2015-2016

Annual Report

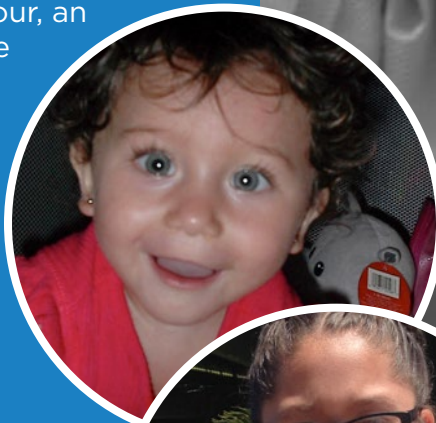

Meet Miranda

Miranda was only two years old when she chipped her tooth playing in the park. Named after the Patron Saint of Miracles, Miranda Cabrini was born prematurely and weighed only four pounds at birth. Understandably, her mother Patricia was very protective of her “Miracle Baby.” As a single mom, she earned too much income to qualify for Denti-Cal, but not enough to be able to afford proper insurance for Miranda and her older sister Jenny.

Patricia turned to Healthy Smiles for support and hasn't looked back in ten years. Miranda required sedation to treat her chipped tooth, but the sight of Patricia's two-year-old daughter lying unconscious was overwhelming for a mother. Distraught, a Healthy Smiles dental assistant comforted Patricia for a full hour, an experience that she will never forget.

Since then, Healthy Smiles has been able to provide a decade of oral care for Miranda, who is now 12 years old and still enjoys cashing in her Tooth Fairy Bucks for prizes. Well-versed in oral health, Miranda now looks forward to cleanings and has learned healthy habits that will continue to serve her into adulthood.

A Message from the CEO and Board Chair

Dear Friends,

The 2015-2016 year can best be described as a year of growth. With an expanded team in our CHOC and Garden Grove clinics and two mobile units, we were able to reach more children than ever before. We have grown in our community board through the recruitment of additional board members whose expertise and commitment to our mission and communities strengthens our leadership.

To address the needs of our patients who have transportation barriers, we launched our new Smiles X-Press Teledentistry Program. Smiles X-Press harnesses technology to provide dental screenings and preventative measures in a community or school site, making dental care more accessible and less intimidating for the child.

This year Healthy Smiles also expanded our Garden Grove clinic. Hoping to double the number of general sedation services and substantially reduce the six month waiting period, we have increased our chairs from 7 to 11. Paired with our Teledentistry program, we will decrease the number of children in Orange County who lack access to dental care.

We would like to invite you to continue to support Healthy Smiles for Kids of Orange County as we expand our dental and educational efforts. With your help we are able to provide oral care for children in pain. It is because of our donors, supporters, volunteers, board members, and fantastic staff that we are able to accomplish great things for kids every day. We are proud to represent a wonderful organization, and we hope you continue to stand with us in the coming year.

Highlights

Prevention remains a top priority—over 102,000 parents and kids received oral health education through Healthy Smiles this year.

We provided over 37,000 treatments, a 28% increase from last year.

We have provided general anesthesia to 513 patients through our Smile Centers in Garden Grove and at CHOC.

Every single Healthy Smiles program grew this year, and we continue to expand through teledentistry.

Ria Berger

Jeffery Flocken, Board Chair

Who We Are and What We Do

Timeline

2003

The Children & Families Commission of Orange County granted seed funding to launch Healthy Smiles.

2004

Healthy Smiles broke ground on the Smile Center in Garden Grove.

2005

Healthy Smiles launches an onsite pediatric residency program with the University of Southern California's Herman Ostrow School of Dentistry.

2006

Healthy Smiles began to offer treatment under sedation.

2007

With the generous support of the Pacific Life Foundation, Healthy Smiles introduced Smile Mobile 1, a two-chair dental facility on wheels.

2010

Healthy Smiles began offering sedation services at their new Smile Center at CHOC Children's Hospital.

2013

Seeking to duplicate the success of Smile Mobile 1, the Pacific Life Foundation granted additional funding to put Smile Mobile 2 on the road.

2014

Healthy Smiles was granted a top-tier Electronic Dental Record System by Planet DDS.

2016

Healthy Smiles launched two new programs: Healthy Body Healthy Mouth and the Smiles X-Press Teledentistry Program.

Brushing Out Tooth Decay, One Child at a Time

Healthy Smiles for Kids of Orange County has served the community for more than a decade from our headquarters in Garden Grove and two mobile dental clinics. As one of the largest oral health providers for children of all ages in Orange County, Healthy Smiles is on a mission to improve their oral health through preventative care, outreach and education, treatment and advocacy.

The engine driving this mission ignited in 2001 on a field trip for a day of "tooth-friendly" education. The timing coincided with a largely unnoticed-yet-raging epidemic in Orange County: **One in three elementary school students** suffered from untreated dental disease. This shockingly high rate exceeded the statewide average, despite the county's position as one of the wealthiest in California.

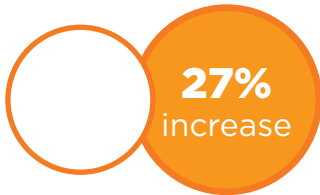

Although tooth decay is one of the most common chronic childhood diseases, it is 100 percent preventable. Through the help of various supporters, Healthy Smiles was brought to life and is now a resource that provides pediatric dental services to underserved families throughout Orange County.

Soon, other agencies serving children and generous donors joined the mission.

Meet the OC Tooth Fairies

Dr. Richard Mungo

Pediatric Dentist and Healthy Smiles Board Member

Dr. Richard Mungo, a founding board member of Healthy Smiles for Kids of Orange County, is a pediatric dentist practicing in Huntington Beach. Dr. Mungo also serves as part-time faculty in the Department of Pediatric Dentistry at USC School of Dentistry and as a guest lecturer in the Department of Hospital Dentistry at UCLA School of Dentistry. A graduate of Case Western Reserve School of Dentistry, Dr. Mungo completed his pediatric residency at Boston University (Goldman) School of Graduate Dentistry and a fellowship at USC/Rancho Los Amigos Hospital in Craniofacial Anomalies. He also received his Master's Degree in Medical Education from USC School of Medicine.

Dr. Richard Spaulding

Pediatric Dentist and Healthy Smiles Dental Director

Dr. Richard Spaulding is a Board Certified Pediatric Dentist and a Diplomate of the American Board of Pediatric Dentistry. He graduated from the USC School of Dentistry and earned his Master's Degree in Medical Nutrition from the College of Physicians and Surgeons at Columbia University. Dr. Spaulding completed his pediatric dentistry residency training at Children's Medical Center-Dallas/Baylor College of Dentistry, with a medical staff appointment at Texas Scottish Rite Hospital for Children. Dr. Spaulding's private dental office, Torrance Pediatric Dentistry and Orthodontics, offers nine chairs for consultations and operative care for infants, children, and special needs patients.

Since Healthy Smiles' inception, we have provided

450,000

oral health and educational services to children and parents.

I am very passionate about early prevention and parent education as I believe these create a foundation for healthy habits and optimal oral health."

Dr. Richard Spaulding

Meet the OC Tooth Fairies

Dr. Richard D. Udin

**Director, Pediatric Dentistry Program,
The Herman Ostrow School of Dentistry of USC**

Dr. Richard D. Udin is the Director of the Advanced Pediatric Dentistry Program at the University of Southern California School of Dentistry. He received his pediatric dentistry training at the University of Nebraska Medical Center, where he also served on the faculty of the Colleges of Medicine and Dentistry for six years. Dr. Udin has worked in both academics and private practice for over 25 years. He currently serves as Immediate Past

President of the California Society of Pediatric Dentistry. He is the current Vice President of the American Board of Pediatric Dentistry and President of the College of Diplomates Foundation.

“Children are life’s greatest blessing and joy. I feel honored to be a part of an organization that believes in breaking the barriers to provide access to dental care for all children.”

Founder, A-Z Tech Support LLC

Matt O'Connell

President, Vita North America

Geraldine Ruiz, DDS

Pediatric Dentist

Gary L. Van Arnam

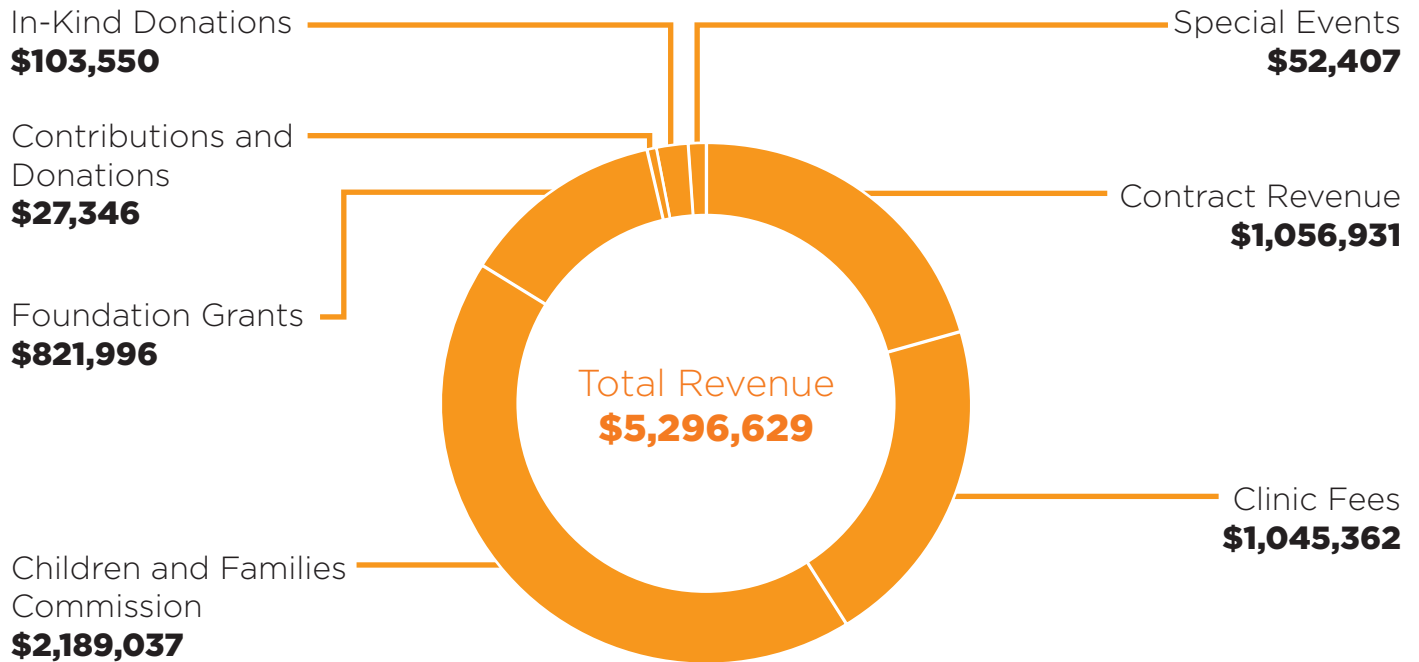

Senior Vice President, Northern Trust

Emeritus Members • John C. (Jack) Shaw • Dottie Andrews

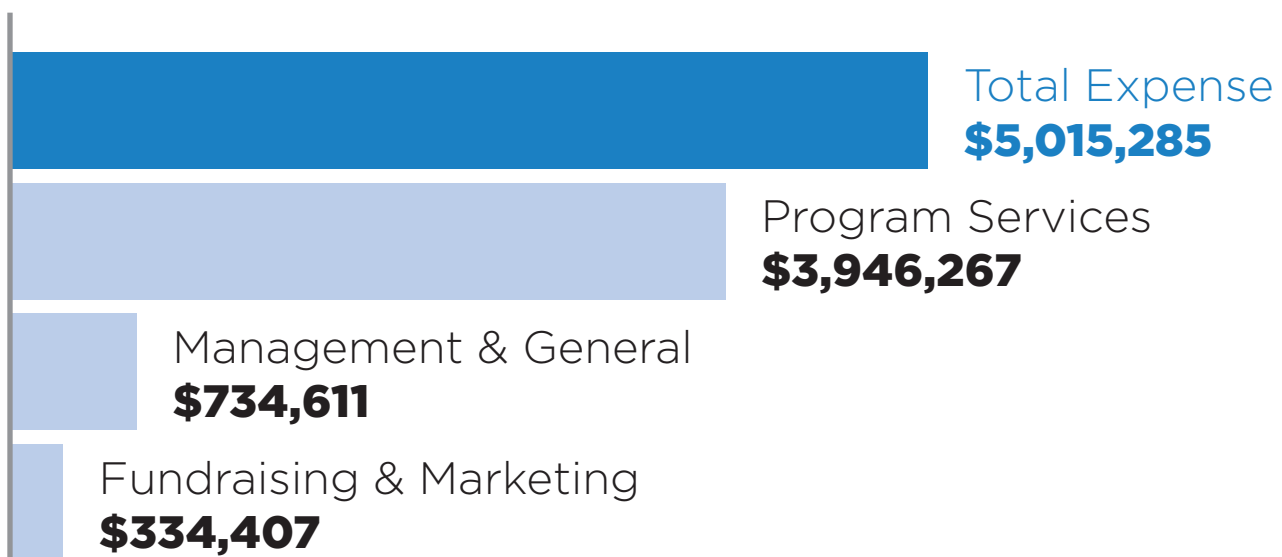

Our leadership team works tirelessly every day to ensure that the children we serve are provided with the highest quality care. With their talent and support, we look forward to a bright future for Healthy Smiles!

Revenue and Support

Expenses

Give the Gift of a Healthy Smile

Every child should have access to dental care.

With the help of donors like you, Healthy Smiles is improving the oral health of children in Orange County. For just 87 cents a day, you can help a child receive treatment for an entire year. For 11 dollars a day, you can help an entire school receive oral health education and preventative screenings. Every contribution is vital to this work, and we offer flexible ways for you to get involved.

Corporate Programs

We know Orange County business leaders care about the youth and families who live and work here. Contact us to learn how to increase your visibility and meet your philanthropic goals—or consider one of these popular ways to partner with us:

- Ask your employer to match your contribution to Healthy Smiles
- Designate Healthy Smiles as your nonprofit for employee auto-deductions
- Sponsor our annual Golf Tournament (May 2017)
- Sponsor a table at our annual Gala (October 2017)

Gifts

Your financial contribution helps support our mission, here are ways you can help:

- A monthly contribution to our Annual Fund
- Charitable remainder trust & bequest
- Gifts of life insurance
- Gifts of real estate
- Gifts of appreciated stock
- Charitable gift annuities
- Help with auction items to support our events

Volunteer

There is nothing more rewarding than donating your time to a worthy cause. Healthy Smiles is looking for volunteers ready to improve the future of a child today. There are many ways to get involved:

- Join us at our Tooth Fair Learning Center and educate the children we serve
- Participate in outreach events at schools and community sites
- Hop aboard the Smiles X-Press and facilitate screenings
- Come work out and play at our Healthy Body, Healthy Mouth events

Help the Tooth Fairy!

The Tooth Fairy Learning Center at our Garden Grove Smile Center is a fun and educational experience for children, parents, and visitors. Dr. Hy Gene's Hideaway teaches children important lessons about oral health and nutrition through hands-on activities. We welcome donations that help expand learning opportunities such as toys, coloring books, and gift cards. A great way to help is by organizing a Toy Drive at your workplace.

General Sedation

Sedation Program

The Smile Center provides sedation services to underserved families and children with special needs. The goal is to provide safety and comfort for children during dental treatment. Sedation can help increase cooperation, reduce anxiety and prevent injury. Through the Donald & Carol Murray Sedation Program, Healthy Smiles has the capacity to offer the following on-site services:

- Nitrous, oral sedation, general anesthesia
- Pulp therapies: root canal treatments
- Restorations: filling/crown placement
- Extractions
- Space maintaining
- X-rays

Children With Special Needs

Children who have a physical, developmental, mental, behavioral, cognitive, or a limiting condition that requires specialized services receive the care they need at Healthy Smiles. Our staff is properly trained to care for children with special needs and is committed to providing the best dental care for all children.

Highlights

- Healthy Smiles is a leading provider of sedation services, treating children at the Garden Grove Smile Center and at CHOC Children’s Hospital.
- Our expansion at the Garden Grove Smile Center will double the number of children we can serve with sedation services.
- Sedation is often necessary for children with special needs and for children that require significant restorative work.
- While Healthy Smiles receives some Denti-Cal reimbursements for sedation, the costs of these procedures far exceeds reimbursement levels.

Meet Nathaniel

Nathaniel was born prematurely after an emergency C-section – he was given a 50% chance of survival. He was diagnosed with Achondroplasia (commonly known as dwarfism), he faced chronic lung disease, needed a feeding tube and has a curvature in his spine that impacts his walking. His mother, Nicole, quit her job to care for him full-time. The first year of his life was spent stabilizing his health. Because of his smaller frame, medical care was difficult.

When Nathaniel was a year and a half old he had a severe infection, facial cellulitis. Because of his medical complications he needed to be sedated for all dental work. His mother struggled for over a year to find a dentist with the capacity to treat him. They visited over 20 doctors all over Southern California. Nathaniel was eventually treated at the CHOC Smile Clinic, where he received care for 9 of his 20 teeth. In addition to restorative work, he was provided with cleanings, screenings, sealants and fluoride. In all, Nathaniel was cared for by four dentists, three dental assistants, an anesthesiologist, and a dental surgeon. For this work, Healthy Smiles received only \$386 in Denti-Cal reimbursements.

Nathaniel just celebrated his third birthday and his mother reports he is able to smile again! Healthy Smiles has provided care to over 2,500 children with special needs just like Nathaniel in the last two years.
