

RENAISSANCE®

# A personalised digital library at every student's fingertips

myON

# Personalise literacy growth with access and choice

## Choose

**Students will never run out of great reads with 1000s of books to choose from**, as well as timely and relevant news articles. Choose from personalised recommendations, browse by topic or genre, or search using keywords.

## Engage

**Students can read on their favourite digital device**, online or offline, and can use the built-in close-reading tools to mark up pages, highlight words, listen to audio versions, and interact with the text.

## Learn

**Literacy tools and Projects** centred around reading and writing skills help enrich your curriculum and integrate literacy across the curriculum into different subjects.

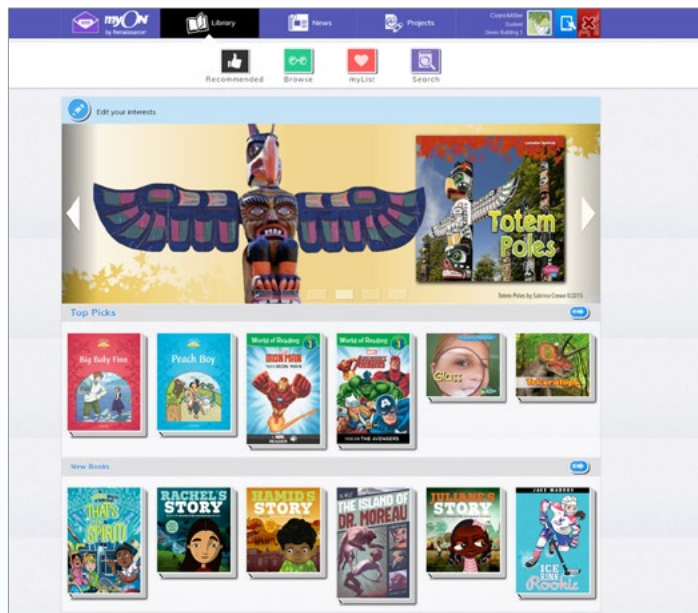

## Grow

**Real-time data and reporting** on students' reading activities helps you boost student motivation, strengthen differentiated learning, and see their engagement and growth. Celebrate achievements and ensure each student has the support needed to succeed.

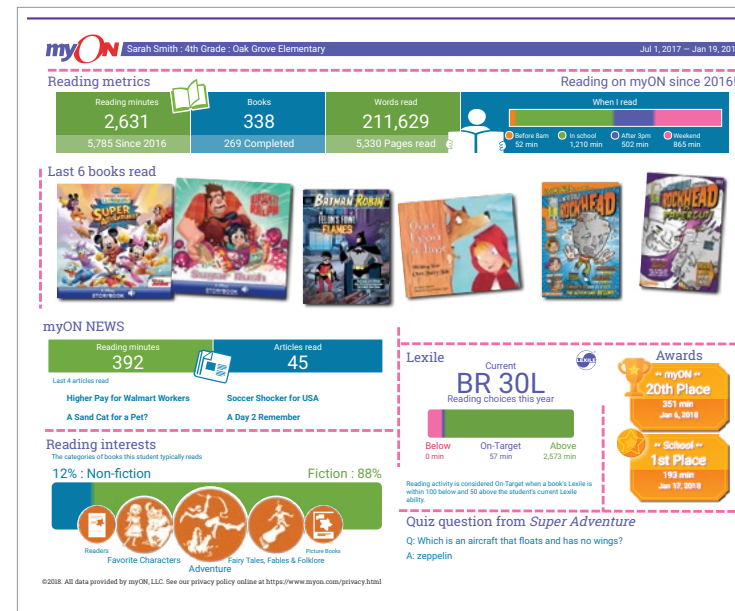

# Unlimited access to a world of reading

It's magical how every student reads more when you provide unlimited access to a personalised library of books. Students can choose from recommendations based on their interests and just-right reading level or browse the full library available under their school subscription.

- A variety of formats and genres: fiction, nonfiction, and graphic novels
- Titles available in English, Welsh and a growing Language Pack of international languages
- Personalisation via built-in reading level and interest assessments

- Being able to self-monitor their progress gives students ownership over their own reading
- Students can access their own Profile Reports at school and at home
- You can print and share reports to give families a visual overview of student progress

# Engage students with a handpicked selection of titles

All myON subscriptions include a core library of engaging digital titles across a variety of genres. myON includes immediate access to fiction and non-fiction content to meet a broad range of interests, years groups, and reading levels. Add new content to your collection at any time with dedicated book packs from publishers such as Cranachan and Badger Learning.

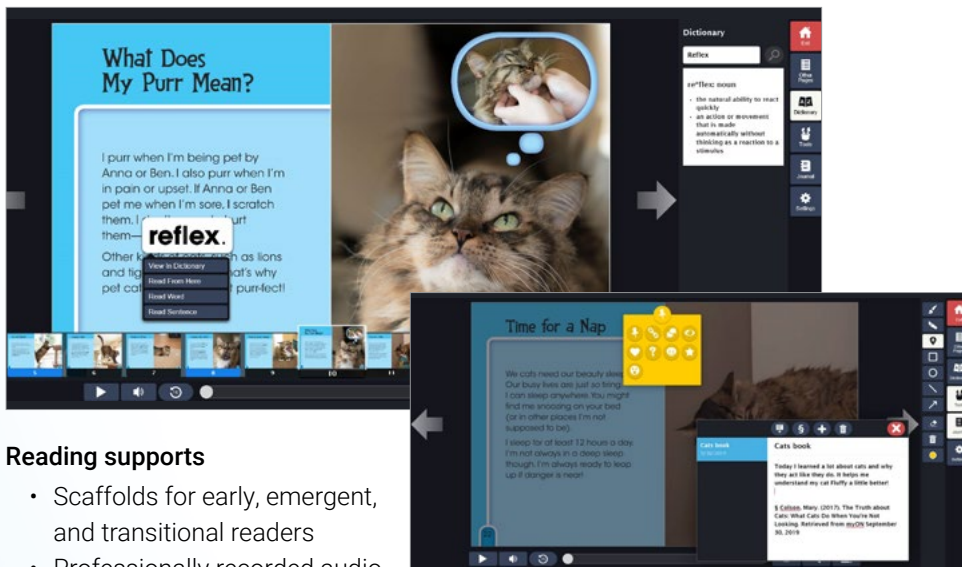

- **Core Library:** Thousands of titles from Capstone/Raintree's strong family of imprints
- **myON Classics:** Digital versions of timeless classics available in English and Spanish
- **World Languages:** Translations of 30 myON Core Collection titles into the languages spoken by many students at home
- **Partner Publishers:** A growing number of additional titles available in add-on collections from new and established publishers

# Build literacy skills with embedded supports

myON helps build a complete literacy curriculum with reading supports, close reading and writing tools, and a Projects tool to create assignments for individuals, groups, or an entire class. A range of books and articles with interactive tools help boost students' literacy and keep them engaged.

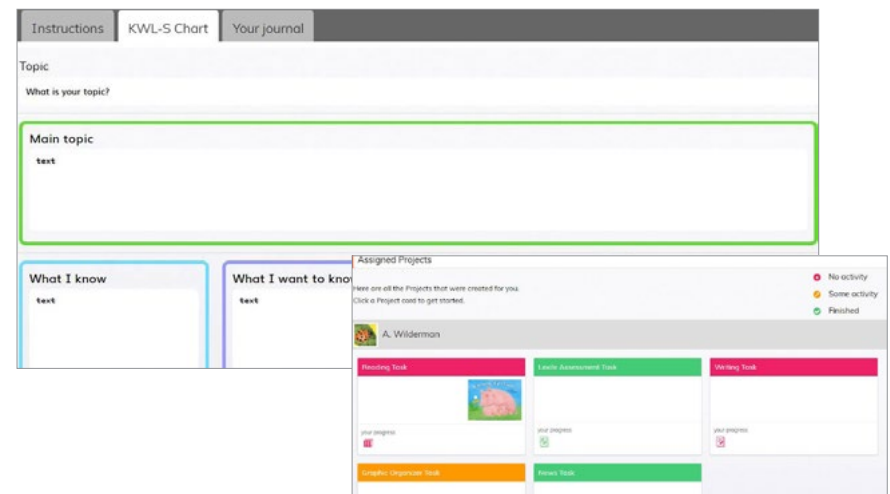

## Reading supports

- Scaffolds for early, emergent, and transitional readers
- Professionally recorded audio available for many books
- A dictionary to build vocabulary in context

## Close reading tools

- Highlighter, shapes, and a drawing tool
- Journal/notebook/sticky notes
- Citation creator

## Writing tools

- 12 graphic organisers
- Essay writer, checklist, and peer review features

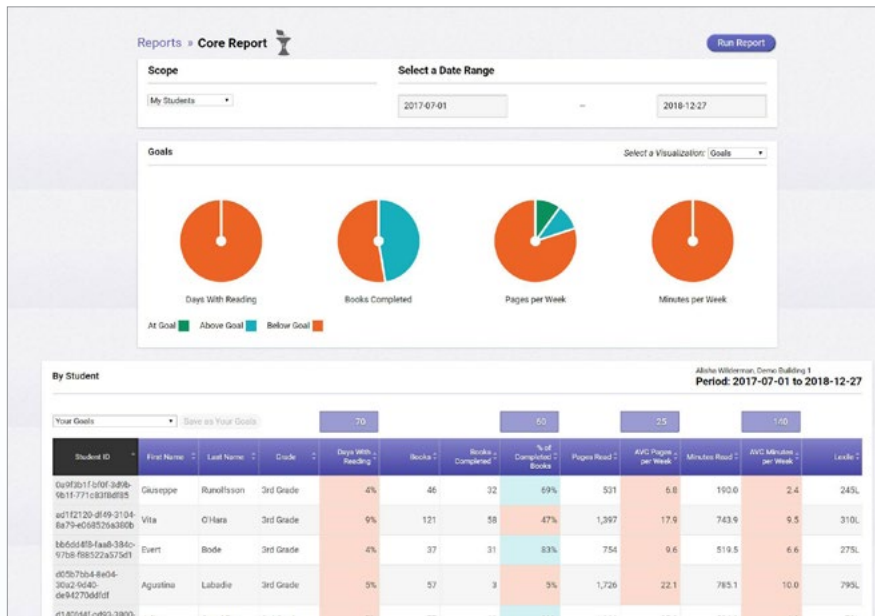

## myON Projects

- Create and assign individual, group, or whole-class projects
- Essay writer, checklist, and peer review features

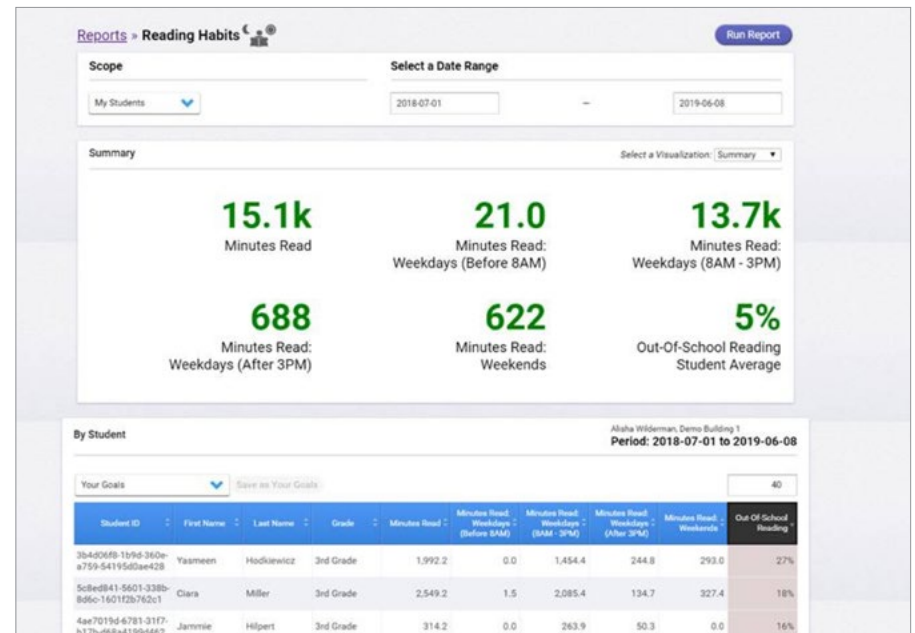

# Monitor engagement as you measure growth

See real-time, actionable data on student progress in key categories like usage and proficiency, growth over time, and reading habits and trends. You can use this data to inform your teaching and celebrate growth and progress!

## Core Report

- Monitor student activity and progress, including number of books opened, books completely read, pages read, minutes spent reading, and reading level

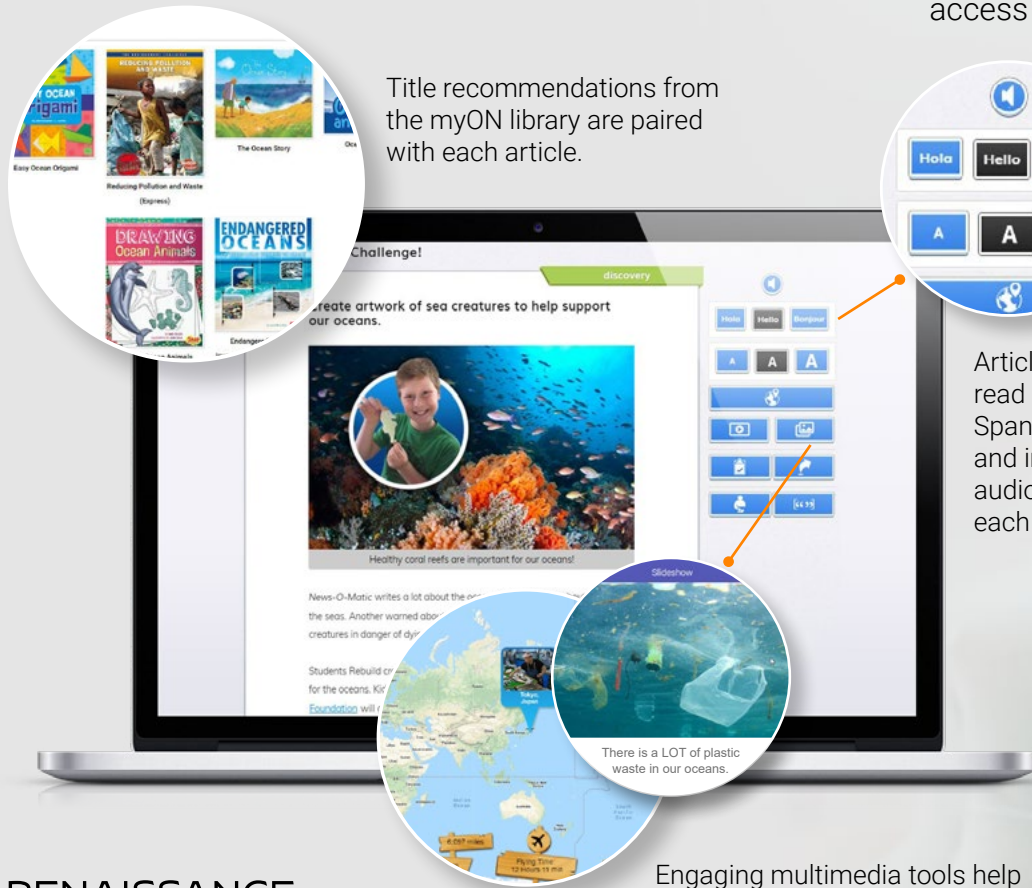

## Reading Habits Report

- Shows when users are logging in and reading on myON during the school day, before school, after school, and on weekends

# Build engagement with current events and world news

myON News delivers five age-appropriate news articles every weekday, 52 weeks a year. These high-interest, age-appropriate news articles are written specifically for kids, and report on timely topics and current events to help students develop a better understanding of the world. These engaging daily news articles can be added to your myON subscription or purchased separately, and this includes on-demand access to the full archive of articles.

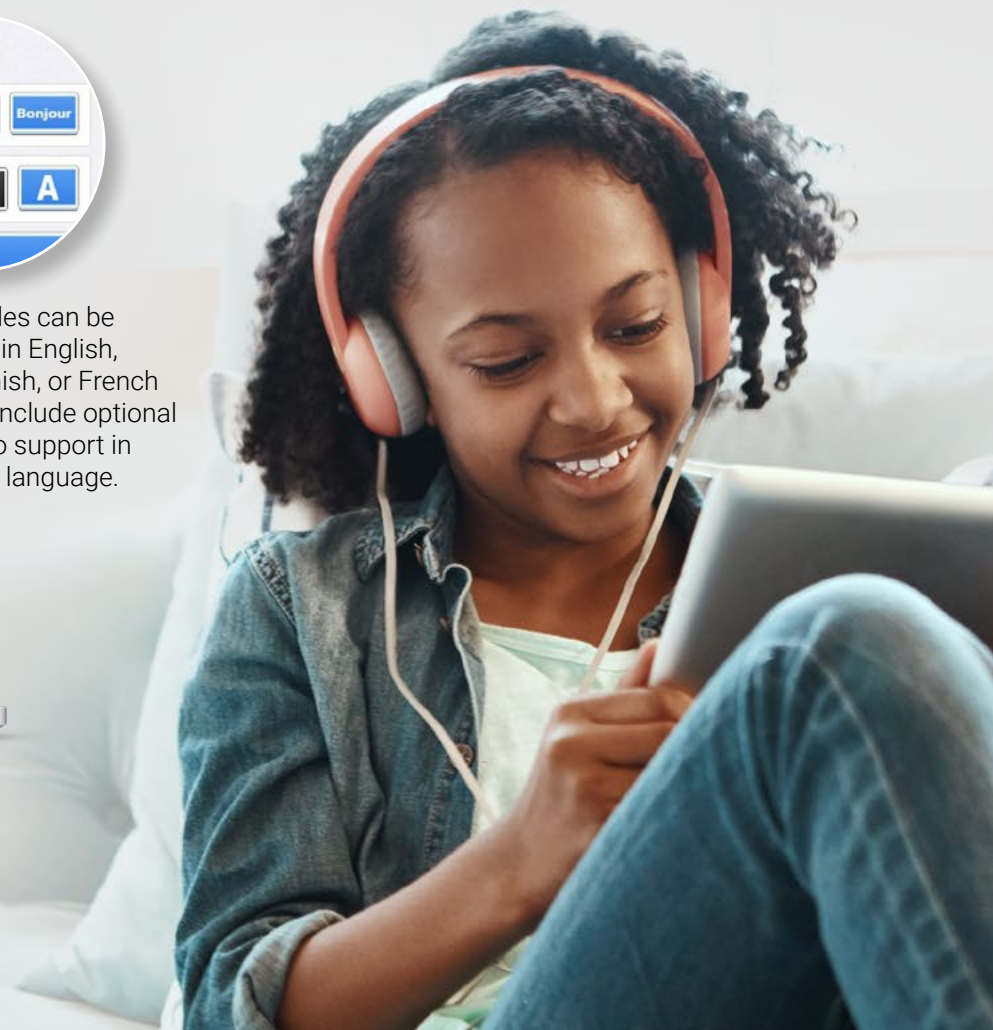

Title recommendations from the myON library are paired with each article.

Articles can be read in English, Spanish, or French and include optional audio support in each language.

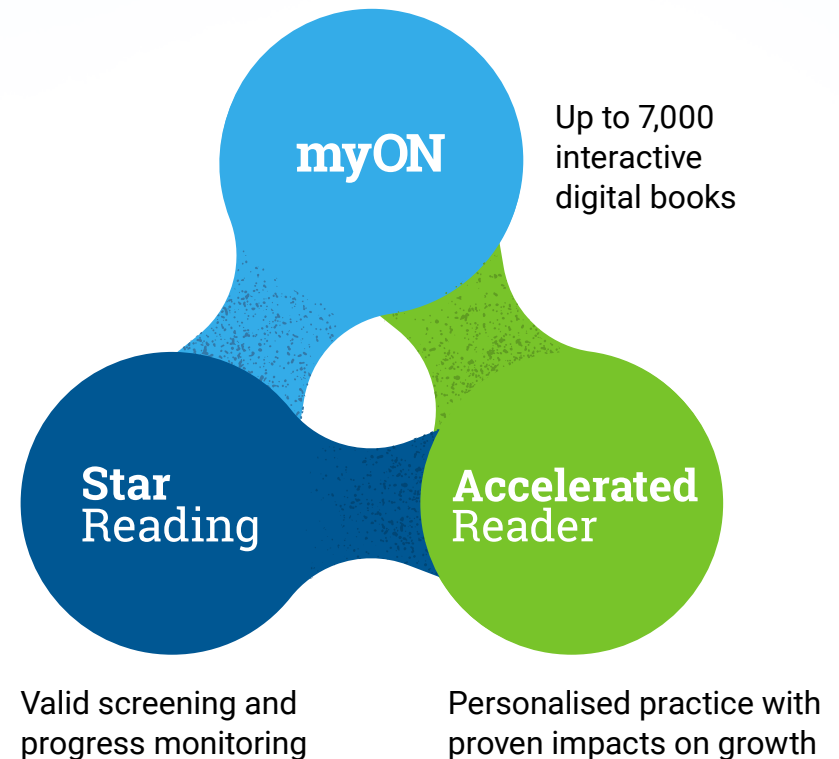

Engaging multimedia tools help students better understand the news while gaining digital skills.
