VOLUME 15-1 | AUGUST 2021 | ccusd93.org

A note from the
Superintendent...

Dear CCUSD Parents, Community and Staff,

On behalf of the CCUSD Governing Board, I would like to welcome all of our new and returning families and staff to the 2021-2022 school year. Thank you for choosing CCUSD!

We are looking forward to a great school year where we return to a “better” normal and our team is committed to serving you. We should all be proud of the great academic and extracurricular accomplishments occurring throughout our district, especially as we navigated a challenging COVID-19 pandemic during this past school year and continue to work diligently on behalf of the well being of our students and staff moving ahead. I am proud to work with a Governing Board, staff, and families that opened schools to in-person learning in September 2020 and kept schools open safely throughout the year meeting the educational needs of the community.

Cave Creek Unified School District is an elite PreSchool - 12th grade district because of the great people who work together to improve student learning. Regardless of your position or role in a child’s life, each of us plays an important role in helping students maximize their potential and prepare them for successful and happy lives after High School.

This year will bring a lot of exciting opportunities and challenges. As you know, there is a Capital Bond for voters to decide in November that could improve and upgrade our technology tools, facilities, classroom furniture, security measures, transportation and athletic facilities. This school year we will work together to reimagine our strategic goals, priorities, mission and vision to better meet the needs of the families and our community. We will engage in a project called “the Effectiveness Project” where we will improve employee effectiveness through a research-based evaluation system tailored to the needs of CCUSD. Finally, we will continue to nurture and build relationships of trust between individuals and groups both inside and outside of the organization as we continue to improve what we do for students each day.

Here is to a great 2021-2022 school year - One Team!

Sincerely,

Cort Monroe, Ed.D.

While teaching, she also attended Northern Arizona University and earned her master's degree in Educational Leadership. The 13 years in the classroom and two years as an instructional coach were very formative in her growth as an educator as it provided a solid foundation of quality leadership, curriculum, instruction, and decision making. In 2016, she accepted a job as the Assistant Principal at Saguaro High School. She spent a year at Saguaro over special education, 504's, student activities, and testing. In 2017, she was promoted to the Assistant Principal over Educational Services at Chaparral High School. PRINCIPALS PARTNER WITH LOCAL NONPROFIT TO PROMOTE STUDENT SERVICE

Cave Creek Unified School District leaders and Foothills Caring Corps Team Members work to plan ongoing volunteer opportunities for students of all ages to bring the community together.

On Monday, July 13, 2021, Foothills Caring Corps (“FCC”) hosted Cave Creek Unified School District (“CCUSD”) Superintendent, Administrators, and Principals for a day of learning and service; focusing on how an ongoing partnership could benefit FCC and their Neighbors, older adults and persons with disabling conditions, and provide a fulfilling experience for students, parents, and teachers.

Discussion revolved around forming a club or program at Elementary, Middle, and High School levels within CCUSD, allowing students of all age levels to participate. These groups would volunteer with FCC throughout the school year and on an ongoing basis.

“It can be a challenge for students, especially younger ones, to find appropriate and available service opportunities in our community,” shared Jessica Brashear, Foothills Caring Corps’ summer intern and Valedictorian of Cactus Shadows High School’s Class of 2021.

With this barrier in mind, innovative and creative activities for each age level, such as field trips to see school plays or special nights at athletic events, were identified. These opportunities will allow student volunteers to serve, bridge the gap between youth and older adults, and promote lasting relationships in the Foothills communities.

“We want this opportunity to be fulfilling and bring joy and happiness into the lives of student volunteers and Neighbors,” said Robin Cochran, Foothills Caring Corps Executive Director.

After the brainstorming session, CCUSD leaders volunteered around the FCC facility. Individuals broke into two groups, with one working in the Mobility Loan Closet to clean, assemble, and organize equipment, while others cleaned Mobile Meals’ delivery coolers.

Foothills Caring Corps is a 501(c)(3) nonprofit organization located in Carefree, Arizona. The organization’s mission is “Promoting independence and enhancing the quality of life for older adults and persons with disabling conditions through the Foothills community.” Their vision is: “To improve the lives of Neighbors by addressing socialization, health, wellness, and mobility in order to promote physical, mental, and emotional health and wellbeing.”
