, accounts payable and receivable, EMIS and CCIP consultation, and school district treasurer services. All of these services may be contracted through WCESC Southwest Ohio Council of Governments or our staff is willing to provide consultations and staff development.

Contact: Alleyn Unversaw, Treasurer, 513.695.2900, ext. 3036
Alleyn.Unversaw@warrencountyesc.com

Personnel Services provides executive searches to Warren County school districts for no charge and we have extensive experience and success in the employment of superintendents and school district treasurers. We also work with school districts to find highly qualified specialists such as school psychologists, school nurses, OTs, PTs, and SLPs. As a member of the Dayton Area Consortium and many state organizations, we have the ability to recruit employees for our school district clients.

Combined School Calendar Although the WCESC partners with many other school districts, this basic information is a quick reference for districts geographically located in Warren County. It is available online at www.warrencountyesc.com. For detailed information about a school district's calendar please refer to the district's individual website.

Administrative Directory for Area Schools
A compilation of the current area school district administrators, contact information, building address and phone. It is available online at www.warrencountyesc.com. For a complete staff directory for a school district please refer to the district's individual website.

Local Professional Development Committee (LPDC) The LPDC is designed to assist WCESC licensed staff in developing Individual Professional Development Plans (IPDP) as required by state regulations and for monitoring professional development and continuing education hours required for Ohio Department of Education licensure renewals. All WCESC employees who currently hold a 5-year professional ODE license must submit and maintain their IPDP accordingly to LPDC guidelines. Therapists and nurses are not required to meet LPDC guidelines but must maintain their ODE licensure based on their respective Ohio Boards requirements.

Educator Licensure Information Educator licensure information is available through the Ohio Department of Education. All applications (new and renewal) are required to be completed online by creating a SAFE account. To view additional information about setting up your account, links/resources, and further instructions about applying please refer to <http://education.ohio.gov/> under the Teacher menu. ODE's toll free number is 1.877.644.6338.

LPDC and educator licensure information is also available at www.warrencountyesc.com under the Personnel Services menu.

Community Schools

Warren County Educational Service Center

The Warren County Educational Service Center views community school operators as our partners and our goal is to offer our full range of resources as needed; not just to provide basic oversight of state laws and guidelines.

WCESC serves as an authorizing entity for conversion community (charter) schools. Community schools, often called charter schools in other states, are public, nonprofit, nonsectarian schools that operate independently of any school district but under a contract with an authorized sponsoring entity that is established by statute or approved by the State Board of Education. Community schools are public schools of choice and are state and federally funded. Conversion community schools are created by converting all or a portion of an existing traditional public school, including a joint vocational school district, or building operated by an educational service center to a community school. Once created, conversion community schools operate independently from the sponsoring school district or ESC.

The authorizer of a community school has legal requirements for oversight of the school's operations. In addition to our required oversight as defined by ODE, WCESC seeks ways to assist our sponsored community schools to promote student success. We view community school operators as our partners and our goal is to offer our full range of resources as needed, not just to provide basic oversight of state laws and guidelines.

For over ten years we have sponsored schools that serve a wide variety of student populations ranging from traditional students to those with students with special needs. In fact, one sponsored school has become the most successful school in working with at-risk students, having a graduation rate double that of any peer school in the State of Ohio. We are actively involved in promoting the use and integration of technology into the educational environment and work in collaboration with our schools to encourage the adoption of the latest technology.
