Electronics

Fishman Presys Blend

Compact onboard unit with Sonicore coaxial under-the-saddle transducer and preamp-mounted microphone. Three-band EQ, digital chromatic tuner with LED display, low battery indicator, patented flip-top battery access. Notch filter and phase switch help eliminate feedback.

Fishman Presys +

Compact onboard unit with Sonicore coaxial under-the-saddle transducer. Four-band EQ, digital chromatic tuner with LED display, low battery indicator, patented flip-top battery access. Notch filter and phase switch help eliminate feedback.

Fishman Onboard Aura

Compact onboard unit features six model-specific Aura Acoustic Sound Images, which can be blended with the Martin Gold Plus transducer. Includes programmable three-band EQ, anti-feedback control, digital chromatic tuner, low battery indicator and patented flip-top battery access.

Fishman Ellipse Matrix Blend

Blend the Martin Gold Plus under-the-saddle transducer (switchable natural/maximum voicing) and the flexible gooseneck microphone to a mono output. Controls are mounted conveniently on the inside lip of the soundhole.

Fishman Ellipse Aura

Blend the four model-specific Aura Acoustic Sound Images with the Martin Gold Plus under-the-saddle transducer (switchable natural/maximum voicing). Controls are mounted conveniently on the inside lip of the soundhole.

MiSi Simple Jack

A high-performance, fully active preamp with under-the-saddle pickup that does NOT REQUIRE BATTERIES. Power it up for 60 seconds using the included Power Charger for up to 16 hours of performance time.

Enjoy the *ultimate* Martin experience
