.....

Every effort has been made in preparing this book to provide accurate and up-to-date information which is in accord with accepted standards and practice at the time of publication. Although case histories are drawn from actual cases, every effort has been made to disguise the identities of the individuals involved. Nevertheless, the authors, editors and publishers can make no warranties that the information contained herein is totally free from error, not least because clinical standards are constantly changing through research and regulation. The authors, editors and publishers therefore disclaim all liability for direct or consequential damages resulting from the use of material contained in this book. Readers are strongly advised to pay careful attention to information provided by the manufacturer of any drugs or equipment that they plan to use.

Contents

List of contributors page vii

Introduction: *Looking to the future: how can research prevent suicide?*

Stephen H. Koslow, Pedro Ruiz, and Charles B. Nemeroff 1

Section 1. Understanding Suicide

- 1 **Brief history of suicide in Western cultures**
Leonardo Tondo 3
- 2 **Global epidemiology of suicide**
Pedro Ruiz 13
- 3 **Identification and screening of suicide risk**
Kelly Posner, Jacqueline Buchanan, Leora Amira, Kseniya Yershova, Adam Lesser, and Erica Goldstein 17
- 4 **Rethinking suicide risk assessment and risk formulation**
Alan L. Berman and Morton M. Silverman 33
- 5 **High-risk cognitive states**
Gregory K. Brown and Kelly L. Green 42
- 6 **Suicide clusters and suicide contagion**
Alison M. Lake and Madelyn S. Gould 52
- 7 **Ethnicity: *How much of our understanding of suicide is applicable across ethnic cultures?***
Donna Holland Barnes, William B. Lawson, and Kelsey Ball 62
- 8 **Suicide-related bereavement and grief**
M. Katherine Shear and Sidney Zisook 66
- 9 **Statistics**
Robert D. Gibbons 74

Section 2. Suicidal Comorbidities

- 10 **Current and chronic signs and symptoms**
Jan Fawcett 87

- 11 **Anxiety, depression, and suicide: epidemiology, pathophysiology, and prevention**
Giampaolo Perna and Alan F. Schatzberg 93
- 12 **Suicide in schizophrenia**
Philip D. Harvey and Stacey Esparillat 101
- 13 **Personality disorders and suicide**
Katharine J. Nelson, Michael J. Miller, Alexandra Zagoloff, Melinda K. Westlund, and S. Charles Schulz 109
- 14 **Suicide and substance use disorders**
Timothy W. Lineberry and Kathleen T. Brady 117
- 15 **Eating disorders and suicide**
April R. Smith, Tracy K. Witte, and Scott J. Crow 123
- 16 **Suicidality and epilepsy: a complex relationship**
Andres M. Kanner 130

Section 3. Special Populations

- 17 **Suicidal ideation and behavior during pregnancy and the postpartum period**
Jessica Coker and Zachary N. Stowe 139
- 18 **Childhood and adolescence**
Tina R. Goldstein, Jeffrey A. Bridge, and David A. Brent 151
- 19 **Indigenous/native populations**
Deborah Goebert 159
- 20 **Bullying and suicidality in youth**
Anat Brunstein Klomek and Madelyn S. Gould 166
- 21 **College students**
Amanda L. McMillan and Steven J. Garlow 173

Contents

- 22 **Suicide in older adults**
Yeates Conwell and Kimberly Van Orden 182
- 23 **Armed forces**
James A. Naifeh, Matthew K. Nock, and Robert J. Ursano 191
- 24 **Medical illness**
Gary J. Kennedy and Anne Rohs 201
- 25 **Suicide in the criminal justice system**
Steve Leifman and Tim Coffey 208
- Section 4. Treatment**
- 26 **Reduction of suicidal behavior in bipolar disorder patients during long-term treatment with lithium**
Leonardo Tondo and Ross J. Baldessarini 217
- 27 **Clozapine**
David W. Ayer and Herbert Y. Meltzer 229
- 28 **Antidepressants**
Molly Ryan and Charles B. Nemeroff 237
- 29 **Emergency department identification, assessment, and management of the suicidal patient**
Collin L. Davidson, Jennifer H. Olson-Madden, Marian E. Betz, and Michael H. Allen 244
- 30 **Psychosocial approaches to reduce suicidal behavior**
Anne C. Ward, Catherine R. Glenn, Matthew K. Nock, and Michael W. Otto 256
- Section 5. Research: Mediators and Moderators**
- 31 **Genome-wide association studies of suicidal behaviors**
Marcus Sokolowski, Jerzy Wasserman, and Danuta Wasserman 277
- 32 **Epigenetics**
Benoit Labonté and Gustavo Turecki 288
- 33 **The use of neuroimaging to investigate the pathophysiology of suicide**
Christopher R. Bailey, Allison M. Greene, and Alexander Neumeister 307
- 34 **Brain serotonin in suicides with psychological autopsy**
Victoria Arango and Helene Bach 317
- 35 **The noradrenergic system in depression and suicide**
Michelle J. Chandley and Gregory A. Ordway 325
- 36 **Brain corticotropin-releasing factor and the hypothalamic–pituitary–adrenal axis in suicide**
Ghanshyam N. Pandey 336
- 37 **Receptor signaling in suicide**
Yogesh Dwivedi 343
- Section 6. Suicide Prevention**
- 38 **Strategies to improve suicide prevention**
Sarah A. Struthers and Robert M. A. Hirschfeld 357
- 39 **Safety planning to prevent suicidal behavior**
Barbara Stanley, Emily A. Biggs, and Gregory K. Brown 366
- 40 **Contracting for safety**
Michael Craig Miller 372
- 41 **Suicide and the media**
Jane Pirkis and R. Warwick Blood 378
-
- Index* 383
- The color plate section can be found between pages 210 and 211*

The following authors wish to declare a conflict of interest:

Michael H. Allen has received support from the VISN 19 Mental Illness Research Education and Clinical Center, NIMH and the Military Suicide Research Consortium but has no conflict of interest relevant to this work. The views expressed do not necessarily represent those of the Veterans Administration or the Government.

Marian E. Betz has received a consulting honorarium and grant funding from the American Foundation for Suicide Prevention, but has no support that would pose a conflict of interest in this work.

David A. Brent currently works for the University of Pittsburgh School of Medicine and University of Pittsburgh Medical Center, Western Psychiatric Institute in Clinic. He also has research projects funded by the National Institute of Mental Health. Other potential conflicts include I have or will receive royalties from Guilford Press, I have or will receive royalties from the electronic self-rated version of the C-SSRS from ERT, Inc., UpToDate Psychiatry Editor, I receive honoraria from presentations for Continuing Medical Education events.

Steven J. Garlow receives research support from the Dana Foundation and Hope Foundation and has been on scientific advisory board and speaker bureau for Eli Lilly Inc, in 2010 and earlier. He was previously on speaker bureau for GSK and Pfizer also before 2010. He has received research support from Janssen Pharmaceuticals.

Robert D. Gibbons has been an expert witness on cases related to issues involving drugs and suicide for

List of contributors

the US Department of Justice, Wyeth, and Pfizer over the past 10 years.

Deborah Goebert has a state suicide prevention grant from the Substance Abuse and Mental Health Services Administration and a behavioral health services grant from The Queen's Medical Center and has no conflict of interest.

Tina R. Goldstein is currently employed by the University of Pittsburgh School of Medicine and University of Pittsburgh Medical Center, Western Psychiatric Institute and Clinic. She has research projects funded by the National Institute of Mental Health, the National Institute on Drug Abuse, the National Institute on Child Health and Human Development, and The Pittsburgh Foundation. She has and will receive royalties from Guilford Press.

Madelyn S. Gould receives royalties as an author of the Columbia Suicide Severity Rating Scale (C-SSRS).

Philip D. Harvey has contract funding from Genentech. He also serves as a consultant/advisory board member for Abbvie, Boehringer Ingelheim, Forest Labs, Genentech, Otsuka America, Roche, Shire, Sunovion, and Takeda.

Robert M. A. Hirschfeld has received royalties from Jones and Bartlett, has been a consultant for Grey Healthcare, Biostrategies, Merck Manual Editorial Board, Equinox Group and has received honorarium from Physicians Post Graduate Press, Health and Wellness Partners, Merck Manual Editorial Board, CME Outfitters, Letters & Sciences, Nevada Psychiatric Association, and CMEology.

Gary J. Kennedy has received grant support from Eli Lilly of less than \$10 000 in the last 3 years but it has not influenced the content of his contribution to his chapter.

Timothy W. Lineberry is a Board Member of Institute for Clinical Symptoms Improvement and Government expert Military Suicide Prevention.

Herbert Y. Meltzer conflicts of interests include: *ownership/investment interests* – Suregene, ACADIA, and GlaxoSmithKline; *industry activities*, such as speaking, advising, consulting, providing educational programs with Janssen Pharmaceuticals, Lundbeck Inc., Sunovion Pharmaceuticals Inc (Dainippon Sumitomo

Pharma Co., Ltd), TEVA, BiolineRx, BI (Boehringer Ingelheim Pharma GmbH & Co. KG), Envivo, Companion Diagnostics; and *expert testimony* – Janssen.

Charles B. Nemeroff has received research/grants from: National Institutes of Health (NIH), Agency for Healthcare Research and Quality (AHRQ); *consulting*: Xhale, Takeda, SK Pharma, Shire, Roche, Lilly, Allergan, Mitsubishi Tanabe Pharma Development America, Taisho Pharmaceutical Inc.; *stockholder*: CeNeRx BioPharma, PharmaNeuroBoost, Revaax Pharma, Xhale; *other financial interests*: CeNeRx BioPharma, PharmaNeuroBoost; *patents*: Method and devices for transdermal delivery of lithium (US 6 375 990B1), Method of assessing antidepressant drug therapy via transport inhibition of monoamine neurotransmitters by ex vivo assay (US 7,148,027B2); *scientific advisory boards*: American Foundation for Suicide Prevention (AFSP), CeNeRx BioPharma (2012), National Alliance for Research on Schizophrenia and Depression (NARSAD), Xhale, PharmaNeuroBoost (2012), Anxiety Disorders Association of America (ADAA), Skyland Trail, AstraZeneca Pharmaceuticals (2009); Board of Directors: AFSP, Mt. Cook Pharma (2010), NovaDel (2011), Skyland Trail, Gratitude America, ADAA; *income sources or equity of \$10 000 or more*: AstraZeneca Pharmaceuticals, PharmaNeuroBoost, CeNeRx BioPharma, NovaDel Pharma, Reevax Pharma, American Psychiatric Publishing, Xhale; *honoraria*: various; *royalties*: various; *expert witness*: various.

Michael W. Otto has in the past 2 years served as a paid consultant for MicroTransponder Inc., Concert Pharmaceuticals, and ProPhase; and received royalty support for use of the SIGH-A from ProPhase.

Kelly Posner receives no remuneration from clinical practice users of the C-SSRS, as its use is free. She receives royalty payments from the e-CSSRS, which are distributed to her by her employer, the Research Foundation for Mental Hygiene.

Alan F. Schatzberg has been a consultant to Bay City Capital, CeNeRx, Cerevel, Eli Lilly, Genentech, Gilead, Lunbeck/Takeda, McKinsey, Merck, MSI, Neuronetics, PharmaNeuroBoost, and Xhale. He has equity in Amnestix, BrainCells, Cerevel, Corcept (co-founder), Delpor, Forest, Merck, Neurocrine, Pfizer, and Xhale. He is a named inventor on pharmacogenetic and antigluccorticoid use patents
